85 authentic recipes and 100 stunning photographs that capture the cultural and cooking traditions of the Italian South, from the mountains to the coast. In most cultures, exploring food means exploring history—and the Italian south has plenty of both to offer. The pasta-heavy, tomato-forward “Italian food” the world knows and loves does not actually represent the entire country; rather, these beloved and widespread culinary traditions hail from the regional cuisines of the south. Acclaimed author and food journalist Katie Parla takes you on a tour through these vibrant destinations so you can sink your teeth into the secrets of their rustic, romantic dishes. Parla shares rich recipes, both original and reimagined, along with historical and cultural insights that encapsulate the miles of rugged beaches, sheep-dotted mountains, meditatively quiet towns, and, most important, culinary traditions unique to this precious piece of Italy. With just a bite of the Involtini alla Piazzetta from farm-rich Campania, a taste of Giurgiulena from the sugar-happy kitchens of Calabria, a forkful of ‘U Pan’ Cuott’ from mountainous Basilicata, a morsel of Focaccia from coastal Puglia, or a mouthful of Pizz e Foje from quaint Molise, you’ll discover what makes the food of the Italian south unique. Praise for Food of the Italian South “Parla clearly crafted every recipe with reverence and restraint, balancing authenticity with accessibility for the modern home cook.”—Fine Cooking “Parla’s knowledge and voice shine in this outstanding meditation on the food of South Italy from the Molise, Campania, Puglia, Basilicata, and Calabria regions. . . . This excellent volume proves that no matter how well-trodden the Italian cookbook path is, an expert with genuine curiosity and a well-developed voice can still find new material.”—Publishers Weekly (starred review) “There’s There’s Italian food, and then there’s there’s Italian food. Not just pizza, pasta, and prosciutto, but obscure recipes that have been passed down through generations and are only found in Italy. . . . and in this book.”—Woman’s Day (Best Cookbooks Coming Out in 2019) “[With] Food of the Italian South, Parla wanted to branch out from Rome and celebrate the lower half of the country.”—Punch “Acclaimed culinary journalist Katie Parla takes cookbook readers and home cooks on a culinary journey.”—The Parkersburg News and Sentinel

Explore the hyperlocal approach of acclaimed chef Norbert Niederkofler, from his home in South Tyrol in the Italian Alps to the world and back. Norbert Niederkofler has dedicated his life and work to South Tyrol's culture and cuisine. He translates the beauty and vivid character of the mountains into his dishes at St. Hubertus, the only Michelin 3-starred restaurant with completely regional cuisine. Niederkofler's philosophy, summarized as "Cook the Mountain," is to choose local and seasonal ingredients only after talking to the producers and growers in person and to honor the ingredients by keeping food waste to a minimum. In the first volume of this 2-book set, brilliant photographs reveal both unspoiled landscapes and the agricultural and architectural changes humans have made in the past millennia. Striking portraits of locals capture the people and producers Niederkofler works with. Breathtaking food photography conveys the stunning ingredients and creations that Niederkofler develops. The second volume includes 80 of Niederkofler's recipes, divided into the four seasons to reflect his ethos of sustainability. Taken together, Cook the Mountain showcases the unique terroir and cuisine of South Tyrol through the eyes of Niederkofler, who has embraced his home and given it a new culinary identity.

A stunning collection of oceanic photography documenting the world's last pristine ocean. Due to its remoteness and harsh weather, Antarctica's Ross Sea remained free from human interference until 1996, when commercial fishing discovered it. Now that fishery removes 3,000 tons of fish annually, threatening to destroy the world's last intact ecosystem. The Last Ocean organization started in 2004, joining scientists and environmental groups in a campaign to have the entire Ross Sea designated as an international marine protected area. One of the founding members of The Last Ocean is John Weller, whose photographs from the Ross Sea were collected during four trips to the Antarctic, including a four-month stay at McMurdo and Cape Royds, home of the southernmost penguin colony in the world. Offering a rare glimpse into life at the edge of the world—from Emperor and Adélie penguins to silverfish, seals, and minke whales—Weller takes the reader on an unprecedented journey above and below the ocean surface. The Last Ocean is more than stunningly beautiful photography. It is a story central to our own: our struggle to sustain a population in a changing climate and with exponentially increasing pressures on world resources.

GRÄFE UND UNZER

The grown-up Germany of today is able to explore its cultural identity, including its food culture. For some years now, German food has seen a return to regionalism, and beloved traditional dishes have been rediscovered and revived, counteracting to some extent the effects of globalization and industrialization. As well, a host of new culinary traditions brought in with new immigrants makes for an exciting food scene. *Food Culture in Germany*, written by a native Berliner, is destined to become a classic as the best source in English for a thorough and up-to-date understanding of Germans and their food—the history, foodstuffs, cooking, special occasions, lifestyle eating habits, and diet and health. The Historical Overview chapter takes the reader on a culinary tour from ancient times through the Holy Roman Empire to the Lebensraum of Hitler and on to reunification of the two Germanys until today's return to normalcy. Chapter 2, Major Foods and Ingredients, highlights the classic German staples. Chapter 3, Cooking, discusses the family and gender dynamics plus cooking techniques and utensils, the German kitchen, and the professional chef as media figure phenomenon. The Typical Meals chapter gives an in-depth insider's look at how and what Germans eat today. Chapter 5, Eating Out, describes the wide range of opportunities for eating out, from grabbing Currywurst on the street, to lunching in office and school cafeterias, to meeting friends for coffee and cake at the Konditorei. German holidays and special occasions are elaborated on in the context of more secular and younger influences in Chapter 6. Chapter 7 covers the German diet and the strong interest in health in the country, with its holistic roots. Food safety, a big topic in Europe today, is also discussed at length. An introduction, chronology, glossary, resource guide, selected bibliography, and illustrations complete this outstanding resource.
