In the beginning everything is fresh and new. Learning how to cast a circle, work magick, compile a Book of Shadows, and honor the God and Goddess on esbats and sabbats can be exhilarating. But once you've mastered the basics of Witchcraft comes the real

challenge of living your faith every moment of every day. Living as a Witch is knowing that you are the magick. *Advanced Witchcraft* doesn't contain any "Wicca 101" information—it assumes that you're already familiar with the nuts and bolts of the Craft. Instead, this book challenges you to think critically about your beliefs and practices, what they mean to you, how they've changed, and where you're going. Along the way you'll also learn many techniques for intermediate and advanced Witches, including: —Meeting your shadow —Advanced warding and psychic self-defense —Power animals, familiars, and shapeshifters —Working the labyrinth and the maze —Advanced tree spirituality —Advanced augury and divination —Magick and ritual using the fine arts of storytelling, dance, music, art, and drama —The art of Wishcraft —Spirits and lost souls —Banishing and closing portals —The healing arts

Available Once Again—the Groundbreaking Guide to Qabalistic Pathworking Pathworking is one of the most powerful techniques employed in the practical Qabalah, the core of the Western Esoteric Tradition. Llewellyn is pleased to bring back—by popular demand—*Magical States of Consciousness*, the classic text by renowned magicians Osborne Phillips and the late Melita Denning that first made the practice of pathworking widely available. Revealed here are the methods by which deep dimensions of the human psyche may be reached—dimensions that give you access to profound knowledge and the power of creation. Ascend the Tree of Life to enter the Sphere of Tiphareth, the seat of the Higher Self. Train your mind and imagination, enhance your physical and emotional health, gain knowledge and spiritual initiation, experience adventure and self-empowerment—all through Qabalistic pathworking. Designed for both the beginner and the established mage, this sought-after book includes the complete narrative texts for the inward journeys of classic pathworking. Plus, mandalas are included that serve as gateways to altered states of consciousness and magical images of the Sephirothic archetypes—the sources of mystical power which exist not only cosmically but in the depths of each person's own being.

**The Initiate's Ascent of the Middle Pillar** Weiser Books Dolores Ashcroft-Nowicki, an internationally known esoteric teacher, teams up with her daughter, Tamara, to reveal the pathworkings (or guided meditations) used by The Servants of the Light School to help students train their consciousness to access cosmic wisdom. Within the mind of every human being is a cosmos that matches the physical cosmos atom for atom. If you can learn how to tap the motherlode of wisdom in your inner cosmos, virtually anything in the universe comes within the realm of your understanding. You will cultivate your visualization skills, feed your creativity, and understand the true potency of rituals performed by only using your imagination! These pathworkings take you through ancient civilizations Egypt, Greece, Celtia, and Alexandria and even into the new millennium. You'll find your way into the mystical realms of the Tree of Life, the Angelic, and Elemental worlds, or explore shamanic workings, the Craft, and the Fairy Faith. From each pathworking you will gain new insight into timeless truths, and the wide variety of pathworkings in this book will help you find a path that works best for you. You can also refer to a working that is appropriate for the specific life situation in which you find yourself. Soon you'll be able to project your consciousness into astral scenery of your own making to find solutions to your personal challenges or to open up new opportunities in your life. If you can visualize it, you can make it happen!

Using Tarot Talismans for Ritual & Initiation Llewellyn Worldwide  
A comprehensive overview of the Western perennial tradition--

the hermetic tradition and the ancient earth wisdom of shamanic indigenous peoples • Provides practical exercises to reawaken mystical awareness and reconnect with the ancient mystery traditions of our ancestors • Reveals how earth wisdom and high magic complement one another In *Walkers Between the Worlds*, the authors reveal the development of both these traditions that were never far beneath the surface of Western culture and how they complement each other. As the orthodox structures of the West appear increasingly hollow and irrelevant, the Western way trod by the shaman and the magus remains vital, with many practical methods for reawakening awareness and reconnecting with the earth. In addition to its in-depth theoretical analysis, *Walkers Between the Worlds* contains practical exercises drawn from traditional teaching methods used by both native and hermetic traditions to help the reader explore these mysteries.

In this groundbreaking book, Knight shows how the Qabalah and its basic diagram, the Tree of Life, is a system of relationships among mystical symbols that can be used to gain access to the hidden reaches of the mind. He also demonstrates how the Qabalah is applicable to all mystical traditions and religious beliefs, including Christian mysticism, Greek, Egyptian and Celtic mythologies, and even Native American beliefs. It is indeed symbolic of our universal search for the Divine. Included here are two books in one. The first compares the Western Mystery Tradition with the Eastern system of yoga, analyzes the Tree of Life in full detail, and describes the practical application and theories of Qabalistic symbolism. The second gives the most comprehensive analysis ever published of the twenty-two 'Paths of Concealed Glory' that join the Spheres of the Tree of Life taking into account the Hebrew alphabet, astrological signs, and tarot trumps. A large section explores the history of tarot design and the varying systems of correspondence with the Tree of Life.

An occult classic and a Dion Fortune bestseller of strongly growing interest. Fortune was one of the first to bring this "secret

tradition" to a wider audience with her clear and comprehensive exploration of the Qabalah tradition. The Mystical Qabalah remains a classic in its clarity, linking the broad elements of Jewish traditional thought—probably going back to the Babylonian captivity and beyond—with both Eastern and Western philosophy and later Christian insights. The Qabalah could be described as a confidential Judaic explanation of the paradox of "the Many and the One"—the complexity and diversity within a monotheistic unity. Whereas the Old Testament outlines the social and psychological development of a tightly knit "chosen group" culture, the supplementary Qabalah provides a detailed plan of the infrastructure behind the creative evolutionary process. The Mystical Qabalah devotes a chapter to each of the ten schematic "God-names," the qualities or Sephiroth which focus on the principal archetypes behind evolving human activity: the Spiritual Source; the principles of Force and Form; Love and Justice; the Integrative principle or the Christ Force; Aesthetics and Logic; the dynamics of the Psyche; and, finally, the Manifestation of life on Earth in a physical body.
