The D. A.'s brass, a sheriff's deputy, and a rough-and-tumble bagman are unknowingly chasing a nightmare in this thrilling novel from the author of "some of the most powerful crime novels ever written" (New York Times). Los Angeles, 1950 Red crosscurrents: the Commie Scare and a string of brutal mutilation killings. Gangland intrigue and Hollywood sleaze. Three cops caught in a hellish web of ambition,

perversion, and deceit. Danny Upshaw is a Sheriff's deputy stuck with a bunch of snuffs nobody cares about; they're his chance to make his name as a cop...and to sate his darkest curiosities. Mal Considine is D.A.'s Bureau brass. He's climbing on the Red Scare bandwagon to advance his career and to gain custody of his adopted son, a child he saved from the horror of postwar Europe. Buzz Meeks-bagman, ex-Narco goon, and pimp for Howard Hughes-is fighting communism for the money. All three men have purchased tickets to a nightmare.

PACIFIERS ARE NOT FOREVER

Simon and Schuster
From Colleen Hoover, the #1 New York Times bestselling author of It Ends With Us, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up.

He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly. Gruhn's Guide to Vintage Guitars Simon and Schuster

21 Dirty Tricks at Work

Simon and Schuster
The sexiest, most mysterious Burke brother of all peels back his stage persona to reveal the real man—and the rock-hard body—behind the rockstar in the banging fourth book from New York Times bestselling author Emma Hart's hot new adult series that began with *Dirty Past*, *Dirty Secret*, and *Dirty Lies*. After witnessing an endless string of late nights, long tours, and eager groupies her world-famous father could never resist, Chelsey Young knows the dirty truth behind the glamorous façade of the

rockstar life. Which is exactly why she takes hot as hell guitarist Kye Burke to bed when he decides he wants her. One night. That's how rockstars roll. Unless your name is Kye Burke. The quietest of all his brothers, Kye's style has never really been pumping and dumping, so pursuing Chelsey isn't a hard choice for him. The hard part is keeping hold of the girl who's hotter than the Sahara one minute then so cold even Antarctica wouldn't touch her the next...despite the fact that they can't stay away from each other. The fact that he's about to leave for L.A. to record the newest Dirty B. album doesn't work in his favor, either. A long-distance relationship is the reason Chelsey's parents divorced, and she's sworn them off. Completely. Forever. No way. Kye has two weeks to prove to Chelsey that he isn't the kind of man her father is. She has two weeks to convince him that it's never going to happen. But Kye didn't get where he is by giving up...and even if it's the fight of his life, there's no way he's giving Chelsey up.

Stories centuries in the making, and many centuries worth of stories, are an integral part of modern society. Whether modern or ancient, every culture has its myths. Mythology forms our understanding of our origin, history, and traditions. They tell of our heroes and deities. Myths are vehicles for understanding religion, for learning language, and for understanding society, but they can often be difficult to understand and confusing. The Handy Mythology Answer Book examines and explains, in plain English, numerous myths and mythology. From the ancient Greek and Roman to Egypt and Babylon, from Native North American Indian to Celtic, Middle Eastern, Indian, Asian, African, and the lesser known myths from around the world,

The Handy Mythology Answer Book has them covered. Whether it is the modern retelling of a classic myth or an ancient story about a Norse god, this helpful resource demystifies the myth, looks at different archetypes and motifs, and even shows how myths help explain our existence and institutions. It answers nearly 600 questions and offers fun facts about the treachery and violence, the inspirational and epic, the supernatural monsters and heroic mortals found in mythology, such as How and when did myths originate? What are the three primary myth types? What is the nature of Creation Myths? How can myths be compared to dreams? Why do humans tell myths? What was the Egyptian Book of the Dead? How is the epic of Gilgamesh like later epics? Why is the biblical flood story so like the Babylonian flood myth? What was the myth of Theseus, the Labyrinth, and the Minotaur? What are the Homeric Hymns? How and why are the Odyssey and the Iliad so different from each other? What is the popular appeal of the Odyssey? Did the Greeks see these myths as religion or as

entertainment? What was the background myth of the Oedipus plays? What was the nature of Roman mythology during the Roman Republic? What was the Metamorphosis? How did Christian narrative and tradition fit into and come to dominate the Roman mythological tradition? How is Celtic culture and mythology related to the culture and mythology of Greek, Roman, and other cultures? How did the Vedas contribute to Hindu mythology? Who invented Chinese writing? What was the Aztec pantheon? What is the story of the Cherokee Grandmother Sun? Who are some Native American tricksters? What is the story of Schrödinger's Cat? How did Freud use myths? How is myth used in politics? A glossary of commonly used terms and an appendix of parallel mythology exploring universal themes, motifs, and archetypes from across various cultures further explains the world of mythology. [Those Mean Nasty Dirty Downright Disgusting but...Invisible Germs](#) Simon and Schuster Builds on the tradition of Kevin Phillips's The Emerging Republican

Majority, forecasting a progressive era as indicated by a rise of a diverse post-industrial society and current opinions on such topics as health care and the environment. Reprint.

It's been three years since

I set foot in Club Explicit,

and three long years since I set eyes on Andy Morgan. He doesn't want me here, doesn't want to know me, doesn't want to even hear my name. But I'm back on his doorstep, in his office, in his life... with a suitcase full of dirty bad secrets. Faye Devere is out to claim her old life back. Three years in Italy have come at a heavy price, and she's running back to the only anchor she has left: her fifty-fifty share of Club Explicit, and the man she left to pick up her pieces. But Andy Morgan's long over it.

Long over her. Club

Explicit is his baby now.

His club, his rules, his

certainly not with the

The Big Nowhere W. W. Norton & Company
 Downright Filthy Pitching - The Science of Effective Velocity (EV) is the study of baseball pitch speeds and how location changes the reaction time of the hitter. This science answers why pitchers are great one day and awful the next and why hitters fall into slumps with no answers. For the first time there is scientific proof that will teach pitchers how to go from having 'Nasty Stuff' to becoming 'Downright Filthy'. This book series shows you how to maximize the effects of every pitch in your arsenal, like time management for pitch speed usage. This is the first provable explanation for why certain pitches are swung on and missed one day and hit out of the yard the next. EV gives pitchers a detailed plan to help them maximize their deception.....and yes, deception is now measurable and can be practiced. The only scientific pitch calling method has been implemented by Collegiate programs in baseball and softball throughout the country and with many Major League pitchers, catchers and coaches. EV has uncovered the truth

behind some longtime myths about pitching. Find out why: 'Shorter Pitchers' may actually be far more deceptive' - 'Outside fastball is not the best pitch in baseball' - 'Keeping the ball down is killing you' and many other myths explained through this new set of goggles that has changed the game. You will never look at the game of baseball the same way again.

The Short: Dirty Little Freaks is the story of Jade Daniels, a tough girl full of secret dreams and desires who learns that sometimes the biggest walls need to be torn down in order to build something beautiful from the ruins. The Long: Meet Jade Daniels, she hates her name, hates her life and hates people in general. She loves sex, loves her roommate, and loves her secret obsession, learning. Now she loves a guy with a stunning green mohawk, lickable abs and a mind as filthy as hers. But Jade learned long ago that nothing but misery lasts forever, and happiness is fleeting at best. Or is it? A punk rock story about lust, love, and all the naughty bits in

between.***Rated 18+Please understand that this book is full of swearing and sex and drugs. I don't control what my characters do or think, so don't shoot me off a bunch of angry emails because you got fired for reading it at work, or God is going to smite you for laughing, or you caught your husband jerking it to the sex scenes. This is also a work of fiction. Seriously, dude. If you feel compelled to have casual, unprotected sex or shove coke up your ass because you read about it somewhere, frealz, you need help. Unprotected sex often leads to gross diseases and even worse, babies. And yeah, drugs are bad...mmkay? So, I guess that about covers it
