THE WORLD THROUGH A FEMINIST LENS For Nivedita Menon, feminism is not about a moment of final triumph over patriarchy but about the gradual transformation of the social field so decisively that old markers shift forever. From sexual harassment charges against international figures to the challenge that caste politics poses to feminism, from the ban on the veil in France to the attempt to impose skirts on international women badminton players, from queer politics to domestic servants' unions to the Pink Chaddi campaign, Menon deftly illustrates how feminism complicates the field irrevocably. Incisive, eclectic and politically engaged, *Seeing Like a Feminist* is a bold and wide-ranging book that reorders contemporary society.

From the author of *Orwell's Roses*, a personal, lyrical narrative about storytelling and empathy—a fitting companion to Solnit's *A Field Guide to Getting Lost* Finalist for the National Book Critics Circle Award In this exquisitely written book by the author of *A Paradise Built in Hell*, Rebecca Solnit explores the ways we make our lives out of stories, and how we are connected by empathy, by narrative, by imagination. In the course of unpacking some of her own stories—of her mother and her decline from memory loss, of a trip to Iceland, of an illness—Solnit revisits fairytales and entertains other stories: about arctic explorers, Che Guevara among the leper colonies, and Mary Shelley's *Dr. Frankenstein*, about warmth and coldness, pain and kindness, decay and transformation, making art and making self. Woven together, these stories create a map which charts the boundaries and territories of storytelling, reframing who each of us is and how we might tell our story.

Journalist Rebecca Traister's New York Times bestselling exploration of the transformative power of female anger and its ability to transcend into a political movement is "a hopeful, maddening compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively" (Vanity Fair). Long before Pantsuit Nation, before the Women's March, and before the #MeToo movement, women's anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women's slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. "Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals" (The Washington Post). In *Good and Mad*, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women's anger at both men and other women; anger between ideological allies and foes; the varied ways anger is received based on who's expressing it; and the way women's collective fury has become transformative political fuel. She deconstructs society's (and the media's) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous, stultifying effect, *Good and Mad* is "perfectly timed and inspiring" (People, Book of the Week). This "admirably rousing narrative" (The Atlantic) offers a glimpse into the galvanizing force of women's collective anger, which, when harnessed, can change history.

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like *Men Explain Things to Me* by Rebecca Solnit, *Milk and Vine: Inspirational Quotes from Classic Vines* by Emily Beck, and *Awards For Good Boys: Tales Of Dating, Double Standards, And Doom* by Shelby Lorman.

Feminist essays for the #MeToo era from "the voice of the

resistance," the international bestselling author of *Men Explain Things to Me* (The New York Times Magazine). Who gets to shape the narrative of our times? The current moment is a battle royale over that foundational power, one in which women, people of color, non-straight people are telling other versions, and white people and men and particularly white men are trying to hang onto the old versions and their own centrality. In *Whose Story Is This?* Rebecca Solnit appraises what's emerging and why it matters and what the obstacles are. Praise for Rebecca Solnit and her essays "Rebecca Solnit is essential feminist reading." —The New Republic "In these times of political turbulence and an increasingly rabid and scrofulous commentariat, the sanity, wisdom and clarity of Rebecca Solnit's writing is a forceful corrective. *Whose Story Is This?* is a scorchingly intelligent collection about the struggle to control narratives in the internet age." —The Guardian "Solnit's passionate, shrewd, and hopeful critiques are a road map for positive change." —Kirkus Reviews "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy." —Elle "Rebecca Solnit reasserts herself here as one of the most astute cultural critics in progressive discourse." —Publishers Weekly "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, founder of 350.org

American Crises (and Essays) Penguin

The author of *Men Explain Things to Me* explores the moments of altruism and generosity that arise in the aftermath of disaster. Why is it that in the aftermath of a disaster? whether manmade or natural? people suddenly become altruistic, resourceful, and brave? What makes the newfound communities and purpose many find in the ruins and crises after disaster so joyous? And what does this joy reveal about ordinarily unmet social desires and possibilities? In *A Paradise Built in Hell*, award-winning author Rebecca Solnit explores these phenomena, looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax, Nova Scotia, the 1985 Mexico City earthquake, 9/11, and Hurricane Katrina in New Orleans. She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities, as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis. This is a timely and important book from an acclaimed author whose work consistently locates unseen patterns and meanings in broad cultural histories.

American Contempt for Liberty Penguin

This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

"[A] call to arms that takes on a range of social and political problems in America—from racism and misogyny to climate change and Donald Trump" (Poets & Writers). National Book

Award Longlist Winner of the Kirkus Prize for Nonfiction Winner of the Foreword INDIE Editor's Choice Prize for Nonfiction Rebecca Solnit is the author of more than twenty books, including the international bestseller *Men Explain Things to Me*. Called "the voice of the resistance" by the *New York Times*, she has emerged as an essential guide to our times, through incisive commentary on feminism, violence, ecology, hope, and everything in between. In this powerful and wide-ranging collection of essays, Solnit turns her attention to the war at home. This is a war, she says, "with so many casualties that we should call it by its true name, this war with so many dead by police, by violent ex-husbands and partners and lovers, by people pursuing power and profit at the point of a gun or just shooting first and figuring out who they hit later." To get to the root of these American crises, she contends that "to acknowledge this state of war is to admit the need for peace," countering the despair of our age with a dose of solidarity, creativity, and hope. "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy." —Elle "Solnit is careful with her words (she always is) but never so much that she mutes the infuriated spirit that drives these essays." —Kirkus Reviews (starred review) "Solnit [is] a powerful cultural critic: as always, she opts for measured assessment and pragmatism over hype and hysteria." —Publishers Weekly "Essential reading for anyone living in America today." —The Brooklyn Rail

How Male Privilege Hurts Women Pocket Books

Throughout history, personal liberty, free markets, and peaceable, voluntary exchanges have been roundly denounced by tyrants and often greeted with suspicion by the general public. Unfortunately, Americans have increasingly accepted the tyrannical ideas of reduced private property rights and reduced rights to profits, and have become enamored with restrictions on personal liberty and control by government. In this latest collection of essays selected from his syndicated newspaper columns, Walter E. Williams takes on a range of controversial issues surrounding race, education, the environment, the Constitution, health care, foreign policy, and more. Skewering the self-righteous and self-important forces throughout society, he makes the case for what he calls the "the moral superiority of personal liberty and its main ingredient—limited government." With his usual straightforward insights and honesty, Williams reveals the loss of liberty in nearly every important aspect of our lives, the massive decline in our values, and the moral tragedy that has befallen Americans today: our belief that it is acceptable for the government to forcibly use one American to serve the purposes of another.

The Extraordinary Communities That Arise in Disaster

Grand Central Publishing

Finalist for the National Book Critics Circle Award for Nonfiction
Finalist for the PEN/Jacqueline Bograd Weld Award for Biography
"An exhilarating romp through Orwell's life and times and also through the life and times of roses." —Margaret Atwood "A captivating account of Orwell as gardener, lover, parent, and endlessly curious thinker." —Claire Messud, Harper's "Nobody who reads it will ever think of *Nineteen Eighty-Four* in quite the same way." —Vogue A lush exploration of politics, roses, and pleasure, and a fresh take on George Orwell as an avid gardener whose political writing was grounded by his passion for the natural world "In the spring of 1936, a writer planted roses." So begins Rebecca Solnit's new book, a reflection on George Orwell's passionate gardening and the way that his involvement with plants, particularly flowers, illuminates his other commitments as a writer and antifascist, and on the intertwined politics of nature and power. Sparked by her unexpected encounter with the roses he reportedly planted in 1936, Solnit's

account of this overlooked aspect of Orwell's life journeys through his writing and his actions—from going deep into the coal mines of England, fighting in the Spanish Civil War, critiquing Stalin when much of the international left still supported him (and then critiquing that left) to his analysis of the relationship between lies and authoritarianism. Through Solnit's celebrated ability to draw unexpected connections, readers are drawn onward from Orwell's own work as a writer and gardener to encounter photographer Tina Modotti's roses and her politics, agriculture and illusion in the USSR of his time with forcing lemons to grow in impossibly cold conditions, Orwell's slave-owning ancestors in Jamaica, Jamaica Kincaid's examination of colonialism and imperialism in the flower garden, and the brutal rose industry in Colombia that supplies the American market. The book draws to a close with a rereading of *Nineteen Eighty-Four* that completes Solnit's portrait of a more hopeful Orwell, as well as offering a meditation on pleasure, beauty, and joy as acts of resistance.

Part manual, part manifesto, a humorous yet incisive guide to navigating subtle sexism at work—a pocketbook *Lean In* for the BuzzFeed generation that provides real-life career advice and humorous reinforcement for a new generation of professional women. It was a fight club—but without the fighting and without the men. Every month, the women would huddle in a friend's apartment to share sexist job frustrations and trade tips for how best to tackle them. Once upon a time, you might have called them a consciousness-raising group. But the problems of today's working world are more subtle, less pronounced, harder to identify—and, if Ellen Pao is any indication, harder to prove—than those of their foremothers. These women weren't just there to vent. They needed battle tactics. And so the fight club was born. Hard-hitting and entertaining, *Feminist Fight Club* blends personal stories with research, statistics, infographics, and no-bullsh*t expert advice. Bennett offers a new vocabulary for the sexist workplace archetypes women encounter everyday—such as the Manterrupter who talks over female colleagues in meetings or the Himitator who appropriates their ideas—and provides practical hacks for navigating other gender landmines in today's working world. With original illustrations, *Feminist Mad Libs*, a Negotiation Cheat Sheet, as well as fascinating historical research and a kit for "How to Start Your Own Club," *Feminist*

Fight Club tackles both the external (sexist) and internal (self-sabotaging) behaviors that plague today's women—as well as the system that perpetuates them.

Hope in the Dark Haymarket Books

From the author of *Bunny*, which Margaret Atwood hails as “genius,” comes a “wild, and exhilarating” (Lauren Groff) novel about a theater professor who is convinced staging Shakespeare's most maligned play will remedy all that ails her—but at what cost? Miranda Fitch's life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage, and a deepening dependence on painkillers. And now, she's on the verge of losing her job as a college theater director. Determined to put on Shakespeare's *All's Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda sees her chance at redemption slip through her fingers. That's when she meets three strange benefactors who have an eerie knowledge of Miranda's past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what's coming to them, and the invisible doubted pain that's kept her from the spotlight is made known. With prose Margaret Atwood has described as “no punches pulled, no hilarities dodged...genius,” Mona Awad has concocted her most potent, subversive novel yet. *All's Well* is a “fabulous novel” (Mary Karr) about a woman at her breaking point and a formidable, piercingly funny indictment of our collective refusal to witness and believe female pain.

Good and Mad Bloomsbury Publishing

“[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book

came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium.” —Bill McKibben, New York Times–bestselling author of *Falter* “An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.” —The New Yorker
