Written in a conversational style, the book covers essential topics such as banking, interest, insurance, taxes, depreciation, inventory, and financial statements. It carefully explains common business practices such as markup, markdown, and cash discounts-- showing students how these tools work in small business or personal finance. Authors encourage self-starters from the beginning, with the review of basic math, annotated examples, stop and check exercises, skill builders and application exercises. This edition includes

updated problem sets, new trends and laws, a revised financial statements chapter and the one-of-a- kind MyMathLab website. 0321924304 / 97803219243 08 Business Math Plus MyMathLab -- Access Card Package Package consists of: 0133011208 / 97801330112 03 Business Math 0321431308 / 97803214313 01 MyMathLab/M yStatLab -- Glue-in Access Card	0321654064 / 97803216540 69 MyMathLab Inside Star Sticker <i>Mathematics for Business and Personal Finance, Student Edition</i> McGraw- Hill/Irwin The Complete Classroom Set, Print & Digital includes: 30 print Student Editions 30 Student Learning Center subscriptions 1 print Teacher Edition 1 Teacher Lesson Center subscription <i>Mathematics with Business</i>	<i>Applications, Student Activity Workbook</i> McGraw- Hill/Glencoe Softbound Interactive Student Text is divided into a two-volume set that is perfed and 3- hole punched for easy organization for middle school students. comprehensive text that covers all the skills students need to manage their personal finances and excel at their first jobs and in everyday life. Math with Business Applications is a three-part program that takes students from basic math concepts to sophisticated financial strategies. Basic Math Skills reviews the fundamental math operations, Personal Finance teaches

money management skills, and Business Math provides a thorough primer on launching and running a business. Math with Business Applications contains lessons, workshops, features and activities that comprise a well-rounded program. Cumulative Test Prep prepares students to take the Mathematics with Business Applications tests with more success. Math Studio: A

Creative Lab features seven hands-on group projects that develop students' reading, writing, communications, and math skills. Practicing Life Skills Lab provides a hands-on approach to applying math in the real world. Living in the Real World takes a single story and weaves it throughout each section of a chapter.
