This historical adventure trilogy opener follows an ancient Greek boy as he grows into a legendary hero with a hand in the fall of Troy. As a young boy in Ithaca, Odysseus listens in wonder to his grandfather Autolykos, a man feared by many across the land as a ruthless fighter. He learns of his heritage and a lifelong passion is sparked: to become an adventurer and warrior. In Mycenae, he meets King Eurystheus and learns the

terrible story of Hercules—the man with god-like strength who slaughtered his family and was punished by the King to undertake impossible tasks to earn absolution. But is Eurystheus the man he says he is? When a child comes to Odysseus in the middle of the night, with another, very disturbing, version of what happened that fateful night, Odysseus embarks on the first of his extraordinary quests... So begins the epic story of Odysseus, the first of two volumes: an adventure of love, war, courage and heroism, weaving from a small rocky island in Greece, to the mighty fall of Troy. Praise for Odysseus: The Oath “A tantalizing story. . . . This is a beautifully told tale, and fans of novels about the great characters of Greek mythology will relish the story and eagerly await the final volume.” —Booklist “If you love the

classics, you will enjoy Professor Manfredi's rendition of the tale of Odysseus. . . . The story is beautifully told. . . . The author's descriptions of the journey and battles are as exciting as Homer's (I thought) but softened by Odysseus' and Penelope's love story. All in all, a first-rate book that really shouldn't be missed." —Historical Novel Society

Daniel Pennac has never forgotten what it was like to be a very unsatisfactory student, nor the day one of his teachers saved his life by assigning him the task of writing a novel. This was the moment Pennac realized that no-one has to be a failure for ever. In *School Blues*, Pennac explores the many facets of schooling: how fear makes children reject education; how children can be captivated by inventive thinking; how consumerism has altered attitudes to learning. Haunted by memories of his own turbulent time in the classroom, Pennac enacts dialogues with his teachers, his parents and his own students, and serves up much more than a bald analysis of how young people are consistently failed by a faltering system. *School Blues* is not only universally applicable, but it is unquestionably a work of literature in its own right, driven by subtlety, sensitivity and a passion for

pedagogy, while embracing the realities of contemporary culture.

This graphic novel is set in Italy in 2048. Raniero is a fifty-something psychologist whose marriage is failing. In the sky, strange bright triangles appear, bearing mysterious messages from an extraterrestrial civilization. Dora, his young patient, is part of the "New" Convention, a movement of young people preaching free love and alternative models to coupling and family. She declares that her telepathic abilities can parse the signal — a warning of some kind. Initially skeptical, Raniero's curiosity and attraction grows. *The Interview* is a science fiction novel that eschews the stars in favor of the delicate, fragile, interior world of human emotion. *La "storia" senza storia* Pan Macmillan Full of passion, courage and magic, *Spartan* is an enthralling novel of the ancient world. *The Return: Odysseus 2* Vintage Crime/Black Lizard Analyses by author, title and key word of

Valerio Massimo Manfredi's *The Oracle* is a modern thriller inspired by an ancient prophecy. 1973. Professor Periklis Harvatis, working alone and late into the night on an important archaeological dig, unearths a magnificent golden vase upon which the enigmatic images of a long-lost second *Odyssey* are engraved, showing the mystery of Ulysses' final voyage. But in the very same chamber, the Professor sees something so frightening that less than seven hours later he dies . . . but not before he has ensured the safety of the vase. Ten years later, a series of gruesome deaths connected to the rape and murder during the student protests in Athens of a Greek woman, on the same night as Professor Harvatis's discovery, is perplexing the authorities. Each atrocity is accompanied by a dire quotation from the ancient sources, exposing an ingeniously cruel mind. Who is behind these murders? How are these two events connected? And

what is the significance of the age-old prophecy of the Odyssey?

Cos'è un incipit? Un incipit è un inizio.

L'inizio. Di una storia, di un viaggio.

L'incipit è una partenza per un luogo, l'origine di un itinerario prestabilito o sconosciuto. Il luogo, o il momento, in cui si intraprende qualcosa di nuovo. Un incipit è la formula iniziale con cui si comincia una narrazione, una formula da cui dipenderà il grado di attenzione del

lettore. In queste prime battute, infatti, un narratore pone le regole dell'universo narrativo che sta creando. L'incipit come origine di un percorso, dunque. Come gesto che dà inizio a un universo parallelo, un universo che risponde a regole diverse rispetto a quelle a cui siamo abituati. Ecco allora una raccolta di circa 1600 incipit tra i quali trovare quello che ci ha più emozionato, quello che vorremmo aver scritto, quello che vorremmo usare per comunicare qualcosa al mondo. Una raccolta di incipit da vivere, con cui giocare - da soli o in compagnia - a trovare corrispondenze, rimandi, assonanze. Un libro per tutti gli amanti della lettura.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his

favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read. Profumo di gelsomino Fantagraphics Books Valerio Massimo Manfredi's Tyrant starts in Sicily 412 BC: the infinite duel between a man and a superpower begins. The man is Dionysius, who has just made himself Tyrant of Syracuse. The superpower Carthage, mercantile megalopolis and mistress of the seas. Over the next eight years, Dionysius' brutal military conquests will strike down countless enemies and many friends to make Syracuse the most

powerful Greek city west of mainland Greece. He builds the largest army of antiquity and invents horrific war machines to use against the Carthaginians, who he will fight in five wars. But who was Dionysius? Historians have condemned him as one of the most ruthless, egocentric despots. But he was also patron of the arts, a dramatist, poet and tender lover.

"To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting it's bad for them. They think we want what they got . . . That's why they don't want us reading." -- Nightjohn "I didn't know what letters was, not what they meant, but I thought it might be something I wanted to know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope around his neck, his body covered in scars. He had escaped north to freedom, but he

came back--came back to teach reading. Knowing that the penalty for reading is dismemberment Nightjohn still returned to slavery to teach others how to read. And twelve-year-old Sarny is willing to take the

risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously
