Death Masks Tor Books
"This is the most fun I've had with a book this year. Every page is a delight and the mystery got its hooks into me from the first chapter." - Stuart Turton, bestselling author of *The 7½ Deaths of Evelyn Hardcastle* The letter was short. A name, a time, a place. Marion Lane and the *Midnight Murder* plunges readers into the heart of London, to the secret tunnels that exist far beneath the city streets. There, a mysterious group of detectives recruited for Miss Brickett's Investigations & Inquiries use their cunning and gadgets to solve crimes that have stumped Scotland Yard. Late one night in April 1958, a filing assistant at Miss Brickett's receives a letter of warning, detailing a name, a time, and a place. She goes to investigate but finds the room empty. At the stroke of midnight, she is murdered by a killer she can't see—her death the only sign she wasn't

alone. It becomes chillingly clear that the person responsible must also work for Miss Brickett's, making everyone a suspect. Marion Lane, a first-year Inquirer-in-training, finds herself drawn ever deeper into the investigation. When her friend and colleague is framed for the crime, to clear his name she must sort through the hidden alliances at Miss Brickett's and secrets dating back to WWII. Masterful, clever and deliciously suspenseful, *Marion Lane and the Midnight Murder* is a fresh take on the Agatha Christie-style locked-room murder mystery, with an exciting new heroine detective. *Strange California* Storyjitsu When federal agents learn that seventeen-year-old Cassel Sharpe, a powerful transformation worker, may be of use to them, they offer him a deal to join them rather than the mobsters for whom his brothers work. *A Novel* Jabberwocky Literary Agency, Inc. BODY AND SOUL The song. That's what London constable and sorcerer's apprentice Peter Grant

first notices when he examines the corpse of Cyrus Wilkins, part-time jazz drummer and full-time accountant, who dropped dead of a heart attack while playing a gig at Soho's 606 Club. The notes of the old jazz standard are rising from the body—a sure sign that something about the man's death was not at all natural but instead supernatural. Body and soul—they're also what Peter will risk as he investigates a pattern of similar deaths in and around Soho. With the help of his superior officer, Detective Chief Inspector Thomas Nightingale, the last registered wizard in England, and the assistance of beautiful jazz aficionado Simone Fitzwilliam, Peter will uncover a deadly magical menace—one that leads right to his own doorstep and to the squandered promise of a young jazz musician: a talented trumpet player named Richard "Lord" Grant—otherwise known as Peter's dear old dad. **A Rivers of London** **Novella** Gollancz Wizard for hire Harry Dresden has to track

down the things that go bump in the night in this novel in Jim Butcher's #1 New York Times bestselling series. There's no love lost between Harry Dresden, the only wizard in the Chicago phone book, and the White Council of Wizards, who find him brash and undisciplined. But war with the vampires has thinned their ranks, so the Council has drafted Harry as a Warden and assigned him to look into rumors of black magic in the Windy City. As Harry adjusts to his new role, another problem arrives in the form of the tattooed and pierced daughter of an old friend—all grown up and already in trouble. Her boyfriend is the only suspect in what looks like a supernatural assault straight out of a horror film. Malevolent entities that feed on fear are loose in Chicago, but it's all in a day's work for a wizard, his faithful dog, and a talking skull named Bob...

Flame of Sevenwaters
Penguin

Now in paperback, the eighth book of the bestselling Rivers of London series returns to the adventures of Peter Grant, detective and apprentice wizard, as he solves magical crimes in the city of London. Peter

Grant is facing fatherhood, and an uncertain future, with equal amounts of panic and enthusiasm. Rather than sit around, he takes a job with émigré Silicon Valley tech genius Terrence Skinner's brand new London start up—the Serious Cybernetics Company. Drawn into the orbit of Old Street's famous 'silicon roundabout', Peter must learn how to blend in with people who are both civilians and geekier than he is. Compared to his last job, Peter thinks it should be a doddle. But magic is not finished with Mama Grant's favourite son. Because Terrence Skinner has a secret hidden in the bowels of the SCC. A technology that stretches back to Ada Lovelace and Charles Babbage, and forward to the future of artificial intelligence. A secret that is just as magical as it technological—and just as dangerous.

WORK DONE FOR HIRE

Gollancz

'People don't like dealing with people who raise the dead. Don't ask me why, but we make them nervous.' There's something about Leo Harlan that I don't like. He's asked me to reanimate his long-dead ancestor, and it seems like a perfectly ordinary case for someone like me: Anita Blake, preternatural expert, vampire hunter and raiser of the dead. So I agree - sometimes you deal with the devil not because you want to, but because if you don't, someone else will. But what he hasn't told me is that the corpse may hold the secret to an ancient crime that not everyone wants to be remembered. *A Rivers of London Short Story Collection* Titan Comics
