Search Press Limited  
Bargello needlepoint, which originated in  
sixteenth-century Italy, employs a simple  
stitch that is repeated over and over  
again to form a distinctive geometric  
pattern in vibrant colors. Our mothers  
and grandmothers whiled away their  
time with it in the 1960s and 70s, and  
bargello is now enjoying a revival among  
crafters. The technique lends itself to  
dramatic, wave-like designs in exciting,  
graduated colorways, and it's often used  
to create striking pillows, bags, belts,  
and purses. This new collection brings  
bargello designs up to date with 40  
stitch patterns, graded from beginner to

advanced. Sisters Laura and Lynsey Angell offer a brief history of the technique as well as tips on tools and materials plus a tutorial of the stitches. A wealth of designs follow, enhanced with full-color photos and easy-to-read charts. In addition to guidance for creating textures and smart finishes at edges and borders, the authors provide suggestions for using fancy and alternative yarns and experimenting with freestyle patterns.

Each of these twenty beautiful needlepoint designs from Jayne Schofield is accompanied by a full-color chart, key and general instructions. These fun, quirky designs in bright, contemporary colors are all small, measuring on

average approximately 10 x 12.5cm (4 x 5in), though the designs come in a variety of formats and include tall, narrow designs as well as squares. All the designs are worked on 10-hole canvas and there is a broad range of subjects to choose from, including a country cottage, flowers, hearts, a festive reindeer, a hen, owl and some sheep, to name a few. So, whatever the occasion, there is bound to be a design that suits it perfectly. There are general instructions and a simple stitch diagram at the beginning of the book, so even those new to needlepoint will be able to accomplish all of the projects. At the start of the book there is a double-page spread of basic techniques. Jayne uses Anchor threads and provides the code numbers for the colors used; however,

any suitable thread such as DMC or Madeira could be used.

The designs are suitable for traditional or modern rooms, and the projects include rugs, cushions and pictures, as well as ideas for adapting the designs into smaller projects. In this way, the design for a cushion translates into a single motif for a delicate linen tablecloth, and a rug chart can be used to create a pin-cushion. Full instructions and colour charts are given for every project.

Spike Milligan's legendary war memoirs are a hilarious and subversive first-hand account of the Second World War, as

well as a fascinating portrait of the formative years of this towering comic genius, most famous as writer and star of The Goon Show. They have sold over 4.5 million copies since they first appeared. 'The most irreverent, hilarious book about the war that I have ever read' Sunday Express 'Brilliant verbal pyrotechnics, throwaway lines and marvelous anecdotes' Daily Mail 'Desperately funny, vivid, vulgar' Sunday Times 'Keep talking, Milligan. I think I can get you out on Mental Grounds.' 'That's how I got in, sir.' 'Didn't we all.' The second volume of Spike Milligan's legendary recollections of life as a gunner in World War Two sees our hero into battle in North Africa - eventually. First, there is important preparation to be done: extensive periods of loitering

('We had been standing by vehicles for an hour and nothing had happened, but it happened frequently'), psychological toughening ('If a man dies when you hang him, keep hanging him until he gets used to it') and living dangerously ('no underwear!'). At last the battle for Tunis is upon them... 'That absolutely glorious way of looking at things differently. A great man' Stephen Fry 'Milligan is the Great God to all of us' John Cleese 'The Godfather of Alternative Comedy' Eddie Izzard 'Manifestly a genius, a comic surrealist genius and had no equal' Terry Wogan 'A totally original comedy writer' Michael Palin 'Close in stature to Lewis Carroll and Edward Lear in his command of the profound art of nonsense' Guardian Spike Milligan was one of the greatest

and most influential comedians of the twentieth century. Born in India in 1918, he served in the Royal Artillery during WWII in North Africa and Italy. At the end of the war, he forged a career as a jazz musician, sketch-show writer and performer, before joining forces with Peter Sellers and Harry Secombe to form the legendary Goon Show. Until his death in 2002, he had success as on stage and screen and as the author of over eighty books of fiction, memoir, poetry, plays, cartoons and children's stories.

The Impressionists in Needlepoint

Courier Corporation

Book One of the 'Bertie & Winnie' Series.

It's time for an adventure... Bertie

Longfellow is an old sea dog, a

wirehaired dachshund to be precise,

hiding away in an idyllic coastal cottage

far from his native England. He is a bit

set in his ways and wants nothing more

than a little peace and quiet. Having put

his past firmly behind him, he spends his

days in his dory or by his fireside with

only a talkative budgie for company.

That is, until a shy young red dachshund

named Winnie Wigglesworth comes

along and turns that world upside down. A charming tale told chiefly in stories and letters, The Tales of Bertie & Winnie enchants its readers with memories of long-lost love, far-flung relatives, tantalizing royal connections, a whiff of intrigue - and the extraordinary efforts of one long dog and her friends on both sides of the Atlantic to “rewrite” it all

with a suitably happy ending.

The Tales of Bertie & Winnie David & Charles

Twenty color charts, seventy full-color photographs, and detailed instructions highlight twenty-one original needlepoint projects--for placemats, chairseats, and rugs--inspired by famous Impressionist paintings. 15,000 first printing.
