703.648.8000 866.345.0983 info@idirect.net Satellite Communication Technology and Solutions - ST ... Satellite communications are radio transmissions in the Ku band of the electromagnetic spectrum. The Ku band is the same band that police officers use for their radar detectors. Ku Band satellite dishes transmit between a frequency of 14000 to 14500 MHz. They receive a frequency range between 11700 to 12750 MHz.
