LEWIS ORTIZ

Designing High-Density Cities | Taylor & Francis Group Designing
 High Density Cities ForHigh-density cities can support closer

amenities, encourage reduced trip lengths and the use of public
 transport and therefore reduce transport energy costs and carbon
 emissions. High-density planning also helps to control the spread
 of urban suburbs into open lands, improves efficiency in urban
 infrastructure and services, and results in environmental
 improvements that support higher quality of life in
 cities.Designing High-Density Cities: For Social and ...High-density
