Company Law S. Chand  
Publishing

This book offers a  
comparative review of the

ultra vires doctrine in  
corporate law. Divided  
into three main sections,  
it first provides a brief  
overview of the historical  
background and the scope

of the ultra vires doctrine. It then analyses the essential features of the doctrine in the common law and civil law traditions across the Western world. Lastly, the book examines the objects clause, procedural aspects, and the mechanism of ratification of such ultra vires acts. The book's comparative approach and global contextualization of the subject matter will be of interest to readers from around the globe, familiarizing them with legal provisions, case law,

and recent literature. Although it is primarily intended for scholars in the area of corporate law, it is also a valuable resource for professionals in the field of commercial law who deal with issues related to the capacity of firms and the powers of their directors. *Business Law* Edward Elgar Publishing Who can buy? Students of BBA, B.Com, and law must buy this book as it is in their syllabus. General students interested in running a business should know the acts given in

this book, so it is helpful for them as well. Business Regulatory Framework is specially designed to serve as an undergraduate textbook for B.Com. (Honors & General) students of the different universities across India. This book is designed especially to cater to the needs of commerce students, equipping them with a strong foundation for an understanding of the current business law situation. The book seeks to provide comprehensive coverage of the various

topics relating to business law. It offers content that is simple to understand but does not compromise on necessary technical detail.

### **BUSINESS LAW**

Edward Elgar Publishing  
Unlocking Company Law is the ideal resource for learning and revising Company Law. This 4th edition has been extensively updated, and this, along with its many pedagogical features, makes it the ideal companion for students studying Company Law.

Each chapter in the book contains:

- aims and objectives;
- activities such as self-test questions;
- charts of key facts to consolidate your knowledge;
- diagrams to aid memory and understanding;
- prominently displayed cases and judgments;
- chapter summaries;
- essay questions with answer plans.

In addition, the book features a glossary of legal terminology, making the law more accessible.

House  
The legal regulation of company shares is a fundamental building block in a capitalist society. This insightful book provides an historical analysis of the phenomenon, investigating underlying policy issues and considering relevant aspects of current law to explore possible future trends. David Milman examines the phenomenon of the company share in a holistic way, tracing the origins of the share and

exploring the diversity present within the family of shares. Using a comparative approach, key chapters consider the circumstances under which shares are acquired, the property law perspective relevant to shares and the rights and obligations of those who hold shares. The book concludes with speculation on how the share might evolve in the future in light of technological change and the development of other capital raising investments. This

accessible book will provide valuable insight to scholars researching corporate law. It will also be beneficial for policymakers and practitioners wishing to understand more about the history of the company share, and how this may impact its future. BUSINESS LAW, SECOND EDITION Blackstone Press Lee Roach's Company Law is a thoroughly modern textbook; written with exceptional clarity, the reader is effortlessly led through the complexities of the law.

Core principles are fully explained and explored, and consistently linked with fascinating, lively examples of the law in action. These frequent examples are designed to pique students' interest and ensure that they appreciate the vital importance of an effective, efficient system of company law. While focused fully on discussing law and legal issues, the book also responds to modern critiques of corporate regulation by linking the legal issues to debates

around corporate governance. The student is therefore given the complete picture: both how companies are regulated and why company law is so essential. Online Resources Extensive online resources provide significant additional support including: - Bonus chapter on insider dealing and market abuse - Practice questions and answers - Multiple choice questions - Further reading - Twitter feed (@UKCompanyLaw) and blog from the author

*Company Law* Bloomsbury Publishing

With particular emphasis on corporate governance and the theoretical bases underlying company law, this book focuses on key principles taught on undergraduate courses and is highly praised for its clarity of explanation and authoritative style.

**Business and Corporate Laws** Atlantic Publishers & Dist

This book is one of the first to link company law to the law of succession

by concentrating on family businesses. It shows that, to understand the legal framework underlying the daily operations of family businesses, one needs legal analysis, empirical data, psychological and sociological knowledge. The book works on the premise that, since many businesses have been founded by families, practitioners need to develop an understanding of the legal background of such businesses and build up experience to be able to create contracts, trusts,

foundations and other legal mechanisms to give shape to systems and procedures for the transfer of shares and control within the family. Comparing the national legal order, techniques, and mechanisms in a range of countries, the book examines parallel developments in these fields of law across the world. Finally, it demonstrates the room for companies, shareholders and the members of a family to develop individual solutions within the legal

framework for transferring businesses and shares to the next generation. Company Law and the Law of Succession Vikas Publishing House  
This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1919 edition. Excerpt: ... good faith and loyalty. He must not in connection with firm transactions and without the knowledge of his

copartners take any profits in which they do not share. If he does, such profits will be held to belong to the firm. A partner should not engage in business on his individual account which will lead him into competition with his firm. *Latta V. Kilbourn*, 150 U. S. 524 (1893). Latta and Kilbourn were partners in the real estate business, although they never speculated in real estate on the firm's account. Kilbourn engaged in real estate speculation on his own account, but this did

not interfere with the firm's business. Latta sued Kilbourn for an accounting and division of the profits. Held, as Kilbourn's speculation in real estate on his private account did not bring him into competition with his firm, he had not violated his duty of loyalty, and could not be compelled to turn over his profits. 380. Every partner owes his firm the duty of devoting himself to its business earnestly and diligently. If he neglects the firm business, his fellows may have the partnership

dissolved, and hold him liable for the losses sustained by the firm through his breach of duty. Usually in the absence of agreement, one partner cannot claim compensation for his services other than his share in the profits. Even though one partner becomes sick, and a great deal of additional work is thrown on the other partner, he is not entitled to extra compensation. (D) Partnership accounts 381. Each partner should inform his associates fully and accurately concerning

all transactions connected with the firm business. If one partner takes for himself anything which belongs to the firm, the other partners may make him account for a proportion thereof. So also upon the... Company law Vikas Publishing House The book is the outcome of the authors' long experience of teaching business law and company law to students pursuing undergraduate and postgraduate courses at the University of Delhi. This, in fact, has made it

possible for them to write on law without the use of legal jargon; thus ensuring that even the most complicated provisions of various legislations are explained in an easily comprehensible manner. This new edition of the book has been thoroughly updated and revised in accordance with the Companies Act, 2013. The amendments introduced by the Insolvency and Bankruptcy Code, 2016, through its Eleventh Schedule to the

Companies Act, 2013 have also been duly incorporated.

 Springer Nature  
 This book offers the first definitive English-language resource on Chinese business law. Written by an authoritative source, the book accurately describes what the business law is and explains legislative intentions underlying the

myriad of law, rules, and regulations. Moreover, it provides the most up-to-date information on law, rules, and regulations and contains accurate predictions of the future legislative trend. It is written for readers across the spectrum of both common law and civil law systems. The author's experience as expert counsel to Chinese central governmental legislative functions including the State Council Legislative Affairs Office and the expert editor and translator in chief of the

national administrative regulations in business and finance, extensive experience of international legal practice and arbitration, and teaching and research experience in international business law and Chinese law will make this book of interest to lawyers, business people, and scholars.

**The Law of Business Organizations** Oxford University Press, USA  
"Understanding Company Law is a leading text for both law and business students of company law.

This 20th edition has been updated to include the significant changes in the law that have taken place since the previous edition was published."--Back cover.

**Business Law I Essentials** S. Chand Publishing  
Corporate Law by Dr. O.P. Gupta is a publication of the SBPD Publishing House, Agra. Dr. O.P. Gupta holds a M.Com., LL.B., Ex-F.C.S. and PhD degree. He was a reader at the P.G.D.A.V. College (University of Delhi), New Delhi. The authors have

tried to present the subject of Corporate Law in a simple and clear language. The difficult provisions of Corporate Law have been illustrated with the help of Indian and International cases decided by the law courts. For thematic unity, the subject has been discussed topic-wise but for ready reference, relevant sections have been quoted. Important questions asked in various examinations have been given at the end of each chapter. To make the book more useful

Objective Type Questions with their answers have also been given at the end of each chapter. The book has been written primarily for the students preparing for B. Com. Examination and examinations conducted by other Professional Bodies as well. *American Business Law, with Legal Forms* Universal Law Publishing The book provides students of European company law courses, scholars and practitioners with an overview. Although company law

remains mainly regulated at the level of national laws, it has become important to obtain a systematic view of the main directives in the field of company law, the EU Court of Justice's jurisprudence, the European Model Company Act and the state of implementation of these directives in the member states of the Union. The book therefore contains, in addition to the illustration of the law laid down by EU legislative bodies and the related soft laws, detailed

references to the most important domestic legislations and case laws, in order to make them known and usable as much as possible. Moreover, the book allows identifying the most relevant current legislative trends and the main historical reasons for divergences.

Corporations Law: In Principle, 10th edition, continues its tradition of being one of the most easy to understand texts on corporate law in Australia. Since the last

edition, there have been many significant developments in both legislation and case law as a result of a range of government reviews and administrative changes. Company Law Oxford University Press, USA QandA Company Law brings together all the key areas of company law that a student should be familiar with when preparing for examinations. The authors deal with some of the more complex areas of the syllabus such as corporate insolvency, loan

capital, directors' duties and investor protection. This second edition considers important case law and proposals for reform including the House of Lords decision on O'Neill v Phillips concerning minority protection. The treatment of corporate personality takes into account Ord v Belhaven Pubs Ltd which deals with the relationship between subsidiaries and their holding company. **Contemporary Company Law** S. Chand Publishing  
Company law is a growth

area which also reaches into many other areas of law. New areas include auditor's negligence, investment law and the FSA and administration orders. Each is explored in this volume, but the aim is not to do them full justice. Rather, it is to provide a full analysis of specified areas of company law: the company and other business organizations; types of company; setting up the company; managing the company; reconstituting the company; supervision of

company law; the social responsibilities of companies; and the debate of the Cadbury Report and the Greenbury Committee Report.

**SECRETARIAL  
PRACTICE - 18TH  
EDITION**

Springer Science & Business Media  
Companies Act, 2013 is the culmination of several

years of effort to enact a new legislation governing companies to replace the Companies Act, 1956. It marks a major step forward and appreciates the current economic environment in which companies operate. Corporate Laws is based on the Companies Act, 2013. Students of other Indian universities will

also benefit from this book. KEY FEATURES • A comparison of the provisions of the new and old laws has been given in every chapter • All recent amendments and rules relating to corporate laws have been incorporated • Interesting examples/case studies derived from landmark rulings have been given • Questions from recent examinations
