English ... Wiley Trading Ser.: Chart Patterns : After the Buy by ... As it is a reversal chart pattern, we need an existing trend to reverse. A bullish pattern must take place in a downwards trend, and a bearish pattern should take place in an upwards trend. Generally, the longer the trend, the larger the Head & Shoulders formation needed to reverse it. For a bullish pattern, buy: On break-out above the neckline; or 10 Chart Patterns For Price Action Trading The buy trigger forms off the second bottom using a momentum indicator like a stochastic with a 20-band cross up or a bottoming pattern like a market structure low (MSL) which is a three-candle formation composed of a low, lower low and higher low with the buy trigger set just above the high of the higher low band. A secondary buy trigger forms when the prior resistance from the bounce off the first bottom breaks out. Stock Chart Patterns for Day Traders (7 Charts to Master) The trendlines in Figure 4-1 are based on medium-term

piv-ots, as are the ones in the chart above (see Figure 4-2). Again, if you measure the approximate distance from peak to peak or valley to valley for each trendline, you would see about 6-7 weeks (30-35 trading days) of price action forming these cycles.⁷ Chart Patterns - Traders' Library To form a proper chart pattern, you have to have a prior uptrend.
