"O Lord Jesus Christ, Son of God, have mercy on me." This prayer has been on the lips of Christians since the time of the Desert Fathers. What is its history? How do we make it our own? This booklet traces the development of the Jesus Prayer through the early centuries of the Church, and follows its progression through Mount Athos, the teachings of St. Gregory Palamas, and others, and discusses its modern revival in the nineteenth and twentieth centuries. Concludes with a brief discussion of how this prayer can be appropriated by the individual believer today.

"Norris Chumley traverses a spiritual landscape unfamiliar to most Westerners. . . . Take this book and read. Even better, read this book and accept its invitation to pray." —Diana Butler Bass, author of *A People's History of Christianity* Norris Chumley presents a lavishly illustrated companion to the PBS documentary *Mysteries of the Jesus Prayer*. Readers can follow Chumley on a pilgrimage through the holiest sites of the early Christian world as he searches for modern-day practitioners of the ancient Eastern mystical tradition and its most sacred prayer: "Lord Jesus Christ, Son of God, have mercy on me, a sinner." This beautifully illustrated volume includes black-and-white and full-color images of the author's travels

through Eastern Europe, including rare pictures from visits to holy sites where photographers are only rarely granted access.

A BEGINNER'S GUIDE TO PROTESTANT PRAYER BEADS

Paraclete Press

"The Jesus Prayer has historically been passed on face-to-face, from one Christ-loving person to the next, down the generations ever since the desert saints. It is learned in a community of fellow-believers, all of whom are aware of their need and sin, trying daily to resist temptation better and love God more. As you form the habit of saying this prayer in the back of your mind all the time, it soaks into you, like dye into cotton, and colors the way you encounter every person and circumstance you meet..."

Frederica Mathewes-Green offers the most comprehensive book to date on the Jesus Prayer – a spiritual jewel for anyone who yearns for a real and continuous presence with Christ. She illuminates the history, theology, and spirituality of Orthodoxy, so that the Prayer can be understood in its native context, and provides practical steps for making it a part of our being.

How do people experience spirituality through what they see, hear, touch, and smell? Sonja Luehrmann and an international group of scholars assess how sensory experience shapes prayer and ritual practice among Eastern Orthodox Christians. Prayer, even when performed privately, is considered as a shared experience and act that links individuals and personal beliefs with a broader, institutional, or imagined faith community. It engages with material, visual, and aural culture including icons, relics, candles, pilgrimage, bells, and architectural spaces. Whether touching upon the use of icons in age of digital and electronic media, the impact of Facebook on prayer in Ethiopia, or the implications of praying using recordings, amplifiers, and loudspeakers, these timely essays present a sophisticated overview of the history of Eastern Orthodox Christianities. Taken as a whole they reveal prayer as a dynamic phenomenon in the devotional and ritual lives of Eastern Orthodox believers across Eastern Europe, the Middle East, North Africa, and South Asia.

The Jesus Prayer Rosary will be welcomed by the growing number of people who are discovering that praying with beads can be a spiritually enriching and therapeutic experience. It will further enrich the spirituality of the many Christians who have found

meditative repetition of the ancient Jesus Prayer to be a valuable devotional aid. This unique book brings together these two popular approaches to prayer and worship. It offers a Jesus-centred way of praying with beads. Ideal for complete beginners, it includes basic instruction on how to pray the rosary, using the Jesus Prayer. It comprises four sets of meditations which focus on the infancy narratives in Matthew and Luke, scenes from the ministry of Jesus, his passion and death. These include readings from the various Gospel writers. Finally, we are given insight into our experience of him as the Risen One who gradually transforms our lives. Each meditation concludes with a prayer mostly taken from the liturgy, and biblical canticles are provided as centrepiece prayers. A complete resource for praying privately or in groups, this will open up the riches of Eastern and Catholic spirituality for all. Living the Jesus Prayer Canterbury Press Norwich

"Lord Jesus Christ, Son of God, have mercy on me." This very simple prayer was developed in the deserts of Egypt and Palestine during the early centuries of Christian faith, and has been practiced in the Eastern Orthodox Church ever since. It is a prayer inspired by St. Paul's exhortation to "pray constantly" (1 Thessalonians 5:17), and its purpose is to tune one's inner attention to the presence of the Lord. This series of "little books" is designed to enable you to grasp the meaning of one ancient method of Christian prayer in a relatively short amount of time. In Praying the Jesus Prayer, one of today's most respected voices on Orthodoxy in America introduces you to: • The history

and meaning of this popular but rarely understood method of talking to God • What it means to really pray with both heart and mind • How to get started incorporating the Jesus Prayer into your life.

The Power of the Name Wolgemuth & Hyatt Pub

"According to St Basil, the monk's whole life should be a season of prayer, both public prayer and private prayer. That is what the monks of Mount Athos are there to do. That is the basis of their entire way of life. Athos is sometimes called 'the mountain of silence', but as one living Athonite has written, 'here you can hear the hum of unceasing prayer.' The book explores all dimensions of this mystery, beginning with the deceptively simple question 'what is prayer?' Subsequent papers consider various aspects of prayer as practised on Athos both in public and in private: the prayer of the church and the prayer of the cell, prayer when working, prayer when painting icons, the musical tradition of prayer and the poetic tradition, culminating in the Jesus Prayer or prayer of the heart which is the foundation of the current renewal of monasticism on Athos. All the papers in this book were delivered at a conference held by the Friends of Mount Athos in Cambridge in March 2019"--

"In this rendering, the Psalms become once again what they were for Christian believers from the very beginning: the hymnal of the Church. They remain, certainly, the songs of Israel: from its cries of lamentation to its shouts of exultation. But for the Christian reader, they become as well hymns of petition and praise that express both the joy and the longing of those who live 'in Christ' . . . At the same time their very language can convey to us the assurance that, as he has throughout the millennia, God hears our prayer and responds to it with boundless mercy, love, and compassion. --from the Preface by Fr. John Breck Professor Sheehan's brief introductory exposition of the Davidic roots of Psalms and the poetics of chiasmus guides us in understanding how the ruining oppositions of actual experience are held in Psalms within the musical disciplines of lyric art: held, until God Himself can be seen in the ruins: seen, and felt, and overwhelmingly and gratefully loved. The psalmist's world doesn't change as

he turns his experience toward God. What changes is he himself. How he changes is toward acquiring the very mind of Christ, to which each of us is called. "

This is the story of a handful of courageous men and their congregations who risked stable occupations, security and the approval of life-long friends to be obedient to God's call. It is also the story of every believer who is searching for the Church. Where Christ is Lord. Where holiness, human responsibility, and the sovereignty of God are preached. Where fellowship is more than a covered-dish supper in the church basement. And where fads and fashions take a backseat to apostolic worship and doctrine.

Simple in form, but powerful in its potential to develop and transform the heart, it becomes a way of life for those who practice it. THE WATCHFUL MIND

Paraclete Press

Written by an anonymous priest-monk living in asceticism on the Holy Mountain of Athos, *The Watchful Mind* is the fruit

of a life of deep prayer. The unknown writer was a hesychast a practitioner of stillness and the Jesus Prayer and in these pages he shares with readers his hidden life, a life filled with spiritual struggles, ecstatic experiences, and mystical revelations. Moved by a burning love for Christ, the author does not give us a neatly composed reflection on the spiritual life, but rather an account of his own passionate search. This deeply personal book is an account of one holy man's unique journey in the life of contemplation. It touches on many aspects of the spiritual and ascetic life, particularly the hesychastic themes of watchfulness, spiritual warfare, and the prayer of the heart.
