ART THERAPY TECHNIQUES AND APPLICATIONS - SUSAN I ...

The American Art Therapy Association (AATA) defines art therapy as “a mental health profession in which clients, facilitated by the art therapist, use art media, the creative process, and the resulting artwork to explore their feelings, reconcile emotional conflicts, foster self-

awareness, manage behavior and addictions, develop social skills, improve reality orientation, reduce anxiety, and increase self-esteem” (American Art Therapy Association, n.d.).

A Master’s Project

Art Therapy is an integrative mental health and human services profession that enriches the lives of individuals, families, and communities through active art-making, creative

process, applied psychological theory, and human experience within a psychotherapeutic relationship. (American Art Therapy Association, 2013)
