ALLIE MICHAEL

Making the Match McGraw-Hill Education
(UK)

Reading the Adolescent Romance provides an exhaustive study of the developments in young adult literature since the 1980s with a focus on Francine Pascal's "Sweet Valley High" series, which has become a cultural and literary touchstone for both fans and critics of the novels. Pattee carefully examines the series' content, structure, and readers, allowing her to investigate an influential marketing and literary phenomenon and to interrogate the intersecting influences of history, audience positioning, and readability

that allowed "Sweet Valley" and other teen series to flourish. This book demonstrates that, as a series of generic romance novels, "Sweet Valley High" exhibits tropes associated with both adolescent and adult romance and, as a product of the early 1980s, has and continues to espouse the conservative romantic ideologies associated with the time period. While erstwhile readers of the series recall the novels with pleasure, re-readers of Pascal's novels — who remember reading the series as young people and have re-visited the books as adults — are more critical. Interestingly, both populations continue to value "Sweet Valley High" as an identity touchstone. Amy Pattee is an associate professor of library and information science at the Graduate

School of Library and Information Science at Simmons College in Boston, Massachusetts. There, she teaches children's and young adult literature in both the library school and in a dual degree program affiliated with Simmons College's Center for the Study of Children's Literature.

100 Great, Ready-to-use Book Lists for Educators, Librarians, Parents, and Teens Greenwood Publishing Group
Now available in paper, *The Ivory Tower and Harry Potter* is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy

works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

Boys in Children's Literature and Popular

Culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States. The popular texts boys like are often ignored by educators and scholars, or are simply dismissed as garbage that boys should be discouraged from enjoying. However, examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children's culture and form dominant versions of masculinity. Such popular texts as Harry Potter, Captain Underpants, and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys. They

often use depictions of the abject – threats to bodily borders – to blur the distinctions between what is outside the body and what is inside, between what is "I" and what is "not I." Because of their reliance on depictions of the abject, those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct.

Life is Tough Routledge

Inspire teenagers to read quality literature and help them explore issues relevant to their lives. This outstanding book offers motivational, ready-to-use booktalks for more than 100 of the best new reads for teenagers, guaranteed to pique teen interest. With a focus on recently published fiction and nonfiction

titles in a wide variety of genres and themes, these dynamic booktalks center around issues, problems, and challenges that young adults are facing.

FROM ROMANCE TO REALISM

CRC Press

Analyzes six popular children's books to define the genre and explains ways that adult experience and expectations can change the meaning of the text.

Making Up Megaboy Zondervan

At the request of her many fans, Patty Campbell has selected some of her best essays, articles, columns, and speeches on the subject of YA literature. Editor of the Scarecrow Studies in Young Adult Literature series, Campbell provides passionate commentaries about young adult literature and its future.

The Hidden Adult SAGE

Chappie is a punked-out teenager rejected by his mother and abusive stepfather. Out of school and in trouble with the police, he drifts through crash pads, dooper squats, and malls until he finally settles in an abandoned school bus with Rose, a seven-year-old child, and I-Man, an exiled Rastafarian who will dramatically change his life. Together they begin an amazing journey...

Children's Literature Studies Routledge

When thirteen-year-old Robbie shoots an old man in a liquor store, everyone who knows the quiet, withdrawn youth struggles to understand this act of seemingly random violence.

Honey for a Teen's Heart Vintage

Canada

Alicia, a young tribeswoman living in a

village in the Amazonian jungle of Peru, tells about the two American women anthropologists who arrive to study her people's way of life.

Using Books to Communicate with Teens Orchard Books

This landmark volume is the first to bring together leading scholarship on children's and young adult literature from three intersecting disciplines: Education, English, and Library and Information Science. Distinguished by its multidisciplinary approach, it describes and analyzes the different aspects of literary reading, texts, and contexts to illuminate how the book is transformed within and across different academic figurations of reading and interpreting children's literature. Part one considers perspectives on readers and reading

literature in home, school, library, and community settings. Part two introduces analytic frames for studying young adult novels, picturebooks, indigenous literature, graphic novels, and other genres. Chapters include commentary on literary experiences and creative production from renowned authors and illustrators. Part three focuses on the social contexts of literary study, with chapters on censorship, awards, marketing, and literary museums. The singular contribution of this Handbook is to lay the groundwork for colleagues across disciplines to redraw the map of their separately figured worlds, thus to enlarge the scope of scholarship and dialogue as well as push ahead into uncharted territory.

Critical Conversations Routledge

Presents tips and advice for professionals who are creating or overseeing service-learning programs.

THE TRUTH ABOUT TEENAGERS AND READING

ABC-CLIO

Presents a collection of book lists for teenagers, featuring both fiction and nonfiction titles.

CASES AND DISCUSSIONS

Simon and Schuster

Ran, a sixteen-year-old Viking girl, struggles to control the events of her life and escape from the death that is supposed to be her destiny.

Boys in Children's Literature and Popular Culture JHU Press

How can teacher educators engage pre-

service and in-service teachers in learning about and framing their teaching from a critical literacy perspective? What does this mean? Why is it important? To address these questions, this book offers a theoretical framework and detailed examples, pedagogical resources, and insights into ways to build critical literacies with teachers in and out of school. Its unique contribution is to bridge critical literacy theory and teacher education.

Participants in teacher education programs and professional development settings are often reminded of the need to build curriculum using children's inquiry questions, passions and interests but generally this message is delivered only through telling (lectures) or showing (examples from other people's

classrooms). This book advances critical literacy by explaining and illustrating how teacher educators can do much more—by creating opportunities for pre-service and in-service teachers to "live critical literacies" through experiencing firsthand what it is like to be a learner where the curriculum is built around teachers' own inquiry questions, passions, and interests.

Crossing Textual Boundaries in International Children's Literature
Routledge

Provides a guide to encouraging reading in teenagers and young adults, focusing on knowing the readers, the books, and the strategies for motivating students to read and assess their reading.

Books of Recognized Merit Routledge

This popular text articulates a powerful

theory of critical literacy—in all its complexity. Critical literacy practices encourage students to use language to question the everyday world, interrogate the relationship between language and power, analyze popular culture and media, understand how power relationships are socially constructed, and consider actions that can be taken to promote social justice. By providing both a model for critical literacy instruction and many examples of how critical practices can be enacted in daily school life in elementary and middle school classrooms, *Creating Critical Classrooms* meets a huge need for a practical, theoretically based text on this topic. Pedagogical features in each chapter • Teacher-researcher Vignette • Theories that Inform Practice • Critical

Literacy Chart • Thought Piece •
 Invitations for Disruption • Lingering
 Questions New in the Second Edition •
 End-of-chapter "Voices from the Field" •

 children's literature through information
 and communications technology.

Children'S Literature And Computer Based Teaching Libraries Unlimited

A "Choice" Outstanding Academic Title
 This groundbreaking study introduces
 and explores Lacan's complex theories
 of subjectivity and desire through close
 readings of canonical children's books
 such as *Charlotte's Web*, *Stellaluna*,
Holes, *Tangerine*, and *The Chocolate
 War*, providing an introduction to an
 increasingly influential body of difficult
 work while making the claim that
 children's textual encounters are as
 significant as their existential ones in
 constituting their subjectivities and
 giving shape to their desires.

Megaboy Dk Ink

Presents essays that discuss the various
 reasons for how, what, and why
 teenagers read, and some issues

involved in why they do not.
