Zach is a brilliant teen and much more than meets the eye. He's actually a demigod and the newest member of a secret sect of technologically enhanced young men and women called Olympians. They follow in the footsteps of the extraterrestrial mythological gods of ancient Greece who terraformed and colonized planet Earth. Zach and his fellow divine descendants must continue the work of the ancients to save the planet from ecological disasters and intervene in human affairs, preserving all life at home and in the galaxy. However, Zach is a teenager, and he still struggles with teenage problems like infatuation and dealing

with an overprotective mother. In the face of environmental and other calamities, these gods, transhumans, cyborgs, and artificial intelligence work behind the scenes in anonymity to save humanity. However, will there come a time when a madman or woman, a fed up god, or an unfeeling AI, or an alien decides humanity isn't worth saving? Zach and his cohorts must keep that from happening.

The last time Jersey Barnes tried to quit her career as a security specialist and leave home without a weapon, she ended up in the middle of a high-stakes cover-up and a scheme to steal millions from hardworking Americans. This time her early retirement is for real. Friends threw her a party to prove it. There was a cake and everything. But out of the blue, her former handler shows up with other ideas. When Jersey tells him she doesn't want an assignment---even if does come with an upfront hazard-pay bonus---he reminds her of a clause in the

contract she signed back when she was first recruited to work for the government: a pesky paragraph that says she can be recalled into service at any time. With boating and golfing plans on hold yet again, Jersey straps on her weapon of choice and goes undercover to help root out a terrorist threat---only to learn that another more sinister plot is in the works. And things aren't any more relaxing at home, either. Just as she starts to explore a steamy relationship with her hunky pub manager, Ox, his ex-wife flies in from California to reclaim him. Southern Poison moves at breakneck speed as Jersey must save herself from an assassin, stop an evil chemist, keep her

troublemaking father and his poker buddies out of jail, untangle a steamy romance, and maybe---just maybe---retire. On the heels of the lauded Southern Fatality, readers will welcome another hilarious, suspenseful, and sun-soaked adventure from the unforgettable Jersey Barnes.

The title of Horse Latitudes, Paul Muldoon's tenth collection of poetry, refers to those areas thirty degrees north and south of the equator where sailing ships tend to be becalmed, where stasis (if not stagnation) is the order of the day. From Bosworth Field to Beijing, the Boyne to Bull Run, from a series of text messages to the nineteenth-century Irish poet Tom Moore to an elegy for Warren Zevon, and from post-Agreement Ireland to George W. Bush's America, this book presents us with fields of battle and fields of

debate, in which we often seem to have come to a standstill, but in which language that has been debased may yet be restructured and made current to our predicament. Horse Latitudes is a triumphant new collection by one of the most esteemed poets of our time.

Nancy is emotional.  
And drunk.

Again. Sidney is challenged. And confused. Again. With friendship renewed, a year of their lives is captured through their email exchange. They confide in each other over their insecurities and frustrations about life and love. They share their wisdom and express their emotional thoughts. Sidney gets excited about Kylie.

Nancy ponders about a new job. Sidney adores her sexy left eyebrow. Nancy drinks. Featuring the escapades of a grubby old towel, a collapsed ceiling and a fluffy damp flannel, each email begins with an ambiguous song lyric and ends with a stupid person sign-off. It's a story full of drivel and dribble. A bit like Sidney really.

Ch'ae Manshik is one

of the most accomplished modern Korean writers yet is underrepresented in English translation because of the challenges posed by his distinctive voice and colloquial style. *Sunset: A Ch'ae Manshik Reader* is the first English-language anthology of his works and features a variety of genres—novella, short fiction, anecdotal essay, travel writing, children's story, one-act play, three-act play, and roundtable discussion. This anthology moves beyond the usual "representative works" to provide a well-rounded selection of writing by one of Korea's most innovative and memorable voices, drawing on Ch'ae's ten-volume Complete

Works. This edition also provides a comprehensive introduction outlining the limitations of existing approaches to Ch'ae. It contextualizes the anthology's contents both in terms of the author's career and the rich Korean tradition of intertextuality and intermediality that he reflects from the country's earliest times to the new millennium.
