A Novel| Grand Central  
Publishing  
Palmistry is an integral  
part of Jyotish practice  
(astrology) that helps to  
determine an individual's  
physical, mental and  
karmic potential. A full  
explanation of how to  
read a palm from the  
point of view of Vedic  
wisdom is provided, with

tips on how to identify  
and time those areas  
impacting on wealth,  
health and longevity. This  
book teaches you to  
analyse the possible  
implications of life-events  
as seen from the lines  
(Rekha) on the palm. This  
book also offers a number  
of methods to placate  
astrological influences via  
the use of yantra, mantra  
and gemstones, for  
example, explaining  
which gemstones to wear  
and on which finger. This  
guide is a thorough  
introduction to the  
practice of Vedic

palmistry for students and  
practitioners of the Vedic  
tradition and those with a  
general interest in the  
occult sciences of India,  
but also for anyone  
interested in what the  
hand can tell them about  
their life potential and  
circumstances.

## **COUNTING COLOURS AND SHAPES ENGLISH FOR BEGINNERS**

Hatier  
This book aims to provide  
language teachers and  
trainers with a guide, in  
both practical and  
pedagogical terms, to the

effective integration of Information and Communications Technologies (ICT) into language teaching and learning. It also aims to serve as an introduction to key areas in ICT for postgraduate students in applied linguistics and related disciplines, and thus to encourage further research and development in these areas.

**New Hi There ! Anglais  
Cycle 4 5e A1-A2** Hatier  
The road to hell is paved with good intentions...and tequila, guns, and cocaine

in this “rambunctiously entertaining” (Teddy Wayne) debut novel inspired by the author’s time as Hunter S. Thompson’s assistant. Alley Russo is a recent college grad desperately trying to make it in the grueling world of New York publishing, but like so many who have come before her, she has no connections and has settled for an unpaid magazine internship while slinging drinks on Bleecker Street just to make ends meet. That’s when she hears the

infamous Walker Reade is looking for an assistant to replace the eight others who have recently quit. Hungry for a chance to get her manuscript onto the desk of an experienced editor, Alley jumps at the opportunity to help Reade finish his latest novel. After surviving an absurd three-day “trial period” involving a .44 magnum, purple-pyramid acid, violent verbal outbursts, brushes with fame and the law, a bevy of peacocks, and a whole lot of cocaine, Alley is invited

to stay at the compound where Reade works. For months Alley attempts to coax the novel out of Walker page-by-page, all while battling his endless procrastination, vampiric schedule, Herculean substance abuse, mounting debt, and casual gunplay. But as the job begins to take a toll on her psyche, Alley realizes she's alone in the Colorado Rockies at the mercy of a drug-addicted literary icon who may never produce another novel—and her fate may already be sealed. “A

margarita-fueled, miniskirt-clad cautionary tale of lost literary innocence” (Vogue), Gonzo Girl is a loving fictional portrait of a larger-than-life literary icon.

Singing Dragon

This is a retelling of 'Pride and Prejudice', seen from Mr Darcy's point of view.

Darcy writes about his feelings for everything that happened, before revealing a tantalising glimpse of his early married life with Elizabeth Bennet.

*Cherry Crush* Hatier

The novel recounts the story of the baron of Sigognac during the reign of Louis XIII of France (reign 1610-1643), a destitute nobleman who

decides to abandon his castle to join a theatrical troupe out of love for a young actress. Leaving his castle in the care of a faithful old steward, he travels with the actors to Paris; his aim being also to meet the king in Paris to ask for financial help in memory of services rendered by his ancestors. When one of the actors dies, the baron replaces him in the company's productions, taking the stage name of Captain Fracasse and, against his proud nature, acting the part of a

bumbling military man. He develops humility through the experience, and this in turn deepens his loving relationship with the ingénue.

Penguin Group  
The enlightening memoir of the industrialist as famous for his philanthropy as for his fortune. His good friend Mark Twain dubbed him “St. Andrew.” British Prime Minister William Gladstone called him an “example” for the wealthy. Such terms seldom apply to multimillionaires. But

Andrew Carnegie was no run-of-the-mill steel magnate. At age 13 and full of dreams, he sailed from his native Dunfermline, Scotland, to America. The story of his success begins with a \$1.20-a-week job at a bobbin factory. By the end of his life, he had amassed an unprecedented fortune—and given away more than 90 percent of it for the good of mankind. Here, for the first time in one volume, are two impressive works by Andrew Carnegie himself:

his autobiography and “The Gospel of Wealth,” a groundbreaking manifesto on the duty of the wealthy to give back to society all of their fortunes. And he practiced what he preached, erecting 1,600 libraries across the country, founding Carnegie Mellon University, building Carnegie Hall, and performing countless other acts of philanthropy because, as Carnegie wrote, “The man who dies thus rich dies disgraced.” With an Introduction by Gordon Hutner

A comprehensive and comical new illustrated guide to algebra Do you think that a Cartesian plane is a luxury jetliner? Does the phrase

"algebraic expression" leave you with a puzzled look? Do you believe that the Order of Operations is an Emmy-winning medical drama? Then you need *The Cartoon Guide to Algebra* to put you on the road to algebraic literacy. *The Cartoon Guide to Algebra* covers all of algebra's essentials—including rational and real numbers, the number line, variables, expressions, laws of combination, linear and quadratic equations, rates, proportion, and

graphing—with clear, funny, and easy-to-understand illustrations, making algebra's many practical applications come alive. This latest math guide from New York Times bestselling author Larry Gonick is an essential supplement for students of all levels, in high school, college, and beyond. School's most dreaded subject has never been more fun.

The Roots of Heaven

Hatier

This story of exile and loss, of how, for the

refugee, the country in which she eventually settles, however kind and well-meaning its inhabitants, will always be a poor and inadequate substitute for the country of one's birth, its language always an alien thing, however proficient she becomes in it - this is the story of so many people today that it is perhaps the story of our time. This is Agota Kristof's memoirs.

## **Hasta Rekha Shastra**

Penguin

Sharon Osbourne reveals the truth behind the

headlines in her characteristically frank, intimate and articulate memoir-from her childhood as the daughter of Don Arden, to managing and marrying Ozzy Osbourne, to her rising fame on shows such as The Osbournes and The X Factor. A devoted wife and mother, businesswoman, TV star and award-winning producer, Sharon Osbourne has, in her own words, "lived fifty lives in fifty years". Her childhood

with her father, the notorious rock manager Don Arden, was an unruly mix of glamour and violence. In her late 20s, Sharon finally made the painful decision to break with her family. Always irrepressible, Sharon flourished, creating a loving family of her own while becoming a legendary manager and rock band promoter. In rock star Ozzy Osbourne, Sharon found her soul mate, yet Ozzy's drug and drink-fueled excesses-

which culminated in his attempt to strangle her-made their marriage a white-knuckle ride from the start. Only her devotion to their three children gave her the will to survive. From the tremendous highs of the hit show The Osbournes to the devastating lows of Ozzy's near-fatal quad-bike accident and her own bout with colon cancer, Sharon's tenacity, honesty, and humor have triumphed again and again.
