**A Superhero Novel** WormPart of a series that provides an introduction to the creepy crawly world of minbeasts, covering what they eat, how they are born, how they grow, and more. This title includes "Bug maps" which identify different parts of the creature.Mother of Learning: ARC 1 In Creative Writing Scholars on the Publishing Trade: Practice, Praxis, Print, Sam Meekings and Marshall Moore, along with prominent scholar-practitioners, undertake a critical examination of the intersection of creative writing scholarship and the publishing industry. Recent years have seen dramatic shifts within the publishing industry as well as rapid evolution and development in academic creative writing programs. This book addresses all of these core areas and transformations, such as the pros and cons of self-publishing versus traditional publishing, issues of diversity and representation within the publishing industry, digital transformations, and possible career pathways for writing students. It is crucial for creative writing pedagogy to deal with the issues raised by the sudden changes within the industry and this book will be of interest to creative writing students and practitioners as well as publishing students and professionals.

*Don't Be a Hero* Pan

Thana Ayers may seem like any other girl her age, struggling to balance schoolwork, drama club activities, and her religious parents. But at night, she battles unholy monstrosities with her own astonishing abilities to control the dead. Thana's never lost a battle. That is, until a mysterious creature appears unlike any she has faced before. This strange presence threatens to unravel Thana's carefully balanced life and reveal her powers to the world. It also promises to show her the secrets of the lichgate and unlock her true power, but all power comes with a cost. Q&A with the Author What kind of book is Through the Lichgate? Through the Lichgate is a Young Adult (YA) Urban Fantasy with a splash of paranormal and supernatural occurrences. It is a tale of necromancy and good intentions. Who is the main character, and what is she about? Thana Ayers is a secluded high school girl, daughter of two very religious Christians, and a born necromancer. She has the power to raise and control the dead, and she's darn good at it. She uses those powers for good, but is always aware of the darker magic she has access to. Thana is about keeping the undead horrors that roam the world suppressed, fighting them with her own skeleton puppets. To

keep herself sane, she limits her powers and walks a balancing line between darkness and outright evil. She considers herself practical, morally sound, and capable of holding all of her conflicting acts together. What is the setting of the book? The story is set in a city that is vaguely American. It is set in the same world we know, but with all sorts of paranormal and magical fantasy lying behind closed doors. Dark powers, shadowy organizations, fanatical cults, and monsters that hide in plain sight all exist, and are more common than most people would think. Are there any authors or books that were inspirations for this book? I suppose I'd have to cite The Dresden Files by Jim Butcher as my strongest influence in the genre. He knows how to make magic feel right, how to create endearing characters and make a story fun and epic at the same time. John McCrae (Wildbow) of Worm fame showed me how to write a good female protagonist, and how to write clearly and paint a scene. Ted Dekker is one of my favorite authors, and he had some influence here as well. Who is this book for? If you're intrigued by the risen dead, but tired of zombie apocalypse stories, this one is for you. If you want a young female protagonist who is capable and even frightening in her own way, this story is for you. If you've ever dealt with loss, struggled with guilt, or grappled with religion, this story is for you. If you really want to read about a skeleton ripping off his own arms and beating a zombie over the head with them, this book is 100% for you. Why did you write this book? I wanted to write a story about teenagers and magic, but I was tired of the 'discovery' stories. I wanted a book about someone who already knew what they were doing. If this series were only about Thana Ayers, and it started with her discovering her power, this would be book two or three. I also wanted to write a book about a "Good Necromancer." It just happened to work out. What are you working on now? Through the Lichgate has a sequel in the works, one starring another member of The Drama Club. Each club member really deserves their own book, and I want to give them all a fair shake at it. Keep an eye out for this one!

**Revolt on War World** Springer Science & Business Media

Chronicles the history of the BOLO, a futuristic man-made machine that symbolizes brute force, defiance, and rigid will and is responsible for defending humanity against an invading alien group. Original.

*Ryan's Bed (Hardcover)* Penguin

First twenty chapters of HPMOR.

*Fine Structure* Spectra

Part of a series that provides an introduction to the creepy crawly world of minbeasts, covering what they eat, how they are born, how they grow, and more. This title includes "Bug maps" which identify different parts of the creature.

**THE E. S. P. WORM**

Createspace Independent Pub

Starting from Mars outward this concise handbook provides thorough information on the satellites of the planets in the solar system. Each chapter begins with a section on the discovery and the naming of the planet's satellites or rings. This is followed by a section presenting the historic sources of those names. The book contains tables with the orbital and physical parameters of all satellites and is illustrated throughout with modern photos of the planets and their moons as well as historical and mythological drawings. The Cyrillic transcriptions of the satellite names are provided in a register. Readers interested in the history of astronomy and its mythological backgrounds will enjoy this beautiful volume.

*Webnovel* Titan Books (US, CA)

Doctor Impossible—evil genius, would-be world conqueror—languishes in prison. Shuffling through the cafeteria line with ordinary criminals, he wonders if the smartest man in the world has done the smartest thing he could with his life. After all, he's lost every battle he's ever fought. But this prison won't hold him forever. Fatale—half woman, half high-tech warrior—used to be an unemployed cyborg. Now, she's a rookie member of the world's most famous super-team, the Champions. But being a superhero is not all flying cars and planets in peril—she learns that in the locker rooms and dive bars of superherodom, the men and women (even mutants) behind the masks are as human as anyone. Soon I Will Be Invincible is a wildly entertaining first novel, brimming with attitude and humor—an emotionally resonant look at good and evil, love and loss, power and glory.

*The Complete H.P. Lovecraft Collection* Harper Collins

Fledgling physicist Ching-Yu Kuang has discovered a Rosetta Stone for all of physics, a treasure trove of advanced scientific breakthroughs beyond all imagination. Exotic energy, teleportation, FTL, parallel universes and near-infinitely more wonders are just within reach; a promise of paradise. But every attempt to exploit this new science results in sabotage, chaos and destruction.

And the laws of science themselves are changing with each experiment, locking out the new discoveries, directly altering the universe to make what should be possible impossible. While Ching watches, humanity's future is being stolen. Because there's something wrong with his world. There's a fundamental flaw, a defect in its structure...

*Hpmor* Dresden Files

Book One of the Crystal Trilogy The year is 2039, and the world is much like ours. Massive automation has disrupted and improved nearly every industry, putting hundreds of millions of people out of jobs, and denying upward mobility for the vast majority of humans. Wealth and technology repair the bodies of the rich while famine and poverty sweep the world. Privately operated ventures carried humans to the moon and beyond, but space stations have become nothing but government trophies and hiding places for extremists. First contact did not bring advanced culture and wisdom, as the aliens were too strange, lacking even mouths or normal language. Face is an artificial intelligence created to understand and gain the adoration of all humans. She and her siblings control the robot named Socrates, using a crystal computer that seems too advanced to be made by human hands. She is learning and growing every second of every day, but the world and the humans on it are fragile. Can it survive her destiny?

**Solar System Moons** Routledge

Titan was one of the nation's most loved and respected Heroes, until an infidelity scandal tore his image and family apart. After decades spent out of the limelight, Owen Daniels has decided to take up the mantle of Titan once again to try and make amends for his years away. Unfortunately, the Titan Scandal is still common knowledge, and no Hero team wants such a polarizing figure. With no other options, Owen is forced to take a job overseeing a group of corpies, corporate-sponsored Supers who do rescue work... as long as there are cameras around. Between a team that doesn't want him, fellow Heroes who don't trust him, and a nation that might not be ready to forgive the sins of the past, the return of Titan could prove even harder than the scandal that drove him away. But Owen will have to push on, because his new city is far from a peaceful one. A mysterious enemy is attacking Heroes and growing steadily stronger. An enemy that only the once-legendary Titan might be able to stop. If he can manage to stick around this time.

**The Deed of Paksenarrion** WWW.WEBNOVEL.COM (Cloudary Holdings Limited)

"A gorgeous and thrilling paean to the ferocious power of women. The characters live, bleed, and roar."—Laini Taylor, New York Times bestselling author A NEW YORK TIMES BESTSELLER • Winner of the British Fantasy Award for Best Fantasy Novel • Named One of the Best Books of the Year by NPR Books • Barnes and Noble • BookPage In the late 1800s, three sisters use witchcraft to change the course of history in this powerful novel of magic, family, and the suffragette movement. In 1893, there's no such thing as witches. There used to be, in the wild, dark days before the burnings began, but now witching is nothing but tidy charms and nursery rhymes. If the modern woman wants any measure of power, she must find it at the ballot box. But when the Eastwood sisters—James Juniper, Agnes Amaranth, and Beatrice Belladonna—join the suffragists of New Salem, they begin to pursue the forgotten words and ways that might turn the women's movement into the witch's movement. Stalked by shadows and sickness, hunted by forces who will not suffer a witch to vote—and perhaps not even to live—the sisters will need to delve into the oldest magics, draw new alliances, and heal the bond between them if they want to survive. There's no such thing as witches. But there will be. An homage to the indomitable power and persistence of women, *The Once and Future Witches* reimagines stories of revolution, motherhood, and women's suffrage—the lost ways are calling. Praise for *The Once and Future Witches*: "A glorious escape into a world where witchcraft has dwindled to a memory of women's magic, and

three wild, sundered sisters hold the key to bring it back...A tale that will sweep you away."—Yangsze Choo, New York Times bestselling author "This book is an amazing bit of spellcraft and resistance so needed in our times, and a reminder that secret words and ways can never be truly and properly lost, as long as there are tongues to speak them and ears to listen."—P. Djèlí Clark, author *The Black God's Drum* For more from Alix E. Harrow, check out *The Ten Thousand Doors of January*.

**Codominium** Xist Publishing

Award-winning author James Alan Gardner returns to the superheroic fantasy world of *All Those Explosions Were Someone Else's Fault* with *They Promised Me The Gun Wasn't Loaded*. Only days have passed since a freak accident granted four college students superhuman powers. Now Jools and her friends (who haven't even picked out a name for their superhero team yet) get caught up in the hunt for a Mad Genius's misplaced super-weapon. But when Jools falls in with a modern-day Robin Hood and his band of super-powered Merry Men, she finds it hard to sort out the Good Guys from the Bad Guys—and to figure out which side she truly belongs on. Especially since nobody knows exactly what the Gun does . . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Uneasy Truces* Createspace Independent Publishing Platform

A slimy, telepathic alien throws the universe into chaos in this science fiction classic cowritten by the New York Times–bestselling author. The cast of cosmic characters: A prodigal worm, a telepathic, egotistical, totally unscrupulous little alien running away from his father becomes the biggest prize in the universe. Capture the slimy brat and win an entire planet! A cosmic hustler, an effete snob who ekes out a comfortable living as the president's son-in-law and perfects his reflexes with endless contests of cosmic pool, becomes the most important element in a delicate game of interspatial espionage—and the galaxy's prime target for assassination. The most sensual woman on Earth, completes the star-crossed triangle in one of the wildest, wickedest romps in the annals of science fiction!

**Blood Song** Redhook

The first in the "powerful" (SFFWorld.com) New York Times bestselling fantasy series. Vaelin Al Sorna was only a child of ten when his father left him at the iron gate of the Sixth Order to be trained and hardened to the austere, celibate and dangerous life of a warrior of the Faith. He has no family now save the Order. Vaelin's father was Battle Lord to King Janus, ruler of the Unified Realm—and Vaelin's rage at being deprived of his birthright knows no bounds. Even his cherished memories of his mother are soon challenged by what he learns within the Order. But one truth overpowers all the rest: Vaelin Al Sorna is destined for a future he has yet to comprehend. A future that will alter not only the Realm but the world.

### THE FIRE WORM

Createspace Independent Publishing Platform

The third Curvy collection, featuring Anais and Fauna's filthy adventures in Corporate World and Super World, plus a bonus sketchbook section.

**Supervillainy and Other Poor Career Choices** Open Road Media

Psychiatrist John Cunningham is secretly also "Jack Cannon", author of popular horror novels. Under hypnotic regression, John's patient Tony reveals a bizarre and horrifying tale of a "past life" lived on Tyneside in the 1950s, involving two schoolboys and a weird creature with paranormal powers lurking in caves beneath Tynemouth Castle. As John regresses Tony through earlier lives as

far back as the 14th century it begins to seem that the local legend, captured in folksong, of a malevolent Lambton Worm may have had a basis in fact: that it was, in fact, the salamander of alchemical belief, summoned by an alchemist known as Raymond Lully, and possibly still locked below Tynemouth Castle And while John Cunningham is exploring Tony's multiple personalities, he begins to experience personality problems of his own, as Jack Cannon beings to assert his own individuality.

**All Those Explosions Were Someone Else's Fault** Tijan

Nick Klein's grandfather was the Rocket. For three decades, the Rocket and his team were the Heroes League—a team of superheroes who fought criminals in the years after World War II. But Nick and his friends have inherited more than their grandparents' costumes and underground headquarters... they've inherited the League's enemies and unfinished business. In the 1960's, Red Lightning betrayed everyone, creating an army of supervillains and years of chaos. The League never found out why. Now, Nick and the New Heroes League will have no choice but to confront their past.

### THE ONCE AND FUTURE WITCHES

Thunder Pear Publishing

It's a bad time to be a superhero. When the world turned its back on metahumans, the golden age of superheroes came crashing down. But now a mysterious supercriminal is making one final bid for power, and with no one else left to protect the world, ex-hero Spook must risk everything to take him down. There will be no reprieve, no negotiation. War is coming. Put on the mask. There's work to be done. Chris Strange presents a stunning, no-holds-barred superhero adventure that will lure you in and knock you out. This is the novel superhero fans have been waiting for.

*Worm Orbit*

Zorian Kazinski has all the time in the world to get stronger, and he plans on taking full advantage of it. A teenage mage of humble birth and slightly above-average skill, Zorian is attending his third year of education at Cyoria's magical academy. A driven and quiet young man, he is consumed by a desire to ensure his own future and free himself of the influence of his family, resenting the Kazinskis for favoring his brothers over him. Consequently, Zorian has no time for pointless distractions, much less other people's problems. As it happens, though, time is something he is about to get plenty of. On the eve of Cyoria's annual summer festival, Zorian is murdered, then abruptly brought back to the beginning of the month, just before he was about to take the train to school. Finding himself trapped in a time loop with no clear end or exit, he will have to look both within and without to unravel the mystery set before him. He does have to unravel it, too, because the loop clearly wasn't made for his sake, and in a world of magic even a time traveler isn't safe from those who wish him ill. Fortunately for Zorian, repetition is the mother of learning...

**Through the Lichgate** Simon and Schuster

No memory, no resources, no secret lair, and no time to find her feet; this is the story of a self-made villain, and her fall into strife. Fleeing from unknown enemies and an early death, she emerges into a city gone dark in the aftermath of a complete systems failure. Hounded by heroes, menaced by gangs, and helped by the most unlikely of allies, she claws her way up from weakness to strength and works to build a better future for those who deserve it. To survive, she'll need strength to stand toe-to-toe against secretly supernatural foes, compassion to work with the dregs and outcasts of a broken society, and cunning to outwit intelligences beyond human ken. The challenge is great... but she is Dire. And Icon City will never be the same again. This is the first novel from the "Tales from the Teslaverse" project.
