Requiem in D Minor by Wolfgang Amadeus Mozart for Solo Piano (1791) K.626Read Books Ltd

Canadiana Phillip Rehfeldt/MillCreekPublishing

Mozart showed amazing talent from early in childhood. Already competent on the keyboard and violin, he started composing from the age of five and performed before European royalty. At 17, he was enlisted as a court musician in Salzburg, but grew restless of this and decided to travel in search of a better position, always composing abundantly. The Requiem Mass in D minor was composed in Vienna in 1791 and was left unfinished when Mozart died on December 5th 1791. A completion dated 1792 by Franz Xaver Süssmayr was delivered to Count Franz von Walsegg, who had anonymously commissioned the piece for a requiem mass to commemorate the February 14th anniversary of his wife's death. A facsimile sheet of music from the Dies Irae movement of the "Requiem Mass in D Minor" (K. 626) in Mozart's own handwriting. It is located at the Mozarthaus in Vienna.

### RESEARCH MATERIALS IN MUSIC

Princeton University Press

Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers, as well as twenty-three essays on forms, eras, and genres of classical music. Original.

Hal Leonard Corporation

In this celebration of Milton Babbitt's art, Andrew Mead explores the development of a central figure in contemporary American music. As a teacher and writer, Babbitt has influenced two generations of students, including such notable musicians as Stephen Sondheim and Donald Martino. He has helped establish the study of music theory as a serious academic pursuit, and his articles on Schoenberg, Stravinsky, and the twelve-tone system constitute a seminal body of research. But Babbitt is first and last a composer, whose works are, in Mead's words, "truly music to be heard." With Mead as a guide, we discover the strong emotional and expressive charge of Babbitt's music that is inextricably entwined with its structure. Babbitt is a twelve-tone composer, unabashedly so, and it is precisely his profound understanding of Arnold Schoenberg's epochal insight that gives Babbitt's music its special quality. By examining the underlying principles of twelve-tone composition, Mead allows us to appreciate Babbitt's music on its own terms, as a richly varied yet unified body of work. In achieving this purpose, he provides an excellent introduction to twelve-tone music in general. Without relying on professional jargon, he lucidly and succinctly explains Babbitt's complexities. A catalog of compositions, a discography, and a bibliography complete a book that will interest performers, music theorists, and music historians, as well as other readers who are enthusiastic or curious about contemporary musical works. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

nearly two millennia, the Christian quest for eternal peace has been expressed in a poetic-musical structure known as the requiem. Traditional requiem texts, among them the anonymous medieval Latin poem *Dies Irae* ('Day of Wrath'), have inspired an untold number of composers in different ages and serving different religions, Western and Eastern. This book, the first comprehensive survey of requiem music for nearly half a century, provides a great deal of diverse and detailed information that will be of use to the professional musician, the musical scholar, the choral conductor, the theologian and liturgist, and the general reader. The main body of the guide is a description of some 250 requiems. Each entry includes a concise biography of the composer and a description of the composition. Details of voicing, orchestration, editions, and discography are given. An extensive bibliography includes dictionaries, encyclopedias, prayer books, monographs, and articles. An appendix lists more than 1700 requiems not discussed within the main text.

Biographical dictionary emphasizes classical and art music; also gives ample attention to the classics as well as Jazz, Blues, rock and pop, and hymns and showtunes across the ages.

[Monthly Bulletin, New Series](#) Nabu Press

Milton Babbitt (1916-2011) was, at once, one of the century's foremost composers and a founder of American music theory. These two aspects of his creative life--"thinking in" and "thinking about" music, as he would put it--nourished each other. Theory and analysis inspired fresh compositional ideas, and compositional concerns focused theoretical and analytical inquiry. Accordingly, this book undertakes an excavation of the sources of his theorizing as a guide to analysis of his music. In *Thinking In and About Music*, author Zachary Bernstein shows how Babbitt's idiosyncratic synthesis of ideas from Heinrich Schenker, analytic philosophy, and cognitive science--at least as much as more obviously relevant predecessors such as Arnold Schoenberg--provide insight into his aesthetics and compositional technique. At the same time, a close look at his music reveals a host of concerns unaccounted for in his theories, some of which seem to directly contradict theoretical expectations. Bernstein argues, therefore, that new analytical models are needed to complement those suggested by Babbitt's theories. Departing from the serial logic of most previous work on the subject--and in an attempt to discuss Babbitt's music as it is actually heard rather than just deciphered--the book brings to bear theories of gesture and embodiment, rhetoric, text setting, and temporality. The result is a richly multi-faceted look at one of the twentieth century's most fascinating musical minds.
