The 7 Habits of Highly Effective Teens: Workbook

Penguin UK

Key Features: Basic knowledge in

functional analysis is a pre-requisite.

Illustrations via partial differential

equations of physics provided. Exercises

given in each chapter to augment

concepts and theorems.

About the Book: The book, written to give a fairly

comprehensive treatment of the

techniques from Functional Analysis used

in the modern theory of Partial Differential

Equations, is now in its third edition. The

original structure of the book has been

retained but each chapter has been

revamped. Proofs of several theorems

have been either simplified or elaborated in order to achieve greater clarity. It is hoped that this version is even more user-friendly than before. In the chapter on Distributions, some additional results, with proof, have been presented. The section on Convolution of Functions has been rewritten. In the chapter on Sobolev Spaces, the section containing Stampacchia's theorem on composition of functions has been reorganized. Some additional results on Eigenvalue problems are presented. The material in the text is supplemented by four appendices and updated bibliography at the end.

Political Education in a Democracy Vintage A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and

another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

Into the Wild Bloomsbury Publishing
It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

The most famous and controversial novel from one of the greatest writers of the

twentieth century tells the story of Humbert Humbert's obsessive, devouring, and doomed passion for the nymphet Dolores Haze. "The conjunction of a sense of humor with a sense of horror [results in] satire of a very special kind." —The New Yorker Awe and exhilaration—along with heartbreak and mordant wit—abound in *Lolita*, which tells the story of the aging Humbert Humbert's obsession for the nymphet Dolores Haze. *Lolita* is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America. Most of all, it is a meditation on love—love as outrage and hallucination, madness and transformation.

#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series *Tidying Up with Marie Kondo*: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

Despite the ubiquity of the word "God" in our daily lives, how much time do we spend actually contemplating the nature of the divine? In this volume, author A.W. Pink plumbs the Scriptures and Christian theology to compile a surprisingly detailed account of the nature of God. Even lifelong believers might be surprised by some of the findings presented in this engrossing analysis.

The classic work about meetings and

decision-making. Meetings are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In *Six Thinking Hats*, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson

The instant #1 NEW YORK TIMES Bestseller "A must read for anyone hoping to live a creative life... I dare you not to be inspired to be brave, to be free, and to be curious." —PopSugar From the worldwide bestselling author of *Eat Pray Love* and *City of Girls*: the path to the vibrant, fulfilling life you've dreamed of. Readers of all ages and walks of life have drawn inspiration and empowerment from Elizabeth Gilbert's books for years. Now this beloved author digs deep into her own generative process to share her wisdom and unique perspective about creativity. With profound empathy and radiant generosity, she offers potent insights into the mysterious nature of inspiration. She asks us to embrace our curiosity and let go of needless suffering. She shows us how to tackle what we most love, and how to face down what we most fear. She discusses the attitudes, approaches, and habits we need in order to live our most creative lives. Balancing between soulful spirituality and cheerful pragmatism, Gilbert encourages us to uncover the "strange jewels" that are hidden within each of us. Whether we are looking to write a book, make art, find new ways to address challenges in our work, embark on a dream long deferred, or simply infuse our everyday lives with more mindfulness and passion, *Big Magic* cracks open a world of wonder and joy.

Why do people work hard, and take pride

in what they do? This book, a philosophically-minded enquiry into practical activity of many different kinds past and present, is about what happens when people try to do a good job. It asks us to think about the true meaning of skill in the 'skills society' and argues that pure competition is a poor way to achieve quality work. Sennett suggests, instead, that there is a craftsman in every human being, which can sometimes be enormously motivating and inspiring - and can also in other circumstances make individuals obsessive and frustrated. The Craftsman shows how history has drawn fault-lines between craftsman and artist, maker and user, technique and expression, practice and theory, and that individuals' pride in their work, as well as modern society in general, suffers from these historical divisions. But the past lives of crafts and craftsmen show us ways of working (using tools, acquiring skills, thinking about materials) which provide rewarding alternative ways for people to utilise their talents. We need to recognise this if motivations are to be understood and lives made as fulfilling as possible.

George Orwell's famous satire of the Soviet Union, in which "all animals are equal but some animals are more equal than others."

The New Positioning: The Latest on the World's #1 Business Strategy

Mango Media Inc.

From the #1 New York Times bestselling author of *Killers of the Flower Moon*—and

one of the most gifted reporters and storytellers of his generation—comes a “gripping” (*The Miami Herald*), “hilarious” (*Entertainment Weekly*) collection of true crime mysteries about people whose obsessions propel them into unfathomable and often deadly circumstances. Whether David Grann is investigating a mysterious murder, tracking a chameleon-like con artist, or hunting an elusive giant squid, he has proven to be a superb storyteller. In *The Devil and Sherlock Holmes*, Grann takes the reader around the world, revealing a gallery of rogues and heroes with their own particular fixations who show that truth is indeed stranger than fiction. Look for David Grann's new book, *The Wager*, coming in April 2023!

Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned

to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.

Baseball in April and Other Stories Penguin

"Since they shot her at point-blank range while she was being kissed, she confused the pain of love with that of death."

Rosario Tijeras is the violent, violated character at the center of Jorge Franco's study of contrasts, set in self-destructing 1980s Medellín. Her very name-evoking the rosary, and scissors-bespeaks her conflict as a woman who becomes a contract killer to insulate herself from the random violence of the streets. Then she is shot, gravely wounded, and the circle of contradiction is closed. From the corridors of the hospital where Rosario is fighting for her life, Antonio, the narrator, waits to learn if she will recover. Through him, we reconstruct the friendship between the two, her love story with Emilio, and her life as a hitwoman. Rosario Tijeras has been recognized as an admirable continuation of a literary subject that was first treated by Gabriel García Márquez and then by Fernando Vallejo. A work in the Latin American social realist tradition, Rosario Tijeras is told in fast and vibrant prose and with poetic flourish.
