Author Marc Cushman had the honor of befriending both Gene Roddenberry and Robert H. Justman, who cooperated in the development of this three-book series and backed their

endorsement with hundreds of never-before-released documents concerning the writing and production of Star Trek, the original series (TOS). After decades of research, hundreds of exclusive interviews, and the inclusion of thousands of documents, from story outlines to scripts to interoffice memos between Roddenberry and his creative staff, correspondences with NBC and Desilu Studios, production schedules, budgets, and even the Nielsen ratings for every episode of the first Star Trek series, These are the Voyages serves as a time machine, taking the reader back to

witness the creation, writing and making of Star Trek.--From publisher description. *The Temple of Gold* Open Road Media The New York Times bestseller that tells the true story of the life of Major Dick Winters, the man who led the Band of Brothers in World War II. In every band of brothers, there is always one who looks out for the others. They were Easy Company, 101st Army Airborne—the World War II fighting unit legendary for their bravery against nearly insurmountable odds and their loyalty to one another in the face of death. Every soldier in this band of brothers looked to one man for leadership, devotion to duty, and the embodiment of courage: Major Dick

Winters. This is the riveting story of an ordinary man who became an extraordinary hero. After he enlisted in the army's arduous new Airborne division, Winters's natural combat leadership helped him rise through the ranks, but he was never far from his men. Decades later, Stephen E. Ambrose's Band of Brothers made him famous around the world. Full of never-before-published photographs, interviews, and Winters's candid insights, *Biggest Brother* is the fascinating, inspirational story of a man who became a soldier, a leader, and a living testament to the valor of the human spirit—and of America. *The Guttenberg Bible*

The New York Times–bestselling author’s phenomenal debut novel about growing up in midwestern, midcentury America. Raymond Euripides Trevitt grows up virtually alone in the small town of Athens, Illinois, until a new boy moves in next door. His name is Zachary Crowe, but he goes by Zock. They’re as different as two midwestern boys can be, but their friendship will go on to shape—if not define—both of their lives. In the early

days, Ray takes Zock hiking and Zock teaches Ray about poetry. They run away to Chicago, hide out in movie theaters, and watch Gunga Din over and over. By high school, it’s clear that Ray is no student while Zock is destined for Harvard. Still, they grow up side-by-side, through adolescence, double-dating, and first love. But during a summer visit home, a tragic accident leaves Ray racked with guilt. Alone once again, Ray discovers that in the depths of despair, resilience and hope are waiting to be found. The Temple of Gold launched the career of bestselling novelist and Academy Award-winning screenwriter William Goldman, best known for Marathon Man and

The Princess Bride.

This ebook features a biography of William Goldman.

In 1814, at the age of seventeen, Daniel Graham sacrificed himself to save another. Recruited at his death to be a Protector of the Night, he has spent the last 200 years as a Dreamcatcher, guarding humans from Nightmares-clawed, red-eyed creatures that feed off people's fears while they sleep. Then he's given an assignment to watch over sixteen-year-old Kayla Bartlett, and the job becomes more dangerous than any Daniel's ever experienced-because someone with the power to control the

monsters seems to want her dead. Driven by his growing feelings for her, Daniel whisks her away to Rome where others like him can keep her safe. Under their roof, the Protectors discover what Kayla is and why someone who can manipulate the nightmares has her in his sights. But before they can make a move, the Protectors are betrayed, and Kayla is kidnapped. Daniel will stop at nothing to save her-even if it means giving up his immortality. He thought she was just another girl to protect. He was wrong.

The beginning of a hard sci-fi series, Deam Park is a visionary science fiction classic from Larry Niven and Steven Barnes. A group of pretend adventurers suit up for a campaign called "The South Seas Treasure Game." As in the early Role Playing Games, there are Dungeon Masters, warriors, magicians, and thieves. The difference? At Dream Park, a futuristic fantasy theme park full of holographic attractions and the latest in VR technology, they play in an artificial enclosure that has been enhanced with special effects, holograms, actors, and a clever storyline. The players get as close as

possible to truly living their adventure. All's fun and games until a Park security guard is murdered, a valuable research property is stolen, and all evidence points to someone inside the game. The park's head of security, Alex Griffin, joins the game to find the killer, but finds new meaning in the games he helps keep alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

## THE WRITERS DIRECTORY

Newmarket Press  
Lana and Lilly Wachowski have redefined the technically and topically possible while joyfully defying audience expectations. Visionary films like The

Matrix trilogy and Cloud Atlas have made them the world's most influential transgender media producers, and their coming out retroactively put trans\* aesthetics at the very center of popular American culture. Cael M. Keegan views the Wachowskis' films as an approach to trans\* experience that maps a transgender journey and the promise we might learn "to sense beyond the limits of the given world." Keegan reveals how the filmmakers take up the relationship between identity and coding (be it computers or genes), inheritance and belonging, and how transgender becoming connects to a utopian vision of a post-racial order. Along the way, he theorizes a trans\*

aesthetic that explores the plasticity of cinema to create new social worlds, new temporalities, and new sensory inputs and outputs. Film comes to disrupt, rearrange, and evolve the cinematic exchange with the senses in the same manner that trans\* disrupts, rearranges, and evolves discrete genders and sexes.

### **Marathon Man**

Penguin  
#1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh’s *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices.

This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I

wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars\* Stories about dogs The secret to eternal happiness\* \*These are lies. Perhaps I have underestimated my sneakiness!

### **FILM REVIEW**

Newmarket Press

"Forget being an actor. You don't have the look, you don't have the talent, and your name is ridiculous. You are the last guy I would ever pick to be a movie star." This was the first piece of advice Steve Guttenberg ever received from an agent. Like many other times in his life, he didn't listen. In this honest, charming memoir, Guttenberg tells the unique story

of his first decade in Hollywood, as he went from being a complete unknown to starring in some of the most successful blockbusters of all time. He spent his early days sneaking onto the Paramount lot and meeting more actors and casting agents than most aspiring actors ever would. Even before the hit *Police Academy*--- which his manager said would be a flop---he had already worked with such luminaries as Lord Laurence Olivier, Richard Widmark, and Gregory Peck. Later he shared the screen with actors such as Mickey Rourke and Sharon Stone long before they became household names. Guttenberg has lived through the addictive pull of show business and worldwide celebrity

(you're no one until you have a stalker, he learns). With a clear-eyed appreciation for the one-of-a-kind experiences that the celebrity lifestyle has to offer, he knew that his family would keep him grounded throughout it all. And his self-awareness and sense of humor about the ups and downs of fame make *The Gutenberg Bible* one of the most candid Hollywood stories to date.

They may have won the first battle, but the Apocalypse has just begun. Five weeks have passed since the battle that left Rome and Columbus in ruins. Sheltered in the hidden city of Caelum, Daniel

and Kayla train alongside over one hundred Magus and Protectors, hoping that their unified ranks will be enough to take down their greatest threat yet: Richard, his followers, and his horde of Nightmares. Then a fallen comrade is returned to Caelum with a message carved into his chest and a note referencing the four Horsemen of the Apocalypse, and Daniel knows their time for training is over. Finally understanding Richard's plans for Kayla and the three other Magus born on Halloween, Daniel and the rest of Caelum's volunteers scout the U.S. in a desperate attempt to stop their enemy before he can unleash his first Horseman. But when massive attacks claim

thousands of lives, people all over the world begin to fall ill—including those Daniel and Kayla care about the most. With the *Horseman of Pestilence* released, Daniel knows it's time to step aside and let Kayla take the lead. Only she has the power to rival her father's. But when Richard's plot turns out to be darker than they imagined, their fight is met with more death and destruction—and an enemy who might be unbeatable, after all.

## **DREAMCATCHER**

Dreamcatcher

William Goldman is one

of the world's most popular storytellers. Amongst his more than two-dozen motion picture screenplays are such iconic works as *Butch Cassidy and the Sundance Kid*, *The Stepford Wives*, *All the President's Men* and *A Bridge Too Far*. His acclaimed novels include *The Temple of Gold*, *Boys and Girls Together*, *The Princess Bride* and *Marathon Man*. His non-fiction embraces *The Season* and *Adventures in the Screen Trade*, considered the definitive studies on Broadway and Hollywood respectively. Yet despite his success, Goldman has always been a tormented man, unable to enjoy either his art or the respect it has garnered him. Convinced he is "in on

a pass," he has rarely written without a profound sense of self-doubt. In William Goldman: The Reluctant Storyteller, Sean Egan analyzes both Goldman's life and output, a task in which he has been assisted by Goldman himself via a series of interviews. The result is an enthralling book that gets to the core of a man who is both supreme talent and perplexing enigma.

Genre authors, like genre fiction, often get no respect. Traditional biographical dictionaries tend to focus on established authors with literary credentials, and if genre writers are included, they are certainly not the focus of the book. Yet genre fans hunger for information about their favorite writers. This compilation focuses exclusively on genre fiction authors, more specifically today's most popular genre authors. It profiles representatives from all major genres (mystery/detective, crime, adventure/suspense, thriller, horror, fantasy, science fiction, western, historical, women's, and romance). Most are contemporary authors,

but a few classics who are still in print and widely read (e.g., J.R.R. Tolkien), are included. Featured authors include Julia Alvarez, Maeve Binchy, Lawrence Block, Clive Cussler, Tony Hillerman, Jan Karon, Faye Kellerman, Dean Koontz, Charles de Lint, Robert Ludlum, Terry McMillan, Anne Rice, Nora Roberts,

Scott Turow, and Stuart Woods. A wonderful reference, particularly for readers' advisors and adult and teen readers seeking information about their favorite writers, this book can also be used as a source for student reports and research papers. It is an affordable alternative to multivolume sets. Young adult and adult. Grades 10 and up.
