### **BURNS PRESTON**

The Queen and the Rebels. A Play in Two Acts HarperCollins UK  
 This is the story of the greatest Canadian ice captain who ever

lived--the greatest, by general consent, of any nationality in this century. Robert Bartlett took ships to the north coast of Ellesmere Island, sledged to within 150 miles of the North Pole, made twenty-two voyages into the Canadian Arctic, and six to other parts of the Arctic, yet is almost wholly unknown in Canada. Besides piloting some of the most famous exploring voyages of all

time--those of Robert E. Peary and Vilhjalmur Stefansson--Bartlett made four arctic voyages for the American Government and sixteen expeditions of his own which produced, in the period between the world wars, an immense wealth of scientific knowledge. He was the first arctic explorer to place science ahead of exploration. Harold Harwood worked from the original

manuscripts and ships' logs to tell the life-story of this remarkable man. Bartlett was a colourful, often controversial character, a man whose extraordinary courage and tenacity were of heroic proportions.

Adulterers, cheats, hypocrites, bad seeds—in My Husband, Rumena Bužarovska turns her wry and razor-sharp gaze on men, and on the lives of the women who suffer them. In these eleven devastatingly precise and psychologically unsettling stories, we follow the female protagonists' thwarted attempts at intimacy, ranging from pretense, to denial, to violent and ultimately self-destructive acts. This smart, funny, provocative collection demonstrates the profound skills that have made Rumena Bužarovska one of the finest contemporary writers of short fiction in Macedonia.

**Shadowplay** Garden City, N.Y. : Doubleday

A book about growing up and being young, about sex and love and rock and roll, about the dreams of youth colliding head-on with the grown-up world.

RSM Press

This book is about the Americanization of Yugoslav culture and everyday life during the nineteen-sixties. After falling out with the Eastern bloc, Tito turned to the United States for support and inspiration. In the political sphere the distance between the two countries was carefully maintained, yet in the realms of culture and consumption the Yugoslav regime was definitely much more

receptive to the American model. For Titoist Yugoslavia this tactic turned out to be beneficial, stabilising the regime internally and providing an image of openness in foreign policy. **Coca-Cola Socialism** addresses the link between cultural diplomacy, culture, consumer society and politics. Its main argument is that both culture and everyday life modelled on the American way were a major source of legitimacy for the Yugoslav Communist Party, and a powerful weapon for both USA and Yugoslavia in the Cold War battle for hearts and minds. Radina Vučetić explores how the Party used American culture in order to promote its own values and what life in this socialist and capitalist hybrid system looked like for ordinary people who lived in a country with communist ideology in a capitalist wrapping. Her book offers a careful reevaluation of the limits of appropriating the American dream and questions both an uncritical celebration of Yugoslavia's openness and an exaggerated depiction of its authoritarianism. **Lost in America** Thames & Hudson

"An edited version is given of the text of Gödel's unpublished manuscript of the notes for a course in basic logic he delivered at the University of Notre Dame in 1939. Gödel's notes deal with what is today considered as important logical problems par excellence, completeness, decidability, independence of axioms [...] The edited version of the text is accompanied by another version, called the source version, which is quite close to Gödel's manuscript."- back cover

Miljenko Jergovic's remarkable début collection of stories, Sarajevo Marlboro – winner of the Erich Maria Remarque Peace Prize – earned him wide acclaim throughout Europe. Croatian by birth, Jergovic spent his childhood in Sarajevo and chose to remain there throughout most of the war. A dazzling storyteller,

he brings a profoundly human, razor-sharp understanding of the fate of the city's young Muslims, Croats, and Serbs with a subterranean humor and profoundly personal vision. Their offbeat lives and daily dramas in the foreground, the killing zone in the background.

#### The Magic of Belgrade Blurb

This grand novel encompasses nearly all of Yugoslavia's tumultuous twentieth century, from the decline of the Austro-Hungarian and Ottoman Empires through two world wars, the rise and fall of communism, the breakup of the nation, and the terror of the shelling of Dubrovnik. Tackling universal themes on a human scale, master storyteller Miljenko Jergovic traces one Yugoslavian family's tale as history irresistibly casts the fates of five generations. What is it to live a life whose circumstances are driven by history? Jergovic investigates the experiences of a compelling heroine, Regina Delavale, and her many family

members and neighbors. Telling Regina's story in reverse chronology, the author proceeds from her final days in 2002 to her birth in 1905, encountering along the way such traumas as atrocities committed by Nazi Ustashe Croats and the death of Tito. Lyrically written and unhesitatingly told, The Walnut Mansion may be read as an allegory of the tragedy of Yugoslavia's tormented twentieth century.
