"Cast aside your cares and worries. Make yourself a Mai Tai, put your favorite exotica record on the hi-fi, and prepare

to lose yourself in the fantastical world of tiki, one of the most alluring--and often misunderstood--movements in American cultural history. Martin and Rebecca Cate, founders and owners of Smuggler's Cove (the most acclaimed tiki bar of the modern era) take you on a colorful journey into the lore and legend of tiki: its birth as an escapist fantasy for Depression-era Americans; how exotic cocktails were invented, stolen, and re-invented; Hollywood starlets and scandals; and tiki's modern-day revival. Featuring more than 100 delicious recipes (original and historic), plus a groundbreaking new approach to understanding rum, Smuggler's Cove is the magnum opus of the contemporary tiki renaissance. Whether you're looking for a new favorite cocktail, tips on how to trick out your home tiki grotto, help stocking your bar with great rums, or inspiration for your next tiki party, Smuggler's Cove has everything you need to transform your world into a Polynesian Pop fantasia"--

"Tales of Space and Time" is a collection of five brief science fiction stories.

The Literary Digest Llewellyn Worldwide

This definitive history of presidential lying reveals how our standards for truthfulness have eroded -- and why Trump's lies are especially dangerous. If there's one thing we know about Donald Trump, it's that he lies. But he's by no means the first president to do so. In *Lying in State*, Eric Alterman asks how we ended up with such a pathologically dishonest commander in chief, showing that, from early on, the United States has persistently expanded its power and hegemony on the basis of presidential lies. He also reveals the cumulative effect of this deception--each lie a president tells makes it more acceptable for subsequent presidents to lie--and the media's complicity in spreading misinformation. Donald Trump, then, represents not an aberration but the culmination of an age-old trend. Full of vivid historical examples and trenchant analysis, *Lying in State* is essential reading for anyone seeking to understand how we arrived in this age of alternative facts.

Apos AuthorHouse

It is estimated that only a small fraction, less than 1 per cent, of ancient literature has survived to the present day. The role of Christian authorities in the active suppression and destruction of books in Late Antiquity has received surprisingly little sustained consideration by academics. In an approach that presents evidence for the role played by Christian institutions, writers and saints, this book analyses a broad range of literary and legal sources, some of which have hitherto been little studied. Paying special attention to the problem of which genres and book types were likely to be

targeted, the author argues that in addition to heretical, magical, astrological and anti-Christian books, other less obviously subversive categories of literature were also vulnerable to destruction, censorship or suppression through prohibition of the copying of manuscripts. These include texts from materialistic philosophical traditions, texts which were to become the basis for modern philosophy and science. This book examines how Christian authorities, theologians and ideologues suppressed ancient texts and associated ideas at a time of fundamental transformation in the late classical world.

China Monthly Musson Book Company
A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

Lying in State Lulu.com

Faced with the difficulties of growing up and choosing a religion, a 12-year-old girl talks over her problems with her own private God. Reissued with a fresh new look and cover art. Simultaneous.

Saudi Arabia and the United States since FDR A&C Black

An insider's account of the often-fraught U.S.-Saudi relationship Saudi Arabia and the United States have been partners since 1943, when President Roosevelt met with two future Saudi monarchs. Subsequent U.S. presidents have had direct relationships with those kings and their successors—setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world's most powerful democracy. Although based in large part on economic interests, the U.S.-Saudi relationship has rarely been smooth. Differences over Israel have caused friction since the early days, and ambiguities about Saudi involvement—or lack of it—in the September 11 terrorist attacks against the United States

continue to haunt the relationship. Now, both countries have new, still-to-be-tested leaders in President Trump and King Salman. Bruce Riedel for decades has followed these kings and presidents during his career at the CIA, the White House, and Brookings. This book offers an insider's account of the U.S.-Saudi relationship, with unique insights. Using declassified documents, memoirs by both Saudis and Americans, and eyewitness accounts, this book takes the reader inside the royal palaces, the holy cities, and the White House to gain an understanding of this complex partnership.

The American Garden Sarah Crichton Books

"A sophisticated, deeply informed account of real life in the real CIA that adds immeasurably to the public understanding of the espionage culture—the good and the bad." —Bob Woodward Jack Devine ran Charlie Wilson's War in Afghanistan. It was the largest covert action of the Cold War, and it was Devine who put the brand-new Stinger missile into the hands of the mujahideen during their war with the Soviets, paving the way to a decisive victory against the Russians. He also pushed the CIA's effort to run down the narcotics trafficker Pablo Escobar in Colombia. He tried to warn the director of central intelligence, George Tenet, that there was a bullet coming from Iraq with his name on it. He was in Chile when Allende fell, and he had too much to do with Iran-Contra for his own taste, though he tried to stop it. And he tangled with Rick Ames, the KGB spy inside the CIA, and hunted Robert Hanssen, the mole in the FBI. *Good Hunting: An American Spymaster's Story* is the spellbinding memoir of Devine's time in the Central Intelligence Agency,

where he served for more than thirty years, rising to become the acting deputy director of operations, responsible for all of the CIA's spying operations. This is a story of intrigue and high-stakes maneuvering, all the more gripping when the fate of our geopolitical order hangs in the balance. But this book also sounds a warning to our nation's decision makers: covert operations, not costly and devastating full-scale interventions, are the best safeguard of America's interests worldwide. Part memoir, part historical redress, *Good Hunting* debunks outright some of the myths surrounding the Agency and cautions against its misuses. Beneath the exotic allure—living abroad with his wife and six children, running operations in seven countries, and serving successive presidents from Nixon to Clinton—this is a realist, gimlet-eyed account of the Agency. Now, as Devine sees it, the CIA is trapped within a larger bureaucracy, losing swaths of turf to the military, and, most ominous of all, is becoming overly weighted toward paramilitary operations after a decade of war. Its capacity to do what it does best—spying and covert action—has been seriously degraded. *Good Hunting* sheds light on some of the CIA's deepest secrets and spans an illustrious tenure—and never before has an acting deputy director of operations come forth with such an account. With the historical acumen of Steve Coll's *Ghost Wars* and gripping scenarios that evoke the novels of John le Carré even as they hew closely to the facts on the ground, Devine offers a master class in spycraft.

The Witch's Book of Power

Suddenly, Greg felt dizzy and tried to look around. In the first class section of the Air France A 380, the others seemed to be dropping off to sleep. Muffled cries

sounded from the cockpit area. The huge plane heeded over and went into a dive.

Encyclopedia of Theology

"Devin Hunter's new book digs deeply into the roots of what makes a witch powerful. He doesn't gloss over the soul-searching work with simple spell "bandaids." Instead, he offers readings and exercises that empower the witch in mind, body, and soul."—Courtney Weber, author of *Brigid: History, Mystery, and Magick of the Celtic Goddess Ignite the Holy Fire Within: Become the Witch You Were Meant to Be* Witchcraft isn't always about the search for enlightenment; sometimes it's about power and the path to obtaining it. The *Witch's Book of Power* shares the secrets to unlocking the Witch Power within you, offering specific techniques for working with personal, cosmic, and ally energies to realize your full magical potential. Professional witch and psychic Devin Hunter has helped thousands of people

discover their power and gain influence, and in this book he skillfully explores the concepts behind creating magic that can change your life. The *Witch's Book of Power* is the perfect resource for witches who intuitively feel that more power is available but seems to be just beyond reach. Praise: "You may or may not choose to follow the path that he has laid out exactly, but I'll wager that you will find something that you want to borrow into your practices. True Witches use what works and you'll find much in this book that yields results."—Ivo Dominguez, Jr., author of *Spirit Speak* "The *Witch's Book of Power* is a missing link in modern witchcraft training. Readers will find just what they need to ignite the spark of power that all witches need for an effective practice."—David Salisbury, author of *The Deep Heart of Witchcraft* "Devin Hunter is this generation's Headmaster of Witchcraft."—Jacki Smith, author of *Coventry Magic*
