The primary purposes of this article are to (a) review empirical findings from the ethical leadership literature utilizing a framework consisting of the antecedents, mediators, moderators and outcomes of ethical leadership, and (b) suggest a set of interesting research opportunities, thereby facilitating future investigation. Ethical Leadership: An Integrative Review and Future ... search is ethical leadership, ethics, morality, virtues, values, morals, and management. Thirty-eight articles were ultimately selected due to their focus on four main topics: a) defining ethical leadership, b) the personal integrity of the leader, c) influencing followers in ethics, and d) current challenges and solutions. A Review of the Literature Concerning Ethical Leadership ... Ethical leadership is essentially a leadership theory, which uses the above ethical concepts as a guide to managing subordinates. Since ethics deals with the principles of 'right' behavior and leadership with influencing other people to achieve goals, ethical leadership is influencing people through ethics. Ethical Leadership Guide: Definition, Qualities, Pros ... In this context, this paper conducts a systematic review on the concepts of ethical leadership and CSR and their impact on firm performance. 114 papers published over a period of 58 years (1958–2016) were selected and analyzed according to descriptive and content perspectives to propose a conceptual framework and define a future research agenda. Effect of ethical leadership and corporate social ... A growing body of research suggests that follower perceptions of ethical leadership are associated with beneficial follower outcomes. However, some empirical researchers have found contradictory results. In this study, we use social learning and social exchange theories to test the relationship between ethical leadership and follower work outcomes. A Meta-analytic Review of Ethical Leadership Outcomes and ... This paper uses moral philosophy to critique leadership theory and the phenomenon of leadership itself. It is an example of what I call "critical leadership ethics," which engages the existing literature. This paper uses moral philosophy to critique leadership theory and the phenomenon of leadership itself. A "critical leadership ethics" approach to the Ethical ... Abstract: Our literature review focuses on the emerging construct of ethical leadership and compares this construct with related concepts that share a common concern for a moral dimension of leadership (e.g., spiritual, authentic, and transformational leadership). Drawing broadly from the intersection of the ethics and leadership literatures, we offer propositions about the antecedents and outcomes of ethical leadership. Ethical leadership: A review and future directions ... But it's not all negative. Studies have found practical, positive benefits too. For example, one experiment at Cornell University found that "ethical leadership was positively and significantly related to employee performance." Another study published in ScienceDirect showed that ethical leadership made employees less likely to leave. Given the high cost of employee turnover, this is a significant benefit. What Is Ethical Leadership? How to Be a More Ethical Leader By establishing norms for ethical behavior—and clearly empowering employees to help enforce it—leaders can affect hundreds or even thousands of other people, motivating and enabling them to act...
