HOOPER MCKAYLA

Ernesto Rowman & Littlefield
Novels bring us into fictional worlds where we encounter the lives, struggles, and dreams of characters who speak to the underlying pulse of society and social change. In this book, post-World

War II America comes alive again as literary critic Robert McParland tilts the rearview mirror to see the characters that captured the imaginations of millions of readers in the most popular and influential novels of the 1950s. This literary era introduced us to Holden Caulfield, Augie March, Lolita, and other antiheroes. Together with popular culture heroes such as Perry Mason and James Bond, they entertained thousands of readers while revealing the underlying currents of

ambition, desire, and concern that were central to the American Dream. Ralph Ellison's *Invisible Man* and James Baldwin's *Go Tell It on the Mountain* and Giovanni's Room explored racial issues and matters of identity that reverberate still today. The works of Jack Kerouac, the Beat poets Allen Ginsberg and Gregory Corso, and the clever and creative William S. Burroughs and his *Naked Lunch* challenged conventional perspectives. *The People We Meet in Stories* will

appeal to readers discovering these works for the first time and to those whose tattered paperbacks reveal a long relationship with these key works in American literary history.

I'd Die For You e-artnow sro

A masterpiece of 20th century literature from F. Scott Fitzgerald, the preeminent chronicler of the Jazz Age--a term he coined. This classic work encapsulating the decadence and excess of the 1920s "Jazz Age" follows the unassuming

Nick Carraway on his search for the American Dream, which leads him to the doorstep of Jay Gatsby, an enigmatic millionaire known for both his lavish parties and his undying love for Nick's cousin, the married Daisy Buchanan. With a mixture of envy and dismay, Nick observes Gatsby and his flamboyant life in the Long Island town of West Egg, while Gatsby yearns for Daisy and all that shimmers across the Sound in East Egg. The result is a chronicle of the drama and deceit that

swirl around the lives of the wealthy, which cemented Fitzgerald's reputation as the voice of his generation.

The Great Gatsby

THE INSPIRATION FOR

THE TELEVISION DRAMA

Z: THE BEGINNING OF

EVERYTHING With brilliant insight and imagination,

Therese Anne Fowler's

New York Times bestseller

Z brings us Zelda's

irresistible story as she

herself might have told it.

I wish I could tell

everyone who thinks

we're ruined, Look

closer...and you'll see something extraordinary, mystifying, something real and true. We have never been what we seemed. When beautiful, reckless Southern belle Zelda Sayre meets F. Scott Fitzgerald at a country club dance in 1918, she is seventeen years old and he is a young army lieutenant stationed in Alabama. Before long, the "ungettable" Zelda has fallen for him despite his unsuitability: Scott isn't wealthy or prominent or even a Southerner, and

keeps insisting, absurdly, that his writing will bring him both fortune and fame. Her father is deeply unimpressed. But after Scott sells his first novel, *This Side of Paradise*, to Scribner's, Zelda optimistically boards a train north, to marry him in the vestry of St. Patrick's Cathedral and take the rest as it comes. What comes, here at the dawn of the Jazz Age, is unimagined attention and success and celebrity that will make Scott and Zelda legends in their own time. Everyone wants to meet

the dashing young author of the scandalous novel—and his witty, perhaps even more scandalous wife. Zelda bobs her hair, adopts daring new fashions, and revels in this wild new world. Each place they go becomes a playground: New York City, Long Island, Hollywood, Paris, and the French Riviera—where they join the endless party of the glamorous, sometimes doomed Lost Generation that includes Ernest Hemingway, Sara and Gerald Murphy, and

Gertrude Stein.
Everything seems new
and possible. Troubles, at
first, seem to fade like
morning mist. But not
even Jay Gatsby's parties
go on forever. Who is
Zelda, other than the wife
of a famous—sometimes
infamous—husband? How
can she forge her own
identity while fighting her
demons and Scott's, too?
The Thirsty Muse Rowman

Popular Modernism and

Its Legacies reconfigures
modernist studies to
investigate how modernist
concepts, figures, and
aesthetics continue to
play essential--though
often undetected--roles
across an array of
contemporary works,
genres, and mediums.
Featuring both
established and emerging
scholars, each of the
book's three sections
offers a distinct
perspective on popular
modernism. The first
section considers popular
modernism in periods
historically associated

with the movement, discovering hidden connections between traditional forms of modernist literature and popular culture. The second section traces modernist genealogies from the past to the contemporary era, ultimately revealing that immensely popular contemporary works, artists, and genres continue to engage and thereby renew modernist aesthetics and values. The final section moves into the 21st century, discovering how popular

works invoke modernist techniques, texts, and artists to explore social and existential quandaries in the contemporary world. Concluding with an afterword from noted scholar Faye Hammill, *Popular Modernism and Its Legacies* reshapes the study of modernism and provides new perspectives on important works at the center of our cultural imagination. [Modernist Women Writers and American Social Engagement](#) Beyond *Gatsby* This book looks at authors

and their works during one of the most tumultuous decades of the twentieth century, focusing on works that resonated with readers. A sweeping social, literary, and cultural history, this book explores the courage and hopes of the "greatest generation" through its imaginative literature. *Popular Modernism and Its Legacies* Cambridge Scholars Publishing Many of the heralded writers of the 20th century—including Ernest Hemingway, John Dos

Passos, F. Scott Fitzgerald, and William Faulkner—first made their mark in the 1920s, while established authors like Willa Cather and Sinclair Lewis produced some of their most important works during this period. Classic novels such as *The Sun Also Rises*, *The Great Gatsby*, *Elmer Gantry*, and *The Sound and the Fury* not only mark prodigious advances in American fiction, they show us the wonder, the struggle, and the promise of the American dream. In *Beyond Gatsby: How*

Fitzgerald, Hemingway, and Writers of the 1920s Shaped American Culture, Robert McParland looks at the key contributions of this fertile period in literature. Rather than provide a compendium of details about major American writers, this book explores the culture that created F. Scott Fitzgerald and his literary contemporaries. The source material ranges from the minutes of reading circles and critical commentary in periodicals to the archives of writers' works—as well as the

diaries, journals, and letters of common readers. This work reveals how the nation's fiction stimulated conversations of shared images and stories among a growing reading public. Signifying a cultural shift in the aftermath of World War I, the collective works by these authors represent what many consider to be a golden age of American literature. By examining how these authors influenced the reading habits of a generation, *Beyond Gatsby* enables readers to gain a deeper

comprehension of how literature shapes culture. *The New Era of the 1920s* Univ. Press of Mississippi F. Scott Fitzgerald and Ernest Hemingway might have been contemporaries, but our understanding of their work often rests on simple differences. Hemingway wrestled with war, fraternity, and the violence of nature. Fitzgerald satirized money and class and the never-ending pursuit of a material tomorrow. Through the provocative arguments of Scott

Donaldson, however, the affinities between these two authors become brilliantly clear. The result is a reorientation of how we read twentieth-century American literature. Known for his penetrating studies of Fitzgerald and Hemingway, Donaldson traces the creative genius of these authors and the surprising overlaps among their works. Fitzgerald and Hemingway both wrote fiction out of their experiences rather than about them. Therefore Donaldson pursues both biography and criticism in

these essays, with a deep commitment to close reading. He traces the influence of celebrity culture on the legacies of both writers, matches an analysis of Hemingway's Spanish Civil War writings to a treatment of Fitzgerald's left-leaning tendencies, and contrasts the averted gaze in Hemingway's fiction with the role of possessions in *The Great Gatsby*. He devotes several essays to four novels, *Gatsby*, *Tender Is the Night*, *The Sun Also Rises*, and *A Farewell to Arms*, and

others to lesser-known short stories. Based on years of research in the Fitzgerald and Hemingway archives and brimming with Donaldson's trademark wit and insight, this irresistible anthology moves the study of American literature in bold new directions.

FITZGERALD/HEMINGWAY ANNUAL

Rowman & Littlefield Publishers
This intriguing study examines the truth behind the myths and

misconceptions that defined the Roaring Twenties, as portrayed through the popular literary works of the time. This one-stop reference to the "Jazz Age"—the period that began after the First World War and ended with the stock market crash of 1929—digs into the cultural, historical, and literary contexts of the era. Author Linda De Roche examines the writing of the time to look beyond the common conceptions of the Roaring Twenties and instead reflect on the

era's complexities and contradictions, including how gender and race influenced social mores. The book profiles key American literature of the time, including F. Scott Fitzgerald's *The Great Gatsby*, Ernest Hemingway's *The Sun Also Rises*, Sinclair Lewis's *Babbitt*, Anita Loos's *Gentlemen Prefer Blondes*, and Nella Larsen's *Passing*. Filled with essays that offer historical explorations of each work as well as suggested learning activities, chapters also

feature study questions, primary source documents, and chronologies. Support materials include activities, lesson plans, discussion questions, topics for further research, and suggested readings.

From Native Son to King's Men Rowman & Littlefield

John Steinbeck is one of the most popular and important writers in American literature. Novels such as *The Grapes of Wrath*, *Of Mice and Men*, and *East of*

Eden and the journal *Travels with Charley* convey the core of Steinbeck's work—fiction that is reflective and compassionate. The Nobel prize winner cared deeply about people, and his writing captured the spirit, determination, and willingness of individuals to fight for their rights and the rights of others. His art of caring is critical for today's readers and as a touchstone for our collective future. In *Citizen Steinbeck: Giving Voice to the People*, Robert McParland explains

how the author's work helps readers engage in moral reflection and develop empathy. McParland also looks at the ways educators around the world have used Steinbeck's writings—both fiction and nonfiction—to impart ideals of compassion and social justice. These ideals are weaved into all of Steinbeck's work, including his journalism and theatrical productions. Drawing on these texts—as well as interviews with secondary-level

teachers—this book shows how Steinbeck’s work prompts readers to think critically and contextually about our values. Demonstrating the power a single author can have on generations of individuals around the world, *Citizen Steinbeck* enables readers to make sense of both the past and the present through the prism of this literary icon’s inspirational work. *Beyond Gatsby* Rowman & Littlefield
In Film and Literary Modernism, the connections between film,

modernist literature, and the arts are explored by an international group of scholars. The impact of cinema upon our ways of seeing the world is highlighted in essays on city symphony films, avant-garde cinema, European filmmaking and key directors and personalities from Charlie Chaplin, Sergei Eisenstein and Alain Renais to Alfred Hitchcock and Mae West. Contributors investigate the impact of film upon T. S. Eliot, time and stream of consciousness in Virginia Woolf and Henri

Bergson, the racial undercurrents in the film adaptations of Ernest Hemingway’s fiction, and examine the film writing of William Faulkner, James Agee, and Graham Greene. Robert McParland assembles an international group of researchers including independent film makers, critics and professors of film, creative writers, teachers of architecture and design, and young doctoral scholars, who offer a multi-faceted look at modernism and the art of the film.

Ku Klux Kulture

Bloomsbury Publishing

This informative two-volume set provides readers with an understanding of the fads and crazes that have taken America by storm from colonial times to the present. Entries cover a range of topics, including food, entertainment, fashion, music, and language. Why could hula hoops and TV westerns only have been found in every household in the 1950s? What murdered Russian princess can be

seen in one of the first documented selfies, taken in 1914? This book answers those questions and more in its documentation of all of the most captivating trends that have defined American popular culture since before the country began. Entries are well-researched and alphabetized by decade. At the start of every section is an insightful historical overview of the decade, and the set uniquely illustrates what today's readers have in common with the past. It

also contains a Glossary of Slang for each decade as well as a bibliography, plus suggestions for further reading for each entry. Students and readers interested in history will enjoy discovering trends through the years in such areas as fashion, movies, music, and sports.

**THE CAMBRIDGE
COMPANION TO F.
SCOTT FITZGERALD**

Cambridge University
Press
Eleven specially
commissioned essays by

major Fitzgerald scholars present a clearly written and comprehensive assessment of F. Scott Fitzgerald as a writer and as a public and private figure. No aspect of his career is overlooked, from his first novel published in 1920, through his more than 170 short stories, to his last unfinished Hollywood novel. Contributions present the reader with a full and accessible picture of the background of American social and cultural change in the early decades of the twentieth century.

The introduction traces Fitzgerald's career as a literary and public figure, and examines the extent to which public recognition has affected his reputation among scholars, critics, and general readers over the past sixty years. This volume offers undergraduates, graduates and general readers a full account of Fitzgerald's work as well as suggestions for further exploration of his work. Careless People Lexington Books
Faulkner. Fitzgerald.

Hemingway. O'Neill. All great American writers; all alcoholics. And as Tom Dardis convincingly tells, the work of each suffered grievously from the disease. 8 photos.

THE GREAT GATSBY

Routledge

In popular understanding, the Ku Klux Klan is a hateful white supremacist organization. In *Ku Klux Kulture*, Felix Harcourt argues that in the 1920s the self-proclaimed Invisible Empire had an even wider significance as a cultural movement. Ku

Klux Kulture reveals the extent to which the KKK participated in and penetrated popular American culture, reaching far beyond its paying membership to become part of modern American society. The Klan owned radio stations, newspapers, and sports teams, and its members created popular films, pulp novels, music, and more. Harcourt shows how the Klan's racist and nativist ideology became subsumed in sunnier popular portrayals of heroic vigilantism. In the

process he challenges prevailing depictions of the 1920s, which may be best understood not as the Jazz Age or the Age of Prohibition, but as the Age of the Klan. Ku Klux Kulture gives us an unsettling glimpse into the past, arguing that the Klan did not die so much as melt into America's prevailing culture.

Film and Literary

Modernism Lexington Books

James Jones: The Limits of Eternity is the first detailed critical study of American author James

Jones' works placing him as an important figure within the context of twentieth century literature rather than his present status as a war novelist. It presents a comprehensive view of his entire work seeing him as a critical commentator of American values in the era in which he wrote. This book will be of interest to academics and students, as well as general readers interested in issues of American history, literature, gender, and sexuality.

Gatsby Rowman & Littlefield

This invaluable resource covers all aspects of 1920s political, artistic, popular, and economic culture in America, supporting the AP U.S. history curriculum through topical and biographical entries, primary documents, sample documents-based essay questions, and period-specific learning objectives. The 1920s, despite President Harding's "return to normalcy," were a time of both great cultural and

social advancement as well as various forms of oppression in the United States. Bookended in history by two world wars, this period saw the rise of tabloid journalism and mass media; the banning and reinstatement of alcohol; the advent of voting rights for women and Native Americans; movements such as the Red Scare, labor strikes, the Harlem Renaissance, and racial protests; and the global reorganization that occurred as the major powers fumbled their way through postwar

foreign policy and the League of Nations. Almost no element of U.S. society was untouched. The New Era of the 1920s: Key Themes and Documents provides high school students taking the Advanced Placement (AP) U.S. history course and undergraduates taking a lower level American history survey course with an invaluable study guide and targeted test preparation material. Much more than just an AP test-taking study guide, this new title in ABC-CLIO's Unlocking

American History series is a true reference source for the societal, political, and economic history of a specific period covered in the AP U.S. history course. Readers will also benefit from features designed for student exam preparation, such as a sample documents-based essay question and period-specific learning objectives that are in alignment with the 2014 AP U.S. History Curriculum Framework.

MARK TWAIN'S

AUDIENCE

Penguin Books
The Great Gatsby by F. Scott Fitzgerald F. Scott Fitzgerald's third book stands as the supreme achievement of his career. This exemplary novel of the Jazz Age has been acclaimed by generations of readers. The story of the fabulously wealthy Jay Gatsby and his love for the beautiful Daisy Buchanan, of lavish parties on Long Island at a time when The New York Times noted "gin was the

national drink and sex the national obsession," it is an exquisitely crafted tale of America in the 1920s. The mysterious Jay Gatsby uses his fabulous wealth to create an enchanted world fit for his former love, Daisy Buchanan, now married to Tom. Daisy, though, is a romanticised figment of his own imagination, and the extraordinary world that he creates is equally illusory. He gives lavish, legendary, parties where the guests and gate-crashers enjoy free-flowing champagne and

cocktails and carefree hospitality. It is easy for modern readers to forget that the story takes place in the time of Prohibition (1920 to 1933) something that would have been immediately apparent when the book was first published. It enforces the nature of the unreal world that Gatsby creates, beyond the reach of the law and the police. But a more sinister reality begins to break through, as idealised romantic figures prove to have human frailties and selfish motivations, and the

grandiose world of Gatsby's creation crumbles and disillusion turns to tragedy. A film adaptation starring Leonardo DiCaprio as Gatsby and Carey Mulligan as Daisy Buchanan was released in 2013. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to

facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as

possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. the great gatsby book, the great gatsby summary, the great gatsby pdf, the great gatsby book pdf, the great gatsby book review

The People We Meet in Stories Createspace Independent Publishing Platform Drawing on literary examples, this book helps readers better understand the full range of issues that older men face—from legacy and loss to health issues and grace. Looking at how older men’s lives

are documented in American fiction, the author examines works by some of the most important names in contemporary literature including Don DeLillo, Jonathan Franzen, Cormac McCarthy, Marilynne Robinson, Philip Roth, Jane Smiley, Anne Tyler, and John Updike.
