Be the NutBe the Nut is a story of a little buckeye who just can't come to terms with who he really is. He so desperately wants to become an oak tree that he can't see his own special qualities and he begins to compare himself to the little acorn. His comparisons lead to coveting, scheming, lying and even stealing!He learns some very important lessons along the way; like what we wear on the outside cannot change who we are on the inside and that God knows just what

He's doing when He creates each one of us.
