Social Theory of International Politics Social Theory of International Politics expresses a theory that emphasises the role of shared ideas and norms in shaping state behaviour. It is critical of both liberal and realist approaches to the study of international relations which, Wendt argues, emphasize materialist and individualistic motivations for state actions rather than norms and shared values as Wendt argues they should. Social Theory of International Politics - Wikipedia Drawing upon philosophy and

social theory, Social Theory of International Politics develops a cultural theory of international politics which contrasts with the realist mainstream. Wendt argues that states can view each other as enemies, rivals or friends, characterising these roles as 'cultures of anarchy', which are shared ideas which help shape states' interests and capabilities.
