Myrtle Coldron goes to Avebury and must discover how her aunt died, and soon discovers that taking a practical approach to things otherworldly is the best plan for a witch with powers, and it just may cost her her life.

After Katrina Chicago Review Press

In the bleak, forbidding house of her great-aunts, neglected twelve-year-old orphan Maggie hears ghostly voices and finds magic that awakens in her the capacity to love and be loved.

AMERICAN HEALTH CRISIS

1 Dead in AtticAfter Katrina

A New York Times Notable Book 2012 The rural town of Stockton, New York, is famous for nothing: no one was born there, no one died there, nothing of any historical import at all has ever happened there, which is why Solomon Kugel, like other urbanites fleeing their pasts and histories, decided to move his wife and young son there. To begin again. To start anew. But it isn't quite working out that way for Kugel... His ailing mother stubbornly holds on to life, and won't stop reminiscing about the Nazi concentration camps she never actually suffered through. To complicate matters further, some lunatic is burning down farmhouses just like the one Kugel bought, and when, one night, he discovers history—a living, breathing, thought-to-be-dead specimen of history—hiding upstairs in his attic, bad quickly becomes worse. Hope: A Tragedy is a hilarious and haunting examination of the burdens and abuse of history, propelled with unstoppable rhythm and filled with existential musings and mordant wit. It is a comic and compelling story of the hopeless longing to be free of those pasts that haunt our every present.

The Graveyard Book Simon and Schuster

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school.

He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

Stories, Observations, and Affirmations Nova Publishers

This celebration of the woman who took us to the heights of a secluded attic and the depths of our own dark psyches reveals an intimate portrait of the famously private V.C. Andrews—featuring family photos, personal letters, a partial manuscript for an unpublished novel, and more. Best known for her internationally, multi-million-copy bestselling novel *Flowers in the Attic*, Cleo Virginia Andrews lived a fascinating life. Born to modest means, she came of age in the American South during the Great Depression and faced a series of increasingly challenging health issues. Yet, once she rose to international literary fame, she prided herself on her intense privacy. Now, *The Woman Beyond the Attic* aims to connect her personal life with the public novels for which she was famous. Based on Virginia's own letters, and interviews with her dearest family members, her long-term ghostwriter Andrew Neiderman tells Virginia's full story for the first time. *The Woman Beyond the Attic* is perfect for V.C. Andrews fans who pick up every new novel or for fans hoping to return to the favorite novelist of their adolescence. Eye-opening and intimate, *The Woman Beyond the Attic* is for anyone hoping to learn more about the enigmatic woman behind one of the most important novels of the 20th century.

A cloth bag containing 20 paperback copies of the title that may also include a folder with sign out sheets.

Flowers in the Attic Simon and Schuster

NATIONAL BESTSELLER • National Book Award Finalist • Winner of the PEN/Faulkner Award The acclaimed author of *When the Emperor Was Divine* tells the story of a group of young women brought from Japan to San Francisco as “picture brides” a century ago in this “understated

masterpiece ... that unfolds with great emotional power" (San Francisco Chronicle). In eight unforgettable sections, *The Buddha in the Attic* traces the extraordinary lives of these women, from their arduous journeys by boat, to their arrival in San Francisco and their tremulous first nights as new wives; from their experiences raising children who would later reject their culture and language, to the deracinating arrival of war. Julie Otsuka has written a spellbinding novel about identity and loyalty, and what it means to be an American in uncertain times. Don't miss Julie Otsuka's new novel, *The Swimmers*, coming in February 2022!

A LITERARY COMPANION

Algonquin Books

Chris, Cathy, and the twins are to be kept hidden until their grandfather dies so that their mother will receive a sizeable inheritance, however, years pass and terrifying things occur as the four children grow up in their one room prison.

The V.C. Andrews Story Anchor

Hurricanes Katrina and Rita caused enormous damage and loss of life in the Gulf Coast region in late summer and fall of 2005. Lutherans living in the region and church buildings near the destruction were hit with great losses. The crisis called forth an outpouring of aid and service that continues even today. The book tells the story of how the Lutheran church and its people have responded to the suffering of those most affected by the storms. Following Jesus' admonition to love and serve those in need, the church has worked in partnership with synods and congregations to bring hope and healing to many in the region. Included are powerful firsthand accounts, insightful theological reflections, questions for group use. A portion of the proceeds of each book will be donated to the Texas-Louisiana Gulf Coast Synod Disaster Relief Fund.

Is This America? Literary Wanderlust

From police on the street, to the mayor of New Orleans and FEMA administrators, government officials monumentally failed to protect the most vulnerable residents of New Orleans and the Gulf Coast during the Katrina disaster. This violation of the social contract undermined the foundational narratives and myths of the American nation and spawned a profound, often contentious public debate over the meaning of Katrina's devastation. A wide range of voices and images attempted to

clarify what happened, name those responsible, identify the victims, and decide what should be done. This debate took place in forums ranging from mass media and the political arena to the arts and popular culture, as various narratives emerged and competed to tell the story of Katrina. Is This America? explores how Katrina has been constructed as a cultural trauma in print media, the arts and popular culture, and television coverage. Using stories told by the New York Times, New Orleans Times-Picayune, Time, Newsweek, NBC, and CNN, as well as the works of artists, writers, musicians, filmmakers, and graphic designers, Ron Eyeran analyzes how these narratives publicly articulated collective pain and loss. He demonstrates that, by exposing a foundational racial cleavage in American society, these expressions of cultural trauma turned individual experiences of suffering during Katrina into a national debate about the failure of the white majority in the United States to care about the black minority.

AMONG THE HIDDEN

Anchor Books

Ten years in the making, Gary Rivlin's Katrina is "a gem of a book—well-reported, deftly written, tightly focused....a starting point for anyone interested in how The City That Care Forgot develops in its second decade of recovery" (St. Louis Post-Dispatch). On August 29, 2005 Hurricane Katrina made landfall in southeast Louisiana. A decade later, journalist Gary Rivlin traces the storm's immediate damage, the city of New Orleans's efforts to rebuild itself, and the storm's lasting effects not just on the area's geography and infrastructure—but on the psychic, racial, and social fabric of one of this nation's great cities. Much of New Orleans still sat under water the first time Gary Rivlin glimpsed the city after Hurricane Katrina as a staff reporter for The New York Times. Four out of every five houses had been flooded. The deluge had drowned almost every power substation and rendered unusable most of the city's water and sewer system. Six weeks after the storm, the city laid off half its workforce—precisely when so many people were turning to its government for help. Meanwhile, cynics both in and out of the Beltway were questioning the use of taxpayer dollars to rebuild a city that sat mostly below sea level. How could the city possibly come back? "Deeply engrossing, well-written, and packed with revealing stories....Rivlin's exquisitely detailed narrative captures the anger, fatigue, and ambiguity of life during the recovery, the centrality of race at every step along the way, and the generosity of many from elsewhere in the country" (Kirkus Reviews, starred review). Katrina tells the stories of New Orleanians of all stripes as they confront the aftermath of one of the great tragedies of our age. This is "one of the must-reads of the season" (The New Orleans Advocate).

AFTER KATRINA

Lennox

After moving to Providence, Rhode Island, Kenny discovers that his new house is haunted by the

spirit of a black slave boy who asks Kenny to return with him to the early nineteenth century and prevent his murder by slave traders.

The Resurgence of New Orleans and the Future of Urban America Simon and Schuster
In the span of five violent hours on August 29, 2005, Hurricane Katrina destroyed major Gulf Coast cities and flattened 150 miles of coastline. But it was only the first stage of a shocking triple tragedy. On the heels of one of the three strongest hurricanes ever to make landfall in the United States came the storm-surge flooding, which submerged a half-million homes—followed by the human tragedy of government mismanagement, which proved as cruel as the natural disaster itself. In *The Great Deluge*, bestselling author Douglas Brinkley finds the true heroes of this unparalleled catastrophe, and lets the survivors tell their own stories, masterly allowing them to record the nightmare that was Katrina.

Race, Neoliberalism, and the End of the American Century Simon and Schuster

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "1 Dead in Attic: After Katrina." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

1 Dead in Attic Simon and Schuster

After their home burns down, fourteen-year-old Nick, his younger brother, and their father move into a ramshackle Victorian house they've inherited. When Nick opens the door to his attic room, he's hit in the head by a toaster. That's just the beginning of his weird experiences with the old junk stored up there. After getting rid of the odd antiques in a garage sale, Nick befriends some local kids—Mitch, Caitlin, and Vincent—and they discover that all of the objects have extraordinary properties. What's more, Nick figures out that the attic is a strange magnetic vortex, which attracts all sorts of trouble. It's as if the attic itself has an intelligence . . . and a purpose. Ultimately Nick learns that the genius Nikola Tesla placed the items—his last inventions—in the attic as part of a larger plan that he mathematically predicted. Nick and his new friends must retrieve everything that was sold at the garage sale and keep it safe. But the task is fraught with peril—in addition to the dangers inherent in Tesla's mysterious and powerful creations, a secret society of physicists, the Accelerati, is determined to stop Nick and alter destiny to achieve its own devious ends. It's a lot for a guy to handle, especially when he'd much rather fly under the radar as the new kid in town. Fans of intrigue, action, humor, and nonstop surprises are guaranteed a read unlike any other in Tesla's Attic, Book One of the Accelerati Trilogy.

MARK Z. DANIELEWSKI'S HOUSE OF LEAVES

W. W. Norton & Company

A history of U.S. public health emergencies and how we can turn the tide. Despite enormous advances in medical science and public health education over the last century, access to health

care remains a dominant issue in American life. U.S. health care is often hailed as the best in the world, yet the public health emergencies of today often echo the public health emergencies of yesterday: consider the Great Influenza Pandemic of 1918–19 and COVID-19, the displacement of the Dust Bowl and the havoc of Hurricane Maria, the Reagan administration's antipathy toward the AIDS epidemic and the lack of accountability during the water crisis in Flint, Michigan. Spanning the period from the presidency of Woodrow Wilson to that of Donald Trump, *American Health Crisis* illuminates how—despite the elevation of health care as a human right throughout the world—vulnerable communities in the United States continue to be victimized by structural inequalities across disparate geographies, income levels, and ethnic groups. Martin Halliwell views contemporary public health crises through the lens of historical and cultural revisionings, suturing individual events together into a narrative of calamity that has brought us to our current crisis in health politics. *American Health Crisis* considers the future of public health in the United States and, presenting a reinvigorated concept of health citizenship, argues that now is the moment to act for lasting change.

A History of the Literature of the U.S. South: Volume 1 Knopf Books for Young Readers

A family relocates to a small house on Ash Tree Lane and discovers that the inside of their new home seems to be without boundaries

Cambridge University Press

It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

A Marketville Mystery Augsburg Books

Robert Fulghum's new book begins with a question we've all asked ourselves: "What on Earth have I done?" As Fulghum finds out, the answer is never easy and, almost always, surprising. For the last couple of years, Fulghum has been traveling the world - from Seattle to the Moab Desert to Crete - looking for a few fellow travelers interested in thinking along with him as he delights in the unexpected: trick-or-treating with your grandchildren dressed like a large rabbit, pots of daffodils blooming in mid-November, a view of the earth from outer space, the mysterious night sounds of the desert, every man's trip to a department store to buy socks, the raucous all-night long feast that is Easter in Greece, the trials and tribulations of plumbing problems and the friendship one can strike up with someone who doesn't share the same language. *What on Earth Have I Done?* is an armchair tour of everyday life as seen by Robert Fulghum, one of America's great essayists, a man who has two feet planted firmly on the earth, one eye on the heavens and, at times, a tongue planted firmly in his cheek. Fulghum writes to his fellow travelers, with a sometimes light heart, about the deep and vexing mysteries of being alive and says, "This is my way of bringing the small boat of my life within speaking distance of yours. Hello..."
