ERIC

Scholastic Inc.

A beautifully surreal and gently humorous picture book about cultural differences, empathy and the power of perspective, from internationally acclaimed author-illustrator Shaun Tan. Eric is a foreign exchange student who comes to live with a typical suburban family. Although everyone is delighted with the arrangement, cultural misunderstandings ensue, beginning with Eric's insistence on sleeping in a pantry cupboard rather than a specially prepared guest room. The family takes Eric on a number of excursions, but they're never sure if he's having a good time, as he just doesn't say very much. He's mostly interested in small things he discovers on the ground. When Eric leaves the family suddenly, they're unsure if they've done something wrong. But Eric leaves them a surprise gift that they'll never forget.

The supposed collapse of Roman civilization is still lamented more than 1,500 years later-and intertwined with this idea is the notion that a fledgling religion, Christianity, went from a persecuted fringe movement to an irresistible force that toppled the empire. The "intolerant zeal" of Christians, wrote Edward Gibbon, swept Rome's old gods away, and with them the structures that sustained Roman society. Not so, argues Douglas Boin. Such tales are simply untrue to history, and ignore the most important fact of all: life in Rome never came to a dramatic stop. Instead, as Boin shows, a small minority movement rose to transform society-politically, religiously, and culturally-but it was a gradual process, one that happened in fits and starts over centuries. Drawing upon a decade of recent studies in history and archaeology, and on his own research, Boin opens up a wholly new window onto a period we thought we knew. His work is the first to describe how Christians navigated the complex world of social identity in terms of "passing" and "coming out." Many Christians lived in a dynamic

middle ground. Their quiet success, as much as the clamor of martyrdom, was a powerful agent for change. With this insightful approach to the story of Christians in the Roman world, Douglas Boin rewrites, and rediscovers, the fascinating early history of a world faith. [The Arrival](#) Hachette UK

From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated. "What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island--and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, *Letters from Rifka* presents a real-life heroine with an uncommon courage and unsinkable spirit. *Torchlight* Little, Brown

He eventually finds himself in a bewildering city of foreign customs, peculiar animals, curious floating objects and indecipherable languages. With nothing more than a suitcase and a handful of currency, the immigrant must find a place to live, food

to eat and some kind of gainful employment. He is helped along the way by sympathetic strangers, each carrying their own unspoken history: stories of struggle and survival in a world of incomprehensible violence, upheaval and hope. This collector's edition will fascinate anyone who has fallen under the spell of Shaun Tan's timeless story, and offers a revealing insight into the craft of one of Australia's most compelling author-illustrators. **THE ARRIVAL** has become one of the most critically acclaimed books of recent years, a wordless masterpiece that describes a world beyond any familiar time or place. Praised throughout the cartoon industry by such luminaries as Art Spiegelman, Matt Groening, and Will Eisner, this innovative comic book provides a detailed look at the history, meaning, and art of comics and cartooning.

Tales from Outer Suburbia Pearson
Breathtakingly illustrated and hauntingly

written, *Tales from Outer Suburbia* is by turns hilarious and poignant, perceptive and goofy. Through a series of captivating and sophisticated illustrated stories, Tan explores the precious strangeness of our existence. He gives us a portrait of modern suburban existence filtered through a wickedly Monty Pythonesque lens. Whether it's discovering that the world really does stop at the end of the city's map book, or a family's lesson in tolerance through an alien cultural exchange student, Tan's deft, sweet social satire brings us face-to-face with the humor and absurdity of modern life.

Let the Wind Speak First Second
Document from the year 2018 in the subject Didactics for the subject English - Literature, Works, grade: 1.3, Christian-Albrechts-University of Kiel (Englisches Seminar), language: English, abstract: This text contains an essay and the schedule for an English lesson (seventh/eighth grade Gymnasium). The author shows how to introduce the graphic novel "The Arrival" by Shaun Tan. This book starts with an essay discussing and interpreting the novel. After this, the author describes how the novel could be dealt with by teachers. This work focuses on one specific graphic novel of Tan. Hence, the term "graphic novel" will be used frequently, thus a definition needs to be given. Until the 1970s, comics were seen as books for young children and youths without any cognitive or literary demands. In 1978, Eisner and Steranko published comic books and called them graphic novel in order to prove that comics too are demanding. In the 1980s, Art Spiegelmann published his controversial graphic novel "Maus I", which deals with his families

experience in the Holocaust.

Spiegelmann's graphic novel not only supported Eisner and Steranko's efforts, it even managed to enter classrooms as an example of serious literature. According to Monnin, graphic novels are the perfect mix of print-text and image literacy, which makes it easy to have literature suitable for a larger group of students. Since some students are rather verbal-linguistic and others rather visual learners, a graphic novel seems to be a nice arrangement which fits both. This option makes it possible to get more students interested in literature and motivates them to read and to participate in the course. Furthermore, Monnin highlights the importance of this change for teachers. Teachers have the opportunity to change the conservative print-text literature school courses into innovative and more creative courses, therewith showing a different feature of literature to the wider society.

The Arrival Franklin Watts

A unique 128-page, textless graphic novel, in black, white and sepia, *The Arrival* draws its inspiration from tales of migrants in past and recent times. The central character is a middle-aged man who arrives in a strange new place and tries to find a place to live, a job and a handle on a new language. He encounters many challenges, all described entirely through visual sequences. The absence of words emphasises the strangeness of the situation and the loneliness experienced by many migrants, but the ending is full of affirmation and hope, when the wife and son the migrant had to leave behind are finally able to join him in their new homeland. www.thearrival.com.au
