HEADWAY

OUP Oxford

Expanding vital core grammar in exploratory Language Focus sections, this title includes texts from a variety of sources that aim to provide the rich vocabulary input that learners need at this level. The 'Music of English' and 'Spoken English' sections, highlight stress intonation patterns and focus on features of informal spoken English.

Upper intermediate. Student's book OUP Oxford

The listening and reading texts are drawn from a range of authentic sources. An in-depth treatment of grammar enables students to work out grammatical rules and helps them achieve greater accuracy through a better understanding of how language works. There is a thorough skills syllabus, with all four skills systematically developed and integrated through related tasks. There is extensive work on vocabulary, with particular emphasis on the most frequently used verbs, phrasal verbs, idioms, and compounds. Integrated pronunciation practice is provided throughout. 'Postscript' sections provide an opportunity to practise everyday English in situations (such as airports and hotels), or survival areas (such as telephones and directions). There is a particular focus on the grammar of spoken English. The topics - including homelessness, pre-nuptial agreements, and the effects of tourism - have all been chosen to appeal to adults and young adults.
