### Mao's Last Revolution

Taylor & Francis  
Drawing from her  
childhood experience,  
the author brings hope  
and humor to this  
fascinating story of a  
young girl growing up  
and fighting to survive  
during the Cultural  
Revolution in China.

*The Bad Canadian*  
Franklin Classics Trade  
Press

The Book of Isaiah is  
very Rich with  
Metaphors and Similes,  
if you are in Love with  
them, or not; but, most  
Poor People are not:  
beCause the  
Metaphors are far too  
"Foggy" for them to  
Understand, which  
Means that they must

Practice Reading all  
such Books, just to get  
a Good Understanding  
of them. At any rate,  
this Version of Isaiah is  
by far the Best in the  
World, and is Rated as  
"Extremely Good" by  
Well-Educated People.  
Therefore, it is a "must  
read" Book, if anyone  
is Interested in Actually  
Understanding the  
Bible. Most People are  
not; but, that is not a  
Problem: because most  
People were not Born  
to be Masters. Indeed,  
most were Born to be  
Good Servants of Good  
Masters, which is  
Good: because the  
Masters are like the  
Head of the Body of  
Good Government,  
which Body must have  
many other Working  
Parts and Organs, just  
to Function Correctly  
as a Body. Therefore,

do not let the Hands  
 Despise the Eyes:  
 beCause, what could  
 the Hands Do without  
 Eyes to Guide them,  
 even if the Eyes belong  
 to some other Person,  
 who can See what is  
 Needed. We suggest  
 that Readers of this  
 Inspired Book take  
 their Sweet Time, and  
 read only a few  
 Chapters each Day,  
 and do not attempt to  
 read the entire Book  
 during one Day, even  
 though it will be  
 Tempting to Finish it,  
 quickly, just to  
 Discover those  
 Precious Parts that  
 make it so Famous and  
 Controversial among  
 Religious Scholars,  
 some of whom are very  
 Perplexed by it:  
 because no one can  
 Rightly Deny that God,  
 himself, is Speaking  
 through "Isaiah," who  
 may have been

Reincarnated! Indeed,  
 there is the Possibility  
 of it; but, do not let  
 that "Buck you Out of  
 the Saddle," as a  
 Cowboy might say.  
 Remember that this is  
 a Companion Book of:  
 "The New MAGNIFIED  
 Version of The Book of  
 MOORMUN!" (The Story  
 of the White and Dark  
 Indians in the  
 Americas!), Book 040,  
 which is perhaps the  
 Best Modern Book in  
 the whole World! Yes,  
 unlike the Mutilated  
 Bible, the Book of  
 Mormon is much more  
 Understandable, being  
 "a New Revelation from  
 God," you might say;  
 but, it is nothing quite  
 as Enlightening as the  
 New MAGNIFIED  
 Version, which most  
 Definitely contains New  
 Revelations from the  
 Supreme Ruler of this  
 Heaven and Earth.  
 Therefore, do not let

the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!  
*Tainted Energy*  
Cambridge University Press

Awasin, a Cree Indian boy, and Jamie, a Canadian orphan living with his uncle, the trapper Angus Macnair, are enchanted by the magic of the great Arctic wastes. They set out on an adventure that proves longer and more dangerous than they could have imagined. Drawing on his knowledge of the ways of the wilderness and the implacable northern elements, Farley Mowat has created a memorable

tale of daring and adventure. When first published in 1956, *Lost in the Barrens* won the Governor-General's Award for Juvenile Literature, the Book-of-the-Year Medal of the Canadian Association of Children's Librarians and the Boys' Club of America Junior Book Award.

### **CHINA'S CULTURAL REVOLUTION, 1966-69: NOT A DINNER PARTY**

Createspace  
Independent Publishing Platform  
Proverbs, those sage sayings and goblets of wisdom, invariably injected with gentle humour, are common to virtually all peoples and cultures on Earth. The Chinese are no exception. Gathered here are gems galore, which, while revealing

much as to the Chinese national psyche, highlight particular traits and characteristics that span the globe.

**Some of Us** Biteback Publishing  
 The Labour Party welcomed the Russian Revolution in 1917: it paved the way for the birth of a socialist superpower and ushered in a new era in Soviet governance. Labour excused the Bolshevik excesses and prepared for its own revolution in Britain. In 1929, Stalin deported hundreds of thousands of men, women and children to work in labour camps. Subjected to appalling treatment, thousands died. When news of the camps leaked out in Britain, there were protests demanding the government ban

imports of timber cut by slave labourers. The Labour government of the day dismissed mistreatment claims as Tory propaganda and blocked appeals for an inquiry. Despite the Cabinet privately acknowledging the harsh realities of the work camps, Soviet denials were publicly repeated as fact. One Labour minister even defended them as part of 'a remarkable economic experiment'. Labour and the Gulag explains how Britain's Labour Party was seduced by the promise of a socialist utopia and enamoured of a Russian Communist system it sought to emulate. It reveals the moral compromises Labour made, and how it turned its back on the people in order to

further its own political agenda.

*Revolution* Walker

Childrens

The American spirit of self-reliance goes hand in hand with the mystical tradition of Zen -- yet it hasn't found its own bare wire. The best revolution, and the domain of the Zen adept, is an inner one. The Zen Revolution reads like a novel, each compelling chapter revealing another nuance -- the whole gamut, from origin to fiery culmination. Delving into both the spiritual and worldly aspects with equal candor, The Zen Revolution takes on the basic question of existence, perhaps the most important question we face. There's a new adventure in every

chapter, leading to an eventual breakthrough

-- something nearly unheard of in the Zen literature of the West *Slake's Limbo* Medina Publishing

'Scientists labelled fat the enemy . . . they were wrong.' Time magazine We've been told for years that eating fat is bad for us, that it is a primary cause of high blood pressure, heart disease and obesity. The Real Meal Revolution debunks this lie and shows us the way back to restored health through eating what human beings are meant to eat. This book will radically transform your life by showing you clearly, and easily, how to take control of not just your weight, but your overall health, too - through what you eat.

And you can eat meat, seafood, eggs, cheese, butter, nuts . . . often the first things to be prohibited or severely restricted on most diets. This is Banting, or Low-Carb, High-Fat (LCHF) eating, for a new generation, solidly underpinned by years of scientific research and by now incontrovertible evidence. This extraordinary book, already a phenomenal bestseller, overturns the conventional dietary wisdom of recent decades that placed carbohydrates at the base of the supposedly healthy-eating pyramid and that has led directly to a worldwide epidemic of obesity and diabetes. Both a startling revelation, and as old as humanity itself, it offers a truly

revolutionary approach to healthy eating that explodes the myth, among others, that cholesterol is bad for us. This is emphatically not just another unsustainable, quick-fix diet or a fad waiting to be forgotten, but a long-delayed return to the way human beings are supposed to eat. The Real Meal Revolution is an ebook which maintains the design of the book, and as a result will not display correctly on some basic reading devices.

## LOVEBOUND

Macmillan  
The Plot of the Book  
Title: Revolution in Wazobia: The Revolutionary Vision of the Triumph of a Triumvirate  
Written in 410 pages including the preliminary pages, 14 Chapters and a Postscript  
Copyright: Anene Nwuzor, 2013, Published in 2015  
Publishers: Ann's Indulgence Limited (AIL), Abuja, Nigeria.  
The book is a historical fiction for a general readership. The author, Anene Nwuzor, used a fictional approach to deal with realities in Africa. Bad leadership and corruption have

contributed to having most of the African countries falling behind with failed education, economic and socio-political systems. Just like many innovations, which come with imaginations turned into clear visions, the author put up a challenge to a possibility, which with commitment can be brought to reality. Just a reminiscent of the saying, 'with imagination one can fly', with his vision in order to inspire in the people a rethink, hope and confidence for a change towards for growth and development of African countries. The author's analogy of the prevailing pathetic state of African countries, using an imaginary country in this book started in his

earlier book; *Educating for Democracy in Nigeria*, a psycho-socio analysis, which specifically analysed the systems' failure in Nigeria. The book pitched from helping readers in understanding human and developmental psychology went on explaining to readers what contributed to the systems' abnormalities. With an unassuming boldness, the author in this new book traced the need for social change, reformation of minds and use of scientific innovation (Nanotechnology) to offer what will help change the systems. While some people have given up hope on a change to normal standard systems, some have the notion that for the countries in

Africa, if at all a positive change will come, it will come with revolution, which has been mostly viewed as one of violence, bloodshed. However, the author in another different stroke daringly offered a practical solution on how the needed change can happen. Committed to impacting on societal growth and development, he reaffirmed the need for a radical change--not one of bloodshed--but in attitude with Revolution in Wazobia. Despite portraying the disheartening tales of abnormal things that have become normal things, which people seem not working on changing but rather devising means to living with or leaving for some other foreign

lands, Revolution in Wazobia created a fascinating and mind-boggling thriller of the tales that make readers to laugh hilariously (this is possibly to nerve the readers while exposing the weak structure of the educational, economic, social and political institutions), but then the readers pause and think. The book somewhat taught what democratic leadership and followership should offer. The author found a figure, a woman, Andora, who despite the odds surrounding her sexuality--in most African cultures is subjected for no just cause to social, economic and moral deprivation--triumphed along with two other major characters. They promoted an ideology

and a movement that helped change the people's executive, legislature and judiciary systems. Nwuzor tactically employed the skills of a teacher, a historian, a psycho-socio analyst and many years of experience as a researcher to analyse the behaviour of the polity in most of the African countries. The story completed in 2013, in simple past tense tells of a modest future triumph for Africans. His work depicted with utmost precision what played out in Nigeria's 2015 general election. The work is a result of thorough analysis, and thus deemed worth reading for the actualization of its actual vision. It has an audio and e-book versions. Links to

Univ of California Press

Collects entries on contemporary Chinese culture since 1980, discussing such topics as prisons, underground churches, and rock groups.

*What's for Dinner?*

Henry Holt and Company (BYR)

The summer of 1972, before I turned nine, danger began knocking on doors all over China. Ling lives a comfortable life with her parents in Wuhan. But when Comrade Li, one of Mao's political

officers, moves into a room in their apartment, things begin to change for the worse. Ling's secure, happy world gradually begins to fall apart and Ling fears for the safety of her neighbours, and soon for herself and her family. A powerful story, told with hope and humour, of a girl growing up and fighting to survive during the Cultural Revolution.

The True Story of Mao's Last Dancer

Booksurge Publishing

Two strangers, one city, four days, one night, one lie and a fantastic journey. 'When We Clicked' is my twisted love story. I am Akhil Parlekar, a Mumbaikar in my early twenties. Like every other Mumbaikar I love my city, consider

Sachin Tendulkar a God fantasize about Katrina Kaif, but I am about to die. Before I was dying, I lived my life in four days, when we clicked. It was love at first sight for me, but not for her. I spent the four days with her wandering in the city, thinking that she would fall in love with me, but the night that followed the fourth day, changed everything. This journey is about emotions like humour, lust, hatred, betrayal, heroism, friendship and the biggest emotion of them all; love. I am letting you in my heart as well as my brain, you be the judge if this is a love story or not. `You are the protagonist of your life's story, the central character around which all the other characters and incidents occur.

When the protagonist of your story changes to someone else, you are in love. That person becomes the central character of your story and everything else revolves around the person you love.'

**The Controversial History of Mao Zedongs Political Mass Movement After the Great Leap Forward** McClelland & Stewart

\*Includes pictures  
\*Includes Mao's quotes and accounts from Chinese living through it \*Includes online resources and a bibliography for further reading \*Includes a table of contents "A revolution is not a dinner party, or writing an essay, or painting a picture, or doing embroidery. It cannot be so refined, so

leisurely and gentle, so temperate, kind, courteous, restrained and magnanimous. A revolution is an insurrection, an act of violence by which one class overthrows another." - Mao "[The Cultural Revolution was] responsible for the most severe setback and the heaviest losses suffered by the Party, the country, and the people since the founding of the People's Republic." - The Communist Party's description of the Cultural Revolution in 1981, five years after Mao's death. It's a sure sign of fame when a man is known simply by his first name, and Mao Zedong, often referred to simply as Mao or Chairman Mao, was one of the most influential men of the

20th century. He was also arguably the most controversial; as the founder of the People's Republic of China, Mao rose from being a communist revolutionary to successfully overthrowing a regime and transforming China into a communist powerhouse in Asia. The ramifications of Mao's life and legacy are still very much felt today, as China continues to transition into a superpower that may soon lay claim to the world's largest economy. Mao's communist revolution is still controversial, but it was his reign over China that has made him notorious, and in the West he is often considered one of history's biggest tyrants. Mao's revolution and his

subsequent policies have been accused of causing millions of deaths, possibly more than the likes of Hitler and Stalin. It has been roughly estimated that Mao was responsible for the deaths of anywhere from 40-70 million, but he has plenty of defenders as well, and they cite Mao's military and political leadership for inspiring similar revolutions across the world. When the Great Leap failed, he was outmaneuvered by experts in the party who went on to restore the more gradualist approach of the first Five-Year Plan. In the subsequent years, without an active governing role, Mao concluded that the gains of the revolution could be lost if China simply came under the

grip of a new governing elite. He decided that the only way to instill a proper revolutionary fervor in the country's youth was to enlist them to wage a permanent war on the vestiges of "bourgeois culture" in China. It was against this backdrop that Mao announced the Cultural Revolution in 1966. Unlike the revolution that brought the communists to power by using armed struggle to gain political power, this new revolution was to be waged at the level of everyday life, carried out by common citizens against fellow citizens suspected of "rightist" tendencies. The vanguard of the movement was the volunteer "Red Guard," a citizen army of young people who wore red

armbands and called out those they suspected of counterrevolutionary tendencies. The Cultural Revolution became a war of all against all. Students attacked and revolted against their teachers, young people exposed their parents as "rightists," urban intellectuals were forced to go to the countryside and work on farms, and Communist Party officials were publicly shamed in front of large crowds. Thousands and possibly even millions were killed or driven to suicide, among them Mao's intraparty rivals, Liu Shaoqi and Peng Dehuai. The Red Guard had as one of their tenets a fierce devotion to Mao, and they required that the

Chairman's portrait be displayed in every household and on every street corner. Elements of traditional Chinese culture, including architecture, art, music, and literature, were rooted out and destroyed by the Red Guard in its fervent effort to cleanse communist culture of the relics of the past.

*Great Trainers Make It Happen* Simon and Schuster

"Manners and Mischief is a cohesive, stimulating volume. Reading these essays and the editors' enlightening introduction was a joy: I learned a great deal, smiled and laughed with uncommon regularity, and marveled at the quality of this remarkable collection." -William M.

Tsutsui, author of  
Godzilla on My Mind  
"This book is full of  
fascinating insights.  
Well-written and often  
witty, it captures a  
detailed snapshot of  
Japanese society in the  
early 21st century. I  
would say this is the  
most insightful book on  
modern Japan I have  
read in years." -Liza  
Dalby, anthropologist  
and novelist

Year.

## **NOT A DINNER PARTY**

Simon and Schuster  
Mao Zedong launched the "Great Proletarian Cultural Revolution" 30 years ago. This documentary history of the event presents a selection of key primary documents dealing with the Cultural Revolution's massive and bloody assault on China's political and social systems.

**Chinese Women Growing Up in the Mao Era** Routledge  
Eleven talented authors challenged with just one condition-tell ten stories in exactly 434 words each. Flash fiction in a streamlined package. Quick hitting pieces across several different genres designed to

highlight the craft and art of modern storytelling. Names you may be familiar with, like R. MonaLeza, Corey Michael Smithson, Paul Grimsley, and Jinxie G, combined with some of the most promising artists-Michael Lawrence, Amy Kay, Ben Umstead, John P. Marentay, Broadie Thornton, Rob CL, and Angel Ashton-makes this an anthology you won't want to miss.

**The Real Meal Revolution** Robinson  
China is hot. The world sees a glorious future for this sleeping giant, three times larger than the United States, predicting it will blossom into the world's biggest economy by 2010. According to Chang, however, a Chinese-American lawyer and

China specialist, the People's Republic is a paper dragon. Peer beneath the veneer of modernization since Mao's death, and the symptoms of decay are everywhere: Deflation grips the economy, state-owned enterprises are failing, banks are hopelessly insolvent, foreign investment continues to decline, and Communist party corruption eats away at the fabric of society. Beijing's cautious reforms have left the country stuck midway between communism and capitalism, Chang writes. With its impending World Trade Organization membership, for the first time China will be forced to open itself to foreign competition, which will shake the country to its

foundations. Economic failure will be followed by government collapse. Covering subjects from party politics to the Falun Gong to the government's insupportable position on Taiwan, Chang presents a thorough and very chilling overview of China's present and not-so-distant future.
