ONE BODY, ONE SPIRIT, AND ONE NEW MAN

Religious wars, global terrorism, pandemics, and genocide have all helped to usher in the Anxiety Age. Who better to lead the way out than popular psychic Sylvia Browne? In *End of Days*, Browne tackles the most daunting of subjects with her trademark clarity, wisdom, and serenity, answering such difficult questions as: What's coming in the next fifty years? What do the great prophecies of Nostradamus and the Book of Revelation mean? If the world is really going to end, what will unfold in our final hours? For anyone who's ever wondered where we're headed, and what—if anything—we can do to prevent a catastrophe of biblical proportions, *End of Days* is a riveting and insightful must-read.

The Mystical Teachings of Jesus Penguin

For Pagans and Christians alike, *Jesus Through Pagan Eyes* offers a provocative portrait of Jesus—as a compassionate, life-affirming, nature-inspired spiritual teacher, freed from the limiting ideology of the Church. Rev. Mark Townsend sets the stage by exploring the historical evidence of who Jesus was as a human being before delving into the realm of metaphor and mythology, the notion of Christ, and the Church's conception of Jesus as Christ. The heart of this unique book lies in the thoughtful and deeply moving collection of stories, essays, and interviews about Jesus from today's most respected Pagan, Wiccan, and Druidic leaders. Contributors such as Maxine Sanders, Christopher Penczak, Janet Farrar, Diana Paxson, Philip Carr-Gomm, Oberon Zell-Ravenheart, John Michael Greer, Selena Fox, and Raven Grimassi explore the historical figure of Jesus in relation to Witchcraft, the tarot, goddess worship, and shamanism—while illustrating how this god of the Christian church blesses and inspires those who embrace non-traditional spiritual paths. Whether you envision Jesus as an ascended master, a human teacher, or a mythic god-man, this remarkable book will introduce you to a Jesus who fits fully into the Pagan imagination. Praise: "Townsend uses Jesus to initiate dialogue, and he does so in way that is accepting and inclusive of many understandings and interpretations of Jesus, his purpose, and his relevance (or irrelevance) in the religious practices of contemporary Pagans." —Huffington Post "This work admirably promotes understanding between belief systems that have a sometimes uneasy relationship." —Publishers Weekly

In popular usage, "mysticism" typically refers to New Age or Eastern forms of spirituality. However, the mystical tradition is also an important component of the Christian tradition. At its heart—and much like its expression in other faith traditions—Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for personal enlightenment, and the experience of Divine presence. This volume is a comprehensive introduction and guide to Christian mysticism. It is a big book about a big possibility: the hope of achieving real, blissful, experiential union with God. Among the topics covered here are a general introduction to mysticism, the Bible and mysticism, the history and types of Christian mysticism, biographical sketches of leading Christian mystics, and practical instructions about practicing mysticism today. This is a breathtaking work that explores a form of spirituality that has changed lives over the course of 2,000 years. Learning about Christian mysticism and how it has been articulated through the centuries will prove inspirational for today's seekers, regardless of the faith tradition. "The mystic is not a special kind of person; every person is a special kind of mytic." --William McNamara

The Mystical Life of Jesus Penguin

Life of Jesus Christ and Biblical Revelations, Volume 2

Harper Collins

Called in a special way to listen to God's whispers, the mystics amplify not only what it means to be baptized into the life, death, and resurrection of Jesus Christ 'and to having the Trinity living in them 'but also what is deepest in the human spirit. Mystics experience themselves as an infinite question to which only God is the answer; as an immense longing that only Love can quench; as a nothing in the face of the No-Thing. They are God's fools, troubadours "the great artists and poets of the interior life whose learned ignorance" articulates the art of loving God, neighbor, self, the Church, and the world. In *Soundings in the Christian Mystical Tradition* Harvey Egan draws on fifty years of reading and teaching the mystics to sketch the varieties and passion of the mystical life across more than two millennia. Through their stories and words Egan reveals that all were conscious of the paradox of human identity 'supremely and unsurpassably manifested in the God-Man 'that the genuinely human is disclosed only through surrender to God and that the search for God cannot bypass the genuinely human.

The Life of Mary As Seen by the Mystics Wipf and Stock Publishers Startling new archaeological discoveries and such groundbreaking cultural phenomena as The Da Vinci Code and The Passion of the Christ have sparked a renaissance in impassioned controversies about religion and the life of Christ. Now, Sylvia Browne, with the help of her spiritual guide, delivers the truth about Him, His teachings, and His works for God as she answers such provocative questions as: - Was there a virgin birth? - Was there a Star of Bethlehem? - What did Jesus do for the first 30 years of his life? - What really happened at the crucifixion? - Was he married? Was he divine? - Is a Jesus lineage a possibility? In Browne's own words, the answers may "rattle the cages" of her millions of readers—answers that could only have come from someone who has visited the afterlife.

Contemplating Christ Sema Institute

The incarnation has made mystics of us all. What if we read the gospels as if that were true? In his book *Contemplating Christ*, Vincent Pizzuto offers an exploration of the interior life for modern contemplatives that is as beautiful as it is compelling. With an emphasis on the gospels and Christian mystical tradition, his book explores ancient themes in new and surprising ways. Drawing on his rich experience as an academic and priest, Pizzuto gradually unfolds the Christian mystery of deification to which the whole of biblical revelation and the Christian contemplative life are ordered: through the incarnation, we have all been made

“other Christs” in the world.

A masterpiece that combines the visions of four great Catholic mystics into one coherent story on the life of the Blessed Virgin Mary. Based primarily on the famous revelations of Ven. Anne Catherine Emmerich and Ven. Mary of Agreda, it also includes many episodes described in the writings of St. Bridget of Sweden and St. Elizabeth of Schenau. To read this book, therefore, is to share in the magnificent visions granted to four of the most privileged souls in the history of the Church. The Mystical Body of Christ captures the theological precision and communicative genius of Fulton J. Sheen (1895–1979), whose radio and television broadcasts, including *Life Is Worth Living*, have reached millions of homes since the 1950s. With more than thirty of his works still in print, Sheen is one of the most beloved Catholic evangelists of all time. This full-length and fully developed work on the Church as an extension of the Incarnation reveals Sheen’s accessible and theologically astute teaching style in the early years of his ministry. First published in 1935, the book’s themes of the Eucharist as a source of unity for the Mystical Body of Christ—the Church—and the link between the liturgy and works of social justice were echoed in the Second Vatican Council several decades later.

Thomas Merton’s lectures to the young monks at the Abbey of Gethsemani provide a good look at Merton the scholar. *A Course in Christian Mysticism* gathers together, for the first time, the best of these talks into a spiritual, historical, and theological survey of Christian mysticism—from St. John’s gospel to St. John of the Cross. Sixteen centuries are covered over thirteen lectures. A general introduction sets the scene for when and how the talks were prepared and for the perennial themes one finds in them, making them relevant for spiritual seekers today. This compact volume allows anyone to learn from one of the twentieth century’s greatest Catholic spiritual teachers. The study materials at the back of the book, including additional primary source

readings and thoughtful questions for reflection and discussion, make this an essential text for any student of Christian mysticism.

This revised and expanded edition offers a big possibility: the hope of achieving real, experiential union with God. “The Christian of the future will be a mystic—or will not exist.” This word of warning from theologian Karl Rahner was uttered half a century ago, and today, Christianity is indeed in crisis. Is mysticism necessary for the survival of Christianity? What exactly is Christian mysticism? How can it be relevant in our crisis-ridden world? Questions like these inspire *The New Big Book of Christian Mysticism*, a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman. *The New Big Book of Christian Mysticism* serves as both introduction and practical instruction for a living contemplative practice today. In addition to the overview of mysticism, spiritual and prayer practices in mysticism, the various types of mysticism in Christian tradition, and influential mystics through the millennia, this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives, from Howard Thurman to Pauli Murray. It also includes new chapters and themes that address embodied mysticism, contemplation and social justice, and the ongoing relevance of Jesus’s message of radical equality and inclusivity. This bigger book introduces both Christians and non-Christians to the contemplative tradition within Christianity, a tradition that has often been marginalized or cloistered (to the church’s detriment). As a practice-oriented book, this is an invitation to embrace the mystical element within Christianity—a practice that can equip faithful persons with a joyful sense of divine intimacy, not just for personal benefit but as a foundation to a life of service and activism in the interest of justice. McColman’s overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today’s seekers, regardless of their faith tradition. At its heart, Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for enlightenment, the thirst for a better world, and the experience of divine presence.

THE MYSTICAL JOURNEY FROM JESUS TO CHRIST

Llewellyn Worldwide

Christian mysticism is unique in its view of Jesus’ death and resurrection as the very cause and exemplar of the mystical life in all its purity. Jesus’ saving death on the cross exemplifies the mystical letting-go of everything consoling, tangible and finite in

order to surrender totally to the mystery of the Father’s unconditional love. In this introduction to Christian mysticism, Reverend Harvey Egan, S.J. presents four Christian mystics as paradigms of the classical tradition: St. Ignatius of Loyola, St. Teresa of Avila, St. John of the Cross, and the unknown author of the *Cloud of Unknowing*. From this foundation he moves to two contemporary figures, Thomas Merton and Pierre Teilhard de Chardin, each of whom reflects a contemporary transposition of the two mystical traditions, the apophatic, which emphasizes the radical difference between God and creatures, and the kataphatic, which emphasizes the similarity between God and creatures.

“The Mystic Christ is an ancient tale of mystic union, salvation, and enlightenment. It is the careful uncovering of a lost treasure of immeasurable value, long buried in the suffocating darkness of conventional orthodoxy on one side, and blind fundamentalist extremism on the other. From the viewpoint of the world’s mystical religious traditions, the brilliant light of the Master’s way is revealed as a penetrating radical non-duality unifying all people and all of life. His path to this all-embracing unity is the spiritual practice of pure selfless love. Love God intensely, love our neighbor as our own Self, bless those that curse us, and pray for those that mistreat us. Love has been lost, becoming nothing more than a word in the dictionary and, yet, it remains the foundation of Jesus’ message.”
