From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the

more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Did you know that:- Squanto, the Indian who helped the Massachusetts Bay Colony survive, spoke English and had actually made 3 round-trip crossings to Europe before the Pilgrim's 1620 landing at Plymouth Rock ever took place?-The Continental Divide, the imaginary line that divides North America into rivers that flow west from those that flow east, itself divides, forming a large basin in Wyoming where water flows neither in nor out?- Abner Doubleday, the reputed "father of baseball," commanded the artillery at Fort Sumter and thus fired the first Union shot of the Civil War?-The Battle of Hastings was not fought at Hastings?- The ointment Bacitracin gets part of its name from an American girl, Margaret Tracy, who had a leg wound that led to the development of the antibiotic?- Both the largest and the brightest object that you can see with human eye are located in one easy-to-find constellation?This book is, at heart, a glorified trivia book, but describing it that way really sells it just a bit short. Trivia books all too often tend to deal with material that is inherently uninteresting - it's simply trivial. Once you've read some fact in a trivia book, you tend to forget it immediately. While it's clearly an opinion, who, after reading the number of dimples on a golf ball says to himself, "I think I'm going to remember that fact and maybe even tell all of my friends?" An addictive fantasy romance from TikTok sensation Piper CJ, now newly revised and edited. Two orphans grow into powerful young women as they face countless threats to find their way back to each other. Farleigh is just an orphanage. At least, that's what the church would have the people believe, but beautiful orphans Nox and fae-touched Amaris know better. They are commodities for sale, available for purchase by the highest bidder. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.
