Descriptive General English

OMB No. 8453694108176 edited by

BRODERICK KYLEIGH

Descriptive Writing Book for SSC and Bank Exams (English Printed Edition) Gk Publications
 A compact grammar for the student of English taking a descriptive approach. The introduction provides a general background and indicates the kinds of evidence on which grammatical description is based. This book is designed especially for the literary student of English, and provides a single compact grammar primarily concerned with Classical Old English, rather than the other Old English dialects. The book takes a descriptive approach and avoids assuming a knowledge of Germanic philology. The introduction provides a minimum background of knowledge and indicates the kinds of evidence on which the grammatical description is based.

In today's era, job seekers keep looking for an efficient way to explore the career opportunities and if the question is about government jobs then this matter becomes even more concerned. Because Government sector in India is always being the very first choice for employment and career. The reason is the luxury, reputation, job security and high salary of these jobs. This book is a complete developed package for job seekers who look their career in the stable government services of India. This book will allow them to explore all the public sector opportunities announced by Government of India and will help to learn how to navigate the appropriate process for different government job applications. Each chapter in this book pinpoints the complete guidelines for the government jobs in a particular public sector. It is not only a path guide for the job seekers to explore the government jobs but it is also a smart tool that will help them to enhance their career

in a broadened way. Time to time Government of India announces different public sector jobs at central and state level including Civil Services, Central and States' Public Sector Companies, Banks Autonomous Bodies, Defence Services, Indian Civil Services, Public administration services and other organisations. So it becomes very difficult for an individual to be aware of about all the jobs and get information about how to explore all those jobs. But with the help of this book it will be very easy for him to be informed about all the jobs possibilities in a single bundle. So in this book the reader will learn to find meaningful government jobs in different public sectors that fit to them, and how to best get there. This book has been prepared in such a way that it will be helpful for both the students and faculty.

English Wizard (Descriptive & Objective) Disha Publications

Of the 6000 languages now spoken throughout the world around 3000 may become extinct during the next century. This guide gives linguists the tools to describe them, syntactically and grammatically, for future reference.

Synchronic English Linguistics Disha Publications

This book helps "students to master the standard organizational patterns of the paragraph and the basic concepts of essay writing. The text's time-proven approach integrates the study of rhetorical patterns and the writing process with extensive practice in sentence structure and mechanics." - product description.

ENGLISH WITH NIMISHA BANSAL Cambridge University Press

A Descriptive Grammar of Buddhist Sanskrit Arihant Publications India limited

A number of national level examinations like IAS Mains, State PCS, IES, IFS, etc. check the English language aptitude of candidates with a compulsory English language paper. This book has been designed for such examinations which assess the English language abilities in detail. The present book covering English Language in descriptive nature has been divided into four parts namely Writing Skills, Comprehension Skills, Grammar Skills & Verbal Skills. Part A has been further divided into Essay Writing, Expansion Writing, Report Writing, Precis Writing and Letter Writing. The Verbal Skills section covers Paronyms & Homonyms, One Word Substitutions, Synonyms & Antonyms, Phrasal Verbs, etc. whereas the Grammar Skills section covers The Function of Tenses, Voice, Narration, Synthesis, Prepositions, etc. Each chapter in the book contains detailed theory including a number of sample examples in a simple & easier way to understand the topics well. Workbook Exercises have been provided in between the chapters for Part B, C & D to help aspirants practice the concepts discussed in each chapter. Answers for all the questions have been given at the end of the section. As the book covers varied aspects of English language, it for sure will help aspirants score high in the upcoming national and state level competitive and recruitment examinations.

A HANDBOOK FOR LETTER WRITING

Psychology Press

Descriptive grammars are our main vehicle for documenting and analysing the linguistic structure of the world's 6,000 languages. They bring together, in one place, a coherent treatment of how the whole language works, and therefore form the primary source of information on a given language, consulted by a wide range of users: areal specialists, typologists, theoreticians of any part of language (syntax, morphology, phonology, historical linguistics etc.), and members of the speech communities concerned. The writing of a descriptive grammar is a major intellectual challenge, that calls on the grammarian to balance a respect for the language's distinctive genius with an awareness of how other languages work, to combine rigour with readability, to depict structural regularities while respecting a corpus of real material, and to represent something of the native speaker's competence while recognising the variation inherent in any speech community. Despite a recent surge of awareness of the need to document little-known languages, there is no book that focusses on the manifold issues that face the author of a descriptive grammar. This volume brings together contributors who approach the problem from a range of angles. Most have written descriptive grammars themselves, but others represent different types of reader. Among the topics they address are: overall issues of grammar design, the complementary roles of outsider and native speaker grammarians, the balance between grammar and lexicon, cross-linguistic comparability, the role of explanation in grammatical description, the interplay of theory and a range of fieldwork methods in language description, the challenges of describing languages in their cultural and historical context, and the tensions between linguistic particularity, established practice of particular schools of linguistic description and the need for a universally commensurable analytic framework. This book will renew the field of grammaticography, addressing a multiple readership of descriptive linguists, typologists, and formal linguists, by

Bangla is spoken as the majority language in Bangladesh and the state of West Bengal in India, and as a minority language in several other Indian states. With almost 200 million native speakers, it ranks among the top ten languages in the world in number of speakers. Based on both primary and secondary materials, the CASL Bangla grammar provides comprehensive coverage of the phonology, orthography, morphology, and syntax of Bangla. Plentiful examples of naturally-occurring sentences provide native orthography, Romanization, and morpheme-by-morpheme glossing along with free translations. Unlike many Romanizations of Bangla, our system eschews Sanskritic influence and instead reflects actual Bangla phonology. We also offer comparative information of use to linguists, highlighting features of Bangla shared with the South Asian sprachbund, such as light verb constructions, as well as those that differentiate Bangla from its Indo-Aryan relatives; for example, its unique NP structure. Written in an accessible style from a theory-neutral perspective, this work will be of use to linguistic researchers, language scholars, and students of Bangla. A formal grammar focusing on the morphology is an available companion work.

DESCRIPTIVE LIST OF RELIGIOUS BOOKS IN THE ENGLISH LANGUAGE SUITED FOR GENERAL USE

Arihant Publications India limited

This book proposes an innovative approach to general nouns. General nouns are defined as high-frequency nouns that are characterized by their textual functions. Although the concept is motivated by Halliday & Hasan (1976), the corpus theoretical approach adopted in the present study is fundamentally different and set in a linguistic framework that prioritizes lexis. The study investigates 20 nouns that are very frequent in mainstream English, as represented by the Bank of English Corpus. The corpus-driven approach to the data involves a critical discussion of descriptive tools, such as patterns, semantic prosodies, and primings of lexical items, and the concept of? local textual functions? is put forward to characterize the functions of the nouns in texts. The study not only suggests a characterization of general nouns, but also stresses that functions of lexical items and properties of texts are closely linked. This link requires new ways of describing language.

Garner's Modern American Usage John Benjamins Publishing

This book has been designed by combining the goodness of the original Wren & Martin text, High School Grammar & Composition, and specialized content developed by a panel of competitive examination experts in the area of the English language. The USP is therefore adapting a classical text to the needs of the various admission and recruitment competitive examination aspirants. Its exhaustive coverage ensures that virtually no competitive examination remains untouched. Students preparing for descriptive tests such as UPSC (Compulsory English and General English Papers of Main Exams) and state PCS examinations, Judicial Services examination, Indian Forest Service examination, Statistical Services and many other examinations in which subjective papers/tests are mandatory will find this book immensely useful. The book is also a boon for those students who are preparing for objective tests such as Banking and Insurance, SSC, UPSC preliminary, Defence Services, Law entrance, Business School entrance examinations, and many other admission and recruitment examinations. A unique feature of this book is demonstration of the connectedness of the concepts and their applications visually, with the help of arrows and pointers. The aspirant will also find questions from recent examinations on virtually every page of the book. An index of examination-wise questions has been included so that the aspirant can choose the sections according to the targeted examination and focus more. Topic-wise distribution of questions in English examination papers - both descriptive and objective - will also help aspirants to undertake a very well directed test-prep program using the book.

English General Nouns SoftCover

American English has many word pairs and trios that are alike enough to be confusing. Word Choice Errors provides a novel way to empower writers of all levels to cut through the confusion to understand which word to use and why that's the word to use. Written in a user-friendly style, grounded in descriptive linguistics methods, and eschewing memorization, this book trains writers to detect, interpret, and act on language clues - with exercises, "wild idea" analytical tricks, and additional resources throughout. It is an excellent resource for instructors and students of grammar or writing/rhetoric, as well as for individuals looking to develop their language and writing skills.

Mastering Essay & Answer Writing for UPSC Civil Services IAS/ IPS & State PSC Main Exam Disha Publications

MBA A GREAT OPTION FOR SUCCESS

Walter de Gruyter GmbH & Co KG

This book is published by invincible publishers and we are proud to inform you that this is an Indian title. The author of the book is also Indian.

Rapanui Gunter Narr Verlag

The Cambridge Handbook of English Corpus Linguistics (CHECL) surveys the breadth of corpus-based linguistic research on English, including chapters on collocations, phraseology, grammatical variation, historical change, and the description of registers and dialects. The most innovative aspects of the CHECL are its emphasis on critical discussion, its explicit evaluation of the state of the art in each sub-discipline, and the inclusion of empirical case studies. While each chapter includes a broad survey of previous research, the primary focus is on a detailed description of the most important corpus-based studies in this area, with discussion of what those studies found, and why they are important. Each chapter also includes a critical discussion of the corpus-based methods employed for research in this area, as well as an explicit summary of new findings and discoveries.
