MATA HOLLAND

The World's Most Bizarre Murders Arcturus Publishing

By using true tales of thieves, swindlers, and fraudsters at work, Financial Serial Killers illustrates how these perpetrators get their hooks into investors' wallets, savings accounts, and portfolios—and never let go. The worst financial crisis since the great depression revealed that thousands of mom and pop investors had lost millions to so-called Mini-Madoffs. They are the thieves and conmen who had used phony financial acumen to steal investors' money, wipe out savings, and damage lives. Financial Serial Killers reveals the cons—from the grand to picayune—advisers cultivate with their victims—relationships that are essential to the fraud. Take the story of Lillian, the little old lady who invested with Warren Buffett, one of the richest men in the world. After her husband died, she thought her family's treasure of \$24 million in stock controlled by Buffett was safe. It was—until a family relative introduced the eighty-nine-year-old grandmother to a pair of unscrupulous insurance agents who convinced her to reinvest her savings in life insurance—decimating her nest egg while padding the agents' pockets. Lillian's story, as well as other accounts of deceit and fraud are the core of Financial Serial Killers. Readers will learn how to better protect their family's wealth and savings after reading this book.

MY FRIEND DAHMER (MOVIE TIE-IN EDITION)

Cambridge University Press

From New York Times bestselling author Pete Earley—the strange but true story of how a young man's devastating brain injury gave him the unique ability to connect with the world's most terrifying criminals. Fifteen-year-old Tony Ciaglia had everything a teenager could want until he

suffered a horrific head injury at summer camp. When he emerged from a coma, his right side was paralyzed, he had to relearn how to walk and talk, and he needed countless pills to control his emotions. Abandoned and shunned by his friends, he began writing to serial killers on a whim and discovered that the same traumatic brain injury that made him an outcast to his peers now enabled him to connect emotionally with notorious murderers. Soon many of America's most dangerous psychopaths were revealing to him heinous details about their crimes—even those they'd never been convicted of. Tony despaired as he found himself inescapably drawn into their violent worlds of murder, rape, and torture—until he found a way to use his gift. Asked by investigators from the National Center for Missing and Exploited Children to aid in solving a murder, Tony launched his own searches for forgotten victims with clues provided by the killers themselves. The Serial Killer Whisperer takes readers into the minds of murderers like never before, but it also tells the inspiring tale of a struggling American family and a tormented young man who found healing and closure in the most unlikely way—by connecting with monsters.

Buried Secrets William Morrow

Jeffrey Dahmer. Ted Bundy. John Wayne Gacy. Over the past thirty years, serial killers have become iconic figures in America, the subject of made-for-TV movies and mass-market paperbacks alike. But why do we find such luridly transgressive and horrific individuals so fascinating? What compels us to look more closely at these figures when we really want to look away? Natural Born Celebrities considers how serial killers have become lionized in American culture and explores the consequences of their fame. David Schmid provides a historical account of how serial killers became famous and how that fame has been used in popular media and the corridors of the FBI alike. Ranging from H. H. Holmes, whose killing spree during the 1893 Chicago World's Fair inspired The Devil in the White City, right up to Aileen Wuornos, the lesbian prostitute whose vicious murder of seven men would serve as the basis for the hit film Monster, Schmid unveils a

new understanding of serial killers by emphasizing both the social dimensions of their crimes and their susceptibility to multiple interpretations and uses. He also explores why serial killers have become endemic in popular culture, from their depiction in The Silence of the Lambs and The X-Files to their becoming the stuff of trading cards and even Web sites where you can buy their hair and nail clippings. Bringing his fascinating history right up to the present, Schmid ultimately argues that America needs the perversely familiar figure of the serial killer now more than ever to manage the fear posed by Osama bin Laden since September 11. "This is a persuasively argued, meticulously researched, and compelling examination of the media phenomenon of the 'celebrity criminal' in American culture. It is highly readable as well."—Joyce Carol Oates

Financial Serial Killers Duckworth Overlook

BOOKER PRIZE NOMINEE • “A taut and darkly funny contemporary noir that moves at lightning speed, it’s the wittiest and most fun murder party you’ve ever been invited to.” —MARIE CLAIRE Korede’s sister Ayoola is many things: the favorite child, the beautiful one, possibly sociopathic. And now Ayoola’s third boyfriend in a row is dead, stabbed through the heart with Ayoola’s knife. Korede’s practicality is the sisters’ saving grace. She knows the best solutions for cleaning blood (bleach, bleach, and more bleach), the best way to move a body (wrap it in sheets like a mummy), and she keeps Ayoola from posting pictures to Instagram when she should be mourning her “missing” boyfriend. Not that she gets any credit. Korede has long been in love with a kind, handsome doctor at the hospital where she works. She dreams of the day when he will realize that she’s exactly what he needs. But when he asks Korede for Ayoola’s phone number, she must reckon with what her sister has become and how far she’s willing to go to protect her.

THE DREADFUL ACTS OF JACK THE RIPPER AND OTHER TRUE TALES OF SERIAL

MURDER AND PROSTITUTES

Penguin

Just as Fox on the Rhine and Fox at the Front showed readers an alternate Europe in which Hitler had been killed, thereby radically changing the course of World War II, Douglas Niles and Michael Dobson bring us the Battle of Midway with a very different outcome. The Allies are wildly out maneuvered and sent home in disgrace. Back in the States things are looking rather grim as the ultra-secret Manhattan Project runs into snafus that greatly delay the final production of the atomic bomb. President Roosevelt's approval ratings drop dramatically. Congress is desperate and the country cries out for a hero. That hero might just be Douglas MacArthur, who vowed that he would return to his beloved Philippines. He plans to do so with the backing of the entire US Armed Forces. MacArthur's plan of action is simple: take the war back to the Japanese, island by bloody island, until standing on the shores of Japan, he can proclaim victory. And possibly gain the leadership of the United States as well. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Magnetized Darkside Entretenimento LTDA

Take, for example, Enriqueta Marti who kidnapped children from the streets of Barcelona, then boiled away their flesh and crushed their bones for ingredients for her coveted 'magic potions'. Or take Randy Kraft, known as The Scorecard Killer, a computer genius by day and a a deranged psychopath by night. Finally arrested with a corpse slumped in the passenger seat of his car, it emerged that Kraft had spent over a decade cutting up and disposing of his numerous victims along the California highways. In this stomach-churning collection, all the stories have one thing in common - a unique bizarre twist. True crime writer James Marrison draws upon the material that has featured in the hugely successful column The Murder File in cult magazine Bizarre in order to disclose the kind of sickening deeds that are perpetrated more often than you might think, but which sometimes go largely unreported by the media. Welcome to The World's Most bizarre Murders - the most shocking true crime book you will ever read.

LETHAL REPETITION

Simon and Schuster

This volume tackles the issue of criminal responsibility in the case of serial killers, and other 'mad' people who are nonetheless deemed to be answerable before the law in most jurisdictions. The author analyses the logic informing the crimes of famous serial killers.

Project Cain Adam Croft

Have you watched horror stories with serial killers? The night is filled with fear as a serial killer could attack randomly. The extreme thirst for a horrific deed may turn into a nightmarish act. Having an encounter with a serial killer would be the scariest experience ever. A serial killer murders more than two people, not just by shooting a gun or stabbing with a knife. There are different techniques that are used by serial killers in carrying out their evil plots to their targets. There are many documented serial killers in the United States, but some of them have indeed left everyone much in fear and terror with their horrifying way of killing their victims. In this document, let's take a closer look on 14 of the most notorious serial killers in the United States.

American Serial Killers University of Chicago Press

For thirty-one years, a monster terrorized the residents of Wichita, Kansas. A bloodthirsty serial killer, self-named "BTK"—for "bind them, torture them, kill them"—he slaughtered men, women, and children alike, eluding the police for decades while bragging of his grisly exploits to the media. The nation was shocked when the fiend who was finally apprehended turned out to be Dennis Rader—a friendly neighbor . . . a devoted husband . . . a helpful Boy Scout dad . . . the respected president of his church. Written by four award-winning crime reporters who covered the story for more than twenty years, Bind, Torture, Kill is the most intimate and complete account of the BTK nightmare told by the people who were there from the beginning. With newly released documents, evidence, and information—and with the full cooperation, for the very first time, of the Wichita Police Department's BTK Task Force—the authors have put all the pieces of the grisly puzzle into place, thanks to their unparalleled access to the families of the killer and his victims.

Evil Serial Killers Zondervan

Conheça os psicopatas A DarkSide® Books reabre os arquivos da maior especialista em serial killers do Brasil e publica a nova edição definitiva do best-seller de Ilana Casoy — Serial Killers: Louco ou Cruel? A nova edição possui capa dura e toda a qualidade gráfica que os fãs da Caveira

já conhecem. Tudo para atender aos nossos exigentes leitores e para deixar a edição à altura da nossa primeira autora nacional. Ilana Casoy é autoridade no que diz respeito a mentes criminosas e resolução de crimes no Brasil. Para escrever seu primeiro livro, a escritora mergulhou em arquivos da polícia e da Justiça, do FBI e da Scotland Yard, além de ter feito extensas pesquisas em livros e artigos de jornais e revistas para compor um inquietante roteiro de como, por que razão e com que métodos os serial killers agem. Perturbador e por muitas vezes comovente, o relato de Casoy, escrito depois de rigorosa pesquisa em diversas fontes, nos apresenta histórias que nem a ficção e o cinema conseguiram imaginar. A primeira parte de Louco ou Cruel? aborda os serial killers sob diversos aspectos e à luz da Criminologia, do Direito, da Psiquiatria e da Psicologia, e dedica-se a dissecar este universo, analisando como tudo começa, quem são as vítimas, os aspectos gerais e psicológicos, os mitos e as crenças, o perfil do criminoso, a psicologia investigativa, a análise do local do crime e a encenação/organização da cena. Na segunda parte do livro, Casoy apresenta em detalhes 16 casos de serial killers que chocaram e marcaram o século XX, entre eles Albert Fish, Ed Gein, Ted Bundy, Andrei Chikatilo, Jeffrey Dahmer, Aileen Wuornos e o Zodíaco, cuja identidade segue desconhecida até hoje. Histórias que habitam as entranhas da humanidade e o que ela tem de pior: frieza, perversidade e falta de sensibilidade que acabam por produzir o mal em escalas inimagináveis.

ARQUIVOS SERIAL KILLERS – LIMITED EDITION Akashic Books

A modern classic, this novel set a new standard in the art of mystery and suspense in its exploration of the criminal mind. A Kiss Before Dying not only debuted the talent of best-selling novelist Ira Levin to rave reviews and an Edgar Award, it also set a new standard in the art of psychological suspense. It tells the shocking tale of a young man who will stop at nothing—not even murder—to get where he wants to go. For he has dreams; plans. He also has charm, good looks, intelligence. And he has a problem. Her name is Dorothy; she loves him, and she's pregnant. The solution may demand desperate measures. But, then, he looks like the kind of guy who could get away with murder.

Serial Killers Createspace Independent Publishing Platform

The Jolly Roger Social Club is Nick Foster's astonishing and vivid account of a man who may be the world's first 'capitalist' serial killer. In the process of piecing together what happened, he sheds light on the bigger questions raised by Wild Bill's actions: what was it that made Bocas del Toro such a fertile hunting ground for the murderer, and why did it take the expats so long to raise the alarm? The answer lies in the paradox of Panama itself - paradise with a sinister underbelly. Languishing in a Panamanian prison cell, William Holbert - known as 'Wild Bill' - is on trial for the murder of five fellow American expats. His first victims were the mysterious Brown family, who lived a deliberately quiet life in Panama's remote province of Bocas del Toro. After killing the Browns, he turned their house into the Jolly Roger Social Club with the motto 'Over 90% of our members survive'. He appointed himself Minister of the First Church of the Inebriation, and used drink and drug-fuelled parties to get close to others who, like him, had fled to Panama's Caribbean coast in desperation to leave their past behind, assumed new identities and disappeared into a blissful loophole...

ARQUIVOS SERIAL KILLERS: LOUCO OU CRUEL?

Abrams

“A well-told, powerful story. Backderf is quite skilled in using comics to tell this tale of a truly weird and sinister 1970s adolescent world.â€? —R. Crumb NATIONAL BESTSELLER Named a BEST OF 2012 by Time, The Village Voice, A.V. Club, comiXology, Boing Boing, Publishers Weekly, MTV Geek, and more! “ASTOUNDING.â€? —Lev Grossman, Time You only think you know this story. In 1991, Jeffrey Dahmer—the most notorious serial killer since Jack the Ripper—seared himself into the American consciousness. To the public, Dahmer was a monster who committed unthinkable atrocities. To Derf Backderf, Dahmer was a much more complex figure: a high school friend with whom he had shared classrooms, hallways, and car rides. In My Friend Dahmer, a haunting and original graphic novel, writer-artist Backderf creates a surprisingly sympathetic portrait of a disturbed young man struggling against the morbid urges emanating from the deep recesses of his psyche—a shy kid, a teenage alcoholic, and a goofball who never quite fit in with his classmates. With profound insight, what emerges is a Jeffrey Dahmer that few ever really knew, and readers will never forget. This new paperback edition will coincide with the release of the movie adaptation of My Friend Dahmer and will include additional bonus content from the author archives.

A Kiss Before Dying: A Novel Forge Books

Você realmente conhece todas aquelas pessoas listadas como seus amigos? Se o velho ditado "quem vê cara não vê coração" for mesmo verdade, o que se pode dizer sobre todos aqueles avatares sorridentes que você adicionou? A realidade, ainda que virtual, pode ser bem mais assustadora que a ficção. Enquanto um vampiro precisaria ser convidado para entrar, um psicopata on-line não vai perder a oportunidade de entrar quando encontra janelas abertas. Cuidado com o que você curte. SOCIAL KILLERS - AMIGOS VIRTUAIS, ASSASSINOS REAIS é um livro assustadoramente verdadeiro. Seus autores, RJ Parker e JJ Slate, reúnem alguns dos casos mais angustiantes de criminosos que usaram as redes sociais para se aproximar de suas vítimas. Stalkers, predadores sexuais, assassinos, canibais, torturadores. A lista, infelizmente, não é pequena. E novas solicitações de amizade continuam chegando a cada dia. Parker e Slate deixam claro que esse não é um fenômeno novo. Muito antes da internet, criminosos usavam classificados de jornal para descobrir e atrair suas presas. Mas o anonimato da web permite que cada vez mais lobos usem roupas de cordeiro nas suas fotos de perfil. Mas existe luz no fim do túnel. Analisando mais de 30 casos famosos, os autores demonstram como as forças da lei estão usando, com sucesso, as novas ferramentas de comunicação para investigar e prender foras da lei e desmantelar quadrilhas. E ainda ensinam dicas de segurança. O livro SOCIAL KILLERS - AMIGOS VIRTUAIS, ASSASSINOS REAIS é um alerta para todos nós, que passamos tanto tempo conectados. Com SOCIAL KILLERS - AMIGOS VIRTUAIS, ASSASSINOS REAIS, a DarkSide® Books amplia sua coleção Crime Scene®, que já conta com os livros Serial Killers - Louco ou Cruel? e Serial Killers - Made in Brazil, de Ilana Casoy; a premiada biografia Manson, de Jeff Guinn; e o best-seller Serial Killers, Anatomia do Mal, de Harold Schechter.

VIOLENCE WORKERS

Simon and Schuster

This anthology of noir fiction set in São Paulo, Brazil, “might be the strongest entry yet in the long-running and globe-spanning Akashic Noir series” (San Francisco Book Review). Once known as the Land of Mist, São Paulo is now a dense, diverse, and globalized metropolis. It is the most populous city in the Americas, the Portuguese-speaking world, and the southern hemisphere—with some of the worst traffic on the planet. From its gleaming skyscrapers to its historic downtown and its rough, drug-infested outskirts, this unique anthology explores a truly unique city with “a timely feel, giving noir a host of feminine faces” (Kirkus). São Paulo Noir includes fourteen brand-new stories by Tony Bellotto, Olivia Maia, Marcelino Freire, Beatriz Bracher & Maria S. Carvalhosa, Fernando Bonassi, Marcelo Rubens Paiva, Marçal Aquino, Jô Soares, Mario Prata, Ferréz, Vanessa Barbara, Ilana Casoy, and Drauzio Varella.

Bantam Books

Serial Killers Who Were Never Caught is full of darkly fascinating profiles of the many shadowy and harrowing serial killers who proved so frustratingly elusive they were never brought to justice for their grisly and gruesome crimes. What follows is a ghoulish gallery of the most mysterious and terrifying killers of all time...

Serial Killers Harper Collins

Jeff discovers he's a serial killer clone—and he's got to track down others like him before it's too late in this Bram Stoker Award-nominated novel, a thrilling YA companion to Cain's Blood. This dark, literary thriller is a story about blood: specifically, the DNA of the world's most notorious serial killers, captured and cloned by the Department of Defense to develop a new “breed” of bio-weapons. The program is now in Stage Three—with dozens of young male clones from age ten to eighteen kept and monitored at a private facility without any realization of who they really are. Some are treated like everyday kids. Others live prescribed lives to replicate the upbringing of their DNA donors. All wonder why they can't remember their lives before age ten. When security is breached and the most dangerous boys are set free by the now-insane scientist who created them, only one young man can help find the clones before their true genetic nature grows even more horrific than the original models: a fifteen-year-old boy, an every-boy...who has just learned that he is the clone of Jeffrey Dahmer.

50 SERIAL KILLERS Quercus Publishing

A "haunting and unsettling" psychological portrait for readers of true crime classics such as My Dark Places, The Stranger Beside Me, and I'll Be Gone In the Dark, one of Argentina's most innovative writers brings to life the story of a serial killer who, in 1982, murdered four taxi drivers without any apparent motive (NPR, One of the Best Books of the Year). Over the course of one ghastly week in September 1982, the bodies of four taxi drivers were found in Buenos Aires, each

murder carried out with the same cold precision. The assailant: a nineteen-year-old boy, odd and taciturn, who gave the impression of being completely sane. But the crimes themselves were not: four murders, as exact as they were senseless. More than thirty years later, Argentine author Carlos Busqued began visiting Ricardo Melogno, the serial killer, in prison. Their conversations return to the nebulous era of the crimes and a story full of missing pieces. The result is a book at once hypnotic and unnerving, constructed from forensic documents, newspaper clippings, and interviews with Melogno himself. Without imposing judgment, Busqued allows for the killer to describe his way of retreating from the world and to explain his crimes as best he can. In his own words, Melogno recalls a visit from Pope Francis, grim depictions of daily life in prison, and childhood remembrances of an unloving mother who drove her son to Brazil to study witchcraft. As these conversations progress, the focus slowly shifts from the crimes themselves, to Melogno's mistreatment and mis-diagnosis while in prison, to his current fate: incarcerated in perpetuity despite having served his full sentence. Using these personal interviews, alongside forensic documents and newspaper clippings, Busqued crafted *Magnetized*, a captivating story about one man's crimes, and a meditation on how one chooses to inhabit the world, or to become absent from it.

Serial killers made in Brazil Penguin

Ilana Casoy foi nossa primeira autora nacional. Pioneira no estudo das ciências criminais no Brasil, Ilana já era uma escritora consagrada quando aceitou nosso convite e apostou no escuro com a DarkSide® Books. #Gratidão é pouco. A Caveirinha aprovou, assim como toda legião de DarkSiders. Agora, chegou a hora de renovar os laços com ela, e com você também, querido leitor. Mais uma vez, Ilana é nossa pioneira, e ARQUIVOS SERIAL KILLERS LIMITED EDITION é o primeiro dos relançamentos comemorativos dos 5 anos da Caveirinha. Os dois livros, SERIAL KILLERS:

LOUCO OU CRUEL? e SERIAL KILLERS: MADE IN BRAZIL, reunidos num único volume de luxo, com mais de 700 páginas de investigação. Ilana Casoy é autoridade no que diz respeito a mentes criminosas e resolução de crimes no Brasil. Para escrever LOUCO OU CRUEL?, a escritora mergulhou em arquivos da polícia e da Justiça, do FBI e da Scotland Yard, além de ter feito uma pesquisa rigorosa em diversas outras fontes para compor um inquietante roteiro de como, por que razão e com que métodos os serial killers agem. Em MADE IN BRAZIL, Casoy dedicou-se a investigar os serial killers brasileiros, no que viria a ser o primeiro livro do gênero dedicado aos assassinos em série do Brasil. Foram cinco anos de pesquisas, visitas a arquivos públicos, manicômios e penitenciárias, além de entrevistas cara a cara com personificações do mal em terras tupiniquins, para produzir um dossiê sobre o lado mais sombrio do ser humano. Perturbador e por muitas vezes comovente, o relato de Casoy nos apresenta histórias que nem a ficção e o cinema conseguiram imaginar. E isso é só o começo, tem muitas novidades além dos relançamentos. Mas por enquanto é surpresa. Aposto que você já está louco pra saber o que é - a gente conhece bem esse espírito investigador dos fãs da Ilana Casoy. Mas enquanto você espera, que tal ler (ou reler) esse clássico da maior especialista em criminologia do Brasil?

Serial killers made in Brazil Baseado em histórias reais e depoimentos verdadeiros, Ilana Casoy traz impressionantes relatos sobre a saúde mental de seis serial killers brasileiros. Um dos casos abordados é o de Chico Picadinho, famoso por esquarterar suas vítimas. Além disso, a obra serve como importante documento para que, assim como em outros países, no Brasil possa ser feita uma análise acurada do motivo, ou falta dele, 'modus operandi', assinatura e reconstrução dos crimes, facilitando a caça a esses assassinos. The Motorcycle Killer

Over the course of twenty-five years, Dr. Helen Morrison has profiled more than eighty serial killers

around the world. What she learned about them will shatter every assumption you've ever had about the most notorious criminals known to man. Judging by appearances, Dr. Helen Morrison has an ordinary life in the suburbs of a major city. She has a physician husband, two children, and a thriving psychiatric clinic. But her life is much more than that. She is one of the country's leading experts on serial killers, and has spent as many as four hundred hours alone in a room with depraved murderers, digging deep into killers' psyches in ways no profiler before ever has. In *My Life Among the Serial Killers*, Dr. Morrison relates how she profiled the Mad Biter, Richard Otto Macek, who chewed on his victims' body parts, stalked Dr. Morrison, then believed she was his wife. She did the last interview with Ed Gein, who was the inspiration for Alfred Hitchcock's *Psycho*. John Wayne Gacy, the clown-obsessed killer of young men, sent her crazed Christmas cards and gave her his paintings as presents. Then there was Atlanta child killer Wayne Williams; rapist turned murderer Bobby Joe Long; England's Fred and Rosemary West, who killed girls and women in their "House of Horrors"; and Brazil's deadliest killer of children, Marcelo Costa de Andrade. Dr. Morrison has received hundreds of letters from killers, read their diaries and journals, evaluated crime scenes, testified at their trials, and studied photos of the gruesome carnage. She has interviewed the families of the victims -- and the spouses and parents of the killers -- to gain a deeper understanding of the killer's environment and the public persona he adopts. She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth-century French war hero Gilles de Rais, the sixteenth-century Hungarian Countess Bathory, H. H. Holmes of the late nineteenth century, and Albert Fish of the Roaring Twenties. Through it all, Dr. Morrison has been on a mission to discover the reasons why serial killers are compelled to murder, how they choose their victims, and what we can do to prevent their crimes in the future. Her provocative conclusions will stun you.
