NEW YORK TIMES BESTSELLER • The stunning conclusion to Robin Hobb's Fitz and the Fool trilogy, which began with Fool's Assassin and Fool's Quest "Every new Robin Hobb novel is a cause for celebration. Along with millions of her other fans, I delight in every visit to the Six Duchies, the Rain Wilds, and the Out Islands, and can't wait to see where she'll take me next."—George R. R. Martin More than twenty years ago, the first epic fantasy novel featuring FitzChivalry Farseer and his mysterious, often maddening friend the Fool struck like a bolt of brilliant lightning. Now New York Times bestselling author Robin Hobb brings to a momentous close the third trilogy featuring these beloved characters in a novel of unsurpassed artistry that is sure to endure as one of the great masterworks of the genre. Fitz's young daughter, Bee, has been kidnapped by the Servants, a secret society whose members not only dream of possible futures but use their prophecies to add to their wealth and influence. Bee plays a crucial part in these dreams—but just what part remains uncertain. As Bee is dragged by her sadistic captors across half the world, Fitz and the Fool, believing her dead, embark on a mission of revenge that will take them to the distant island where the Servants reside—a place the Fool once called home and later called prison. It was a hell the Fool escaped, maimed and blinded, swearing never to return. For all his injuries, however, the Fool is not as helpless as he seems. He is a dreamer

too, able to shape the future. And though Fitz is no longer the peerless assassin of his youth, he remains a man to be reckoned with—deadly with blades and poison, and adept in Farseer magic. And their goal is simple: to make sure not a single Servant survives their scourge.

Fantasy Fictions from the Bengal Renaissance presents two masterpieces of Bengali literature by Rabindranath Tagore's nephews, Abanindranath Tagore and Gaganendranath Tagore. The Make-Believe Prince is the delightful story of a king, his two wives, a trickster monkey, a witch, and a helper from another world who is not a 'fairy godmother'. Abanindranath deploys traditional children's rhymes and paints exquisite word-pictures in his original rendering of a tale which has its roots in Bengali folktale materials in various genres. Toddy-Cat the Bold sees a group of brave comrades seek help from a young boy to rescue the son of their leader from the Two-Faced Rakshasa of the forest. Here, a more numinous supernatural helper appears. Inspired by Lewis Carroll's Alice books, it presents a comic, exciting, and mysterious journey quite unlike Carroll's, with many traditional local touches and an unexpected ending.

*Book III of the Fitz and the Fool trilogy* Khajuraho Books

Traces Morrison's theory of African American mothering as it is articulated in her novels, essays, speeches, and interviews. Mothering is a central issue for feminist theory, and motherhood is also a persistent presence in the work of Toni Morrison. Examining Morrison's novels, essays, speeches, and interviews, Andrea O'Reilly illustrates how Morrison builds upon black women's experiences of and perspectives on motherhood to develop a view of black motherhood that is, in terms of both maternal identity and role, radically different from motherhood as practiced and prescribed in the dominant culture. Motherhood, in Morrison's view, is fundamentally and profoundly an act of resistance, essential and integral to black women's fight against racism (and sexism) and their ability to achieve well-being for themselves and their culture. The power of motherhood and the empowerment of mothering are what make possible the better world we seek for ourselves and for our children. This, argues O'Reilly, is Morrison's maternal theory—a politics of the heart.
