GANDHI: FACTS AND
LITTLE KNOWN STORIES

ABOUT THE INDIAN THAT
SHOOK THE WORLD
Mohandas Karamchand
Gandhi was not born with
the physical qualities of a

leader. A weak, shy and introverted child like him with the fear of both God and man would be expected to be soon absorbed into the collective consciousness and belief systems shared by the - almost half a billion - Indians of his time: not trying to make a change, but trying to make a living. What happened to Mohandas? Where did that fearful child find the courage to think differently, and most importantly, to act differently? In his book, Mahatma Gandhi Facts

and Surprising Unknown Stories, Barry Powell, using storytelling, sheds light on Mohandas Gandhi's personality as well as the emotional adventures that contributed to the shaping of his unique leadership style. Everything you Ever Wanted to Know About Gandhi is in this Book! Mahatma Gandhi Facts and Surprising Unknown Stories is a compilation of the most interesting stories and facts from Gandhi's biographical timeline, which sheds light on the human side of

this almost supernatural leader and gives us answers to hundreds of hot questions. Amongst them: - What are the two sins that Gandhi committed when he was a teenager? -Why did Gandhi try to commit suicide? -What happened the night of his father's death, which haunted him and filled him with guilt throughout his lifetime? - Was Gandhi a vegetarian by choice or by religion? - What happened that completely destroyed his career as a lawyer before it even started? -How did

he find himself in Africa shortly after? -What happened in Africa that shaped his destiny to become a freedom fighter? -What were Gandhi's true feelings for his wife Kasturba? -Who was the fascinating woman that bewitched Gandhi while he was married to Kasturba? - What happened shortly after he founded his Ashram, which almost led them to bankruptcy? - What was Gandhi's main argument against the use of machines? -Which important personality

gave the title of Mahatma (Great Soul) to Gandhi? - When and why did Gandhi deny his Western clothes and started appearing in his white Indian loincloth? -What astonishing thing did he say about the Bible? -If he admired Jesus, why didn't he become a Christian? - What were his feelings about all living beings of creation? -What did Gandhi say the moment that Kasturba died in prison? -Why didn't Gandhi celebrate on India's Independence Day? -What exactly

happened on the day of his assassination? -Who was the man that killed Gandhi? -Much much more! An inspiring and touching book about everything you ever wanted to ask about Gandhi! 1 2 sampletm
One Man's Initiation—1917
 University Press of America
 My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in

Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-

media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement

for Peter Bright; I always thought that Peter Bright and I had many things in common; we both grew up in Ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk I thought we shared a mutual philosophy toward the ups and downs of life. But it wasn't until I read his "Overdue" book that I realized just what a rich and storied life Peter has had and how much more deeply he had experienced the highs and lows, particularly

during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track

to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

LOVE POEMS FOR CARDS AND LETTERS

Zondervan/Youth Specialties
Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of

rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but

sick and weak since childhood, he is painfully dependent on Jogun: loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing

themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. Son of Sedonia is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours.

The Art of Storytelling
Morgan James Publishing
In his best-selling book, Squirrel Inc., former World Bank executive and master storyteller Stephen Denning used a tale to show why storytelling is a critical skill for leaders. Now, in this hands-on guide, Denning explains how you can learn to tell the right story at the right time. Whoever you are in the organization CEO, middle management, or someone on the front lines you can lead by using stories to effect change. Filled with

myriad examples, A Leader's Guide to Storytelling shows how storytelling is one of the few available ways to handle the principal and most difficult challenges of leadership: sparking action, getting people to work together, and leading people into the future. The right kind of story at the right time, can make an organization "stunningly vulnerable" to a new idea.

HOW TO TELL A STORY

Abrams
SALEM, MASS. -

Newspaper editor John Andrews thought he'd lost everything when his wife was killed, but when timeless bloodlines reemerge Andrews realizes that a tragic accident may actually have been murder, and even worse, might be part of a battle between good and evil that has gone on hundreds of years. Baby Teeth Waverley Productions Showing how market researchers can get a seat at the decision-making table, this book is the essential guide to

mastering storytelling techniques that can dramatically enhance the impact of research reports and presentations, commanding full audience engagement and buy-in. While demand for storytelling in marketing research reports and presentations has mushroomed in recent years, there can be confusion about what decision-makers mean by "stories." Leading market research expert C. Frederic John eliminates this confusion by defining four specific types of story

in the business arena, and providing a series of "how-to" guides for generating effective solutions when communicating learning and other information. This book is the first to emphasize the needs of the report reader or presentation audience. Drawing on examples from ancient and modern literature, drama, opera, and other arts, this book will help today's (and tomorrow's) market research professionals to thrive in a world demanding insights, real-

world recommendations, and more relevant deliverables.

A Complicated Legacy

Farrar, Straus and Giroux
NEW YORK TIMES
BESTSELLER • The definitive guide to telling an unforgettable story in any setting, drawing on twenty-five years of experience from the storytelling experts at The Moth "From toasts to eulogies, from job interviews to social events, this book will help you with ideas, structure, delivery and more."—CNN
Over the past twenty-five

years, the directors of The Moth have worked with people from all walks of life—including astronauts, hairdressers, rock stars, a retired pickpocket, high school students, and Nobel Prize winners—to develop true personal stories that have moved and delighted live audiences and listeners of The Moth's Peabody Award-winning radio hour and podcast. A leader in the modern storytelling movement, The Moth inspires thousands of people around the globe to share their stories each

year. Now, with *How to Tell a Story*, The Moth will help you learn how to uncover and craft your own unique stories, like Moth storytellers Mike Birbiglia, Rosanne Cash, Neil Gaiman, Elizabeth Gilbert, Padma Lakshmi, Darryl “DMC” McDaniels, Hasan Minhaj, Tig Notaro, Boots Riley, Betty Reid Soskin, John Turturro, and more. Whether your goal is to make it to the Moth stage, deliver the perfect wedding toast, wow clients at a business dinner, give a moving eulogy, ace a job

interview, be a hit at parties, change the world, or simply connect more deeply to those around you, stories are essential. Sharing secrets of The Moth’s time-honed process and using examples from beloved storytellers, a team of Moth directors will show you how to • mine your memories for your best stories • explore structures that will boost the impact of your story • deliver your stories with confidence • tailor your stories for any occasion Filled with empowering,

easy-to-follow tips for crafting stories that forge lasting bonds with friends, family, and colleagues alike, this book will help you connect authentically with the world around you and unleash the power of story in your life.

Storytelling for Virtual Reality serves as a bridge between students of new media and professionals working between the emerging world of VR technology and the art form of classical

storytelling. Rather than examining purely the technical, the text focuses on the narrative and how stories can best be structured, created, and then told in virtual immersive spaces. Author John Bucher examines the timeless principles of storytelling and how they are being applied, transformed, and transcended in Virtual Reality. Interviews, conversations, and case studies with both pioneers and innovators in VR storytelling are featured, including industry leaders

at LucasFilm, 20th Century Fox, Oculus, Insomniac Games, and Google. For more information about story, Virtual Reality, this book, and its author, please visit StorytellingforVR.com *Screenwriting Down to the Atoms* John Wiley & Sons Don't simply show your data—tell a story with it! *Storytelling with Data* teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data

a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your

data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message

resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

"If you're ready to graduate from the boy-

meets-girl league of screenwriting, meet John Truby . . . [his lessons inspire] epiphanies that make you see the contours of your psyche as sharply as your script."
—LA Weekly John Truby is one of the most respected and sought-after story consultants in the film industry, and his students have gone on to pen some of Hollywood's most successful films, including *Sleepless in Seattle*, *Scream*, and *Shrek*. The *Anatomy of Story* is his long-awaited first book, and it shares all his

secrets for writing a compelling script. Based on the lessons in his award-winning class, Great Screenwriting, The Anatomy of Story draws on a broad range of philosophy and mythology, offering fresh techniques and insightful anecdotes alongside Truby's own unique approach to building an effective, multifaceted narrative.

Early Buddhist Narrative

"There are diamonds in the red clay of northeast

Alabama. Delaney is one of them."When you meet Delaney Robinson, she is a two-year-old with a serious attachment to her wonderful great-grandmother, who guides her through life with the wisdom of a nonagenarian. Margaret's reminiscences, along with the rest you will read, tell the story of how this adorable little girl came to be. There is murder, mayhem, humor, romance-and a bit of heartbreak. The stories are about her parents, grandparents, distant

ancestors, and family friends, from Delaney's Irish forebears and how they settled in Alabama to a chapter written entirely from the point of view of a Confederate battle sword hanging on her grandfather's wall. This novel contains the award-winning chapters "Jewels" and "In the Heat of the Moment." Praise for these stories: "A wonderful facility for invoking mood via description. Love your character's wry humor." - Author Joshilyn Jackson "In the Heat of the Moment holds the reader's

attention with well-placed hooks. Droll and darkly comic."-Brian Lister, Biscuit Publishing

The compelling, groundbreaking guide to creative writing that reveals how the brain responds to storytelling. Stories shape who we are. They drive us to act out our dreams and ambitions and mold our beliefs. Storytelling is an essential part of what makes us human. So, how do master storytellers

compel us? In *The Science of Storytelling*, award-winning writer and acclaimed teacher of creative writing Will Storr applies dazzling psychological research and cutting-edge neuroscience to our myths and archetypes to show how we can write better stories, revealing, among other things, how storytellers—and also our brains—create worlds by being attuned to moments of unexpected change. Will Storr's superbly chosen examples range from Harry Potter to

Jane Austen to Alice Walker, Greek drama to Russian novels to Native American folk tales, King Lear to *Breaking Bad* to children's stories. With sections such as "The Dramatic Question," "Creating a World," and "Plot, Endings, and Meaning," as well as a practical, step-by-step appendix dedicated to "The Sacred Flaw Approach," *The Science of Storytelling* reveals just what makes stories work, placing it alongside such creative writing classics as John Yorke's *Into the*

Woods: A Five-Act Journey into Story and Lajos Egri's The Art of Dramatic Writing. Enlightening and empowering, The Science of Storytelling is destined to become an invaluable resource for writers of all stripes, whether novelist, screenwriter, playwright, or writer of creative or traditional nonfiction.

Storytelling with Data

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

THE POWER OF STORYTELLING

Taylor & Francis
Early Buddhist Narrative Art is a pictorial journey through the transmission of the narrative cycle based on the life of the historical Buddha. Karetzky, while demonstrating the various evolutions that the image of the Buddha underwent, maintains that there is an underlying homogeneity of the tradition in the cultures of India, Central Asia, China and Japan. The author, while focusing

on the visual representation of the Buddhist narrative, goes into some detail regarding the importance of scriptures in each society, and how the written tradition informed the pictorial. Over seventy photos fill this book, which will be of interest to scholars of art history, Eastern religion and Buddhism in particular.

THE ANTHROPOCENE REVIEWED (SIGNED EDITION)

Routledge
This is true story about

real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When

memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had

denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no

help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a

chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.
