What's Right, and Wrong, with Baseball, as Seen from the Best Seat in the House Christian Faith Publishing, Inc.

Hey Ares vampire blood thirsty Lord of War stay clear of these shores when is enough enough you don't seem to know. On second thought better still, sod off and never come back on Earth at all, -ere you do, come clean, where only laid are the bones of our slain young men? It is an uncompromising stand against rampant militarism that seems of late to have gone on a record expenditure in re-armament of already bloated arsenals that can destroy civilisation ten times over. Why? The idea of first strike advantage (FSA) is the leitmotif here. Catch the other side first with their pants down, as

long as we 'win' who cares about collateral damage. The probability of this ending up badly is rated even at present by military insiders at double figures, and the fact it's being openly discussed is bad enough. The real consequences? Try the book and you may get an idea.

At times, the main Jimmy character is as real as real can get, and at times, Jimmy becomes as fictional as one can get. This novel combines many parts of fiction, nonfiction, and a futuristic vision together with an autobiographical comedy, all in one. Also, it tells the story of his unconventional spiritual process in achieving his spiritual zenith. As they say, a road with no obstacles leads nowhere. So was the turbulent road toward his Damascus. They also say that the road most traveled is not the only road to destiny. Jimmy deviated. It took a lot of sculpting and chiseling from the potters to achieve perfection; however, Jimmy was not more than willing to be sculpted, so he kicked like a mule and bucked like a stallion that accidentally rubbed his butt on a cactus. And like a real mule, he was destined to carry heavy loads. This novel begins in 1962, in a tough part of the Bronx, New York, the same time span as when Kennedy was assassinated. He was a ten-year-old child that migrated from Italy to the United States of America with only one dollar in his pocket. He also had the vast English vocabulary of only one word: okay. One can only imagine the rest.

There is a saying, "As one ascends into the planes of nirvana and bliss, not only are there tests, initiations and challenges, but the dark rises as well, to rear its ugly head in opposition." By putting out this book, I hope to offer some guidelines on how to transcend problems and limitations, and support those who are awakening and are having similar experiences. If you are now struggling with some issues, it is good that they have come up for scrutiny and healing. You may not realize this yet, but you too are a powerful, loving, manifesting God/Goddess, and you lack nothing. You are the spark waiting to burst into the full flame of creation. I wish you the very best on your own awakening process, your own Journey back to Source. James Gilliland Enlightened Contact with ExtraTerrestrial Intelligence www.eceti.org

Girl Scout Collectors' Guide Kregel Publications

"An Epic."—THE GUARDIAN We rejoin The Expedition for its third and final instalment with Jason, now seasoned adventurer, and April, American schoolteacher at sea for the first time, battling to keep their pedal-powered boat Moksha from being dashed against Australia's Great Barrier Reef. Crossing the infamous Coral Sea, they've endured gale force winds, rogue waves, and powerful

currents pushing them off course for days at a time. On her thirtieth consecutive day of seasickness and now haemorrhaging blood, April is in urgent need of medical treatment. But in the uncharted waters north of Cape Flattery, far from coastguard assistance, there is little if any hope of rescue. Even if they survive, Jason faces untold hazards to complete the first circumnavigation of the planet using only human power: waterless deserts, towering mountain ranges, seaborne pirates, and extremist hotspots. And there is still the overarching question he posed at the beginning, the one driving him forward that will take him to the brink for an answer. "A mind-boggling odyssey beyond the stretch of the average imagination."—ASSOCIATED PRESS "Lewis writes with gritty realism and unexpected humour, and the result is both horrifying and enormously inspiring."—NEW TIMES "We see a man who is - as Mowgli put it in The Jungle Book - prepared to pull the whiskers of death."—LONDON TIMES "Arguably, the most remarkable adventurer in the world today. Many people would certainly go insane if they weren't killed first."—THE DAILY MAIL "I believe it is important in our era of cars, trains and aeroplanes that we are reminded what human beings can achieve using their own strength and resources."—HIS HOLINESS THE DALAI LAMA "Zen and the Art of Motorcycle Maintenance meets Bill Bryson's A Walk in the Woods. A thoroughly entertaining and insightful read."—CHARLIE BOORMAN, Long Way Down "An extraordinary adventure."—THE INDEPENDENT "An enthralling read."—OUTDOOR PHOTOGRAPHY

A welcome new edition of a standard—unavailable for nearly a decade! In more than nine decades of Girl Scouting, a vast popular and material culture has given rise to a wealth of Girl Scout history collections. More than an identification guide to uniforms, insignia, and other Girl Scout objects, this work also documents when changes occurred and why new items were introduced. Placing these objects in context, this essential guide provides a discerning look at the history and development of the Girl Scout Movement in the United States. Scholars and aficionados of Girl Scout history, costume history, women's studies, popular culture, and dress will welcome this indispensable and definitive resource. This new, expanded edition, with hundreds of illustrations, photographs, and tables, is indisputably the go-to source for information on all Girl Scout uniforms, insignia, awards, and handbooks, as well as dolls, postcards, posters, calendars, and more—from the founding of the Girl Scouts in 1912 through the present day. "An invaluable resource to Girl Scout councils managing a history collection. And, beyond that . . . an informative and intriguing glimpse . . . into the evolution of a Movement that . . . today is the world's preeminent organization dedicated solely to girls." —Cynthia B. Thompson, chair, National Board of Directors, and Kathy Cloninger, national chief executive officer, GSUSA "An indispensable reference for collectors; a fascinating resource for anyone interested in Girl Scouting, this comprehensive guide to Girl Scout memorabilia is firmly grounded in the history of the Girl Scouts of the United States. Mary Degenhardt and Judith Kirsch show us what Girl Scouts wore and read, and explain how changes in uniforms, insignia, and publications reflect the evolution of Girl Scout programs and the expansion of opportunities for American girls. Reading this book is like walking through a fine museum where material culture brings the past to life." —Anastasia Sims, author of *Negotiating Boundaries of Southern Womanhood* Basic to Advanced Daytime and Nighttime Manual Surveillance Photography Techniques-For Military Special Operations Forces, Law Enforcement, Intelligence Agencies, and Investigators Charles C

My name is Frank. I joined the police force to make a difference, but from the first day on the job, everything I've done has made life worse for everyone around me. For twenty-five years, I searched for meaning, to make sense of my life, but I never found any answers. Just when I decide to turn my back on my life's work, I uncover a conspiracy more sinister than anything I ever imagined. As I investigate, I realize that even if I stop the conspirators, the blood of innocents will be on my hands: thousands will die. If I don't stop them, all of mankind will suffer an age of darkness... - Fallen Angels - Book 1 - Angel Fire Book 2 - Angel's Breath Book 3 - Earth Angel Book 4 - Angel Tears Book 5 - Angel of Darkness The Complete Book of Fallen Angels

MARKETING: THE CORE, 2/e by Kerin, Berkowitz, Hartley, and Rudelius continues the tradition of cutting-edge content and student-friendliness set by Marketing 8/e, but in a shorter, more accessible package. The Core distills Marketing's 22 chapters down to 18, leaving instructors just the content they need to cover the essentials of marketing in a single semester. Instructors using The Core also benefit from a full-sized supplements package that surpasses anything offered by the competition, while students will appreciate the easy-to-read paperback format that's equally kind to both the eyes and the pocketbook. The Core is more than just a "baby Kerin"; it combines great writing, currency, and supplements into the ideal package for budget-conscious students and time-conscious professors.

A HISTORY OF UNIFORMS, INSIGNIA, PUBLICATIONS, AND MEMORABILIA

Xlibris Corporation

Reporter Julie Baker returns to her childhood village in Colombia's demilitarized zone to investigate

the loss of U.S. military assets. As she looks for answers, Julie finds herself lost in the jungle, angry with a God who seems to have abandoned her. Guaranteed fiction!

De libertate ecclesiae ... ac de immunitate ... opus

OPEN ATTACK Mack Bolan is on the trail of a lethal mystery weapon used to destroy a U.S. military tank in Iraq. The supergun has proven armor-piercing capabilities and has fallen into the hands of a neo-Nazi group in the American Midwest. The group is hell-bent on using the weapon to further their racist cause. Their target: Israel. When Bolan attempts to raid the Aryan Resistance Movement's training camp in Arkansas, he quickly realizes he's up against an enemy who's both resilient and elusive. Now he's running out of time as he races to locate the weapon and stop it from reaching its target. But he comes up empty and now the enemy is aware that someone is on to them. It's a grim, frustrating mission that boils down to gambling on a hunch. The payoff depends on the Executioner's timing, skill and the luck that comes with playing the odds for a living.

This book explains how to take surreptitious photographs and record video of people and property in a safe and effective manner while producing excellent results. It is the most comprehensive text on clandestine photography available. It takes the reader through conventional as well as the most sophisticated clandestine photography methods in practice today, and it covers the use of all types of equipment ranging from off-the-shelf to the most high-tech equipment available. The ultra-long-range night vision photography methods discussed in this book were devised by the authors and only exist here. Readers will discover esoteric techniques for photographically recording recognizable human and vehicle plate images from distances of over a mile in both daylight and night conditions. Myriad methods for secretly photographing people and property under diverse and difficult conditions are presented. Readers will discover innovative applications of combinations of old and new photographic-related technologies—some combined in unexpected ways that produce surprising results. It is written and extremely well illustrated in an easy to understand style for all photographers regardless of skill level. The book is appropriate for anyone in law enforcement, military operations, and private investigation. It will also benefit government surveillance specialists and those responsible for detecting and thwarting manual clandestine photography.

Does your child dream of winning a school spelling bee, or even competing in the Scripps National Spelling Bee in the Washington, D.C., area? You've found the perfect place to start. Words of the Champions: Your Key to the Bee is the new official study resource from the Scripps National Spelling Bee. Help prepare your child for a 2020 or 2021 classroom, grade-level, school, regional, district or state spelling bee with this list of 4,000 spelling words. The School Spelling Bee Study List, featuring 450 words, is part of the total collection. All words in this guide may be found in our official dictionary, Merriam-Webster Unabridged (<http://unabridged.merriam-webster.com/>)

Commerce Business Daily

A PIONEERING FUNERAL COMPANY PUTS THE MIRTH INTO MOURNING: Unworldly middle-aged undertakers assistant Frank Eddowes is a man going nowhere. Still living at home with his mother, and possessor of a substantial drink problem, Frank's social life centres around a seedy station bar. Here he mixes with drunks, druggies and questionable young girls. Frank's world falls apart when he

is dismissed by his fusty old employer for an embarrassing drunken indiscretion at work. But in a further fit of drunken inspiration, he retaliates by setting up a rival undertakers staffed by the no-hope losers of his favourite bar. They are to offer a service totally contrary to that of accepted tradition, with popular music as a theme and complete lack of deference to the remains of the

departed as the central doctrine. Could Frank be onto something which would alter the mindset of one of the last taboos forever? Can funerals ever be fun? Or have Frank and his oddball little band taken things way too far?
