Introduction To Soil Mechanics GeotechnicalThe International Society had its origins in the First International Conference on Soil Mechanics and Foundation Engineering held in Harvard in 1936. A total of 206 delegates attended from 20 countries. In order to ensure continuation of this very successful initiative, an Executive Committee was set up with Karl Terzaghi as President and Arthur Casagrande as Secretary; but war intervened and ...Home | ISSMGE - International Society for Soil Mechanics ...3 Objectives of Soil Mechanics To perform the Engineering soil surveys.
