This year we encourage applications from seniors with a GPA of 4.8 and above.Applying For

Admission | MIT Department of Mechanical ...All MIT graduate degree programs have residency requirements, which reflect academic terms (excluding summer). Some degrees also require completion of an acceptable thesis prepared in residence at MIT, unless special permission is granted for part of the thesis work to be accomplished elsewhere. Programs | MIT Graduate Admissions Master's Degrees. The master's degree generally requires a minimum of one academic year of study, while the engineer's degree requires two years. Admission to MIT for the master's degree does not necessarily imply an automatic commitment by MIT beyond that level of study. In the School of Engineering, students may be awarded the engineer's degree. Master's Degrees | MIT Graduate Admissions I will make the disclaimer that all I know about is biology admissions — I'm currently asking around to see if I can find one of my friends who can give intelligent advice on engineering grad school admissions (both for you guys and for my favorite airplane nerd, who'll be applying next year), but in the meantime I will present what I ...Grad school admissions | MIT Admissions Our graduate students are the biggest pool of talent on campus — and the engine of MIT's innovation. Whether you're headed for an academic research career, or you want to develop an innovation that will transform the future, you should know one thing: deep technology and science-based engineering are at the heart of everything we do. MIT School of Engineering | » Graduate Admission Criteria. All graduate applicants to MIT apply to their individual departments, rather than to the Institute as a whole. AeroAstro uses a department-specific online graduate application, which can be found here. For more information on graduate admissions in general, please visit the central MIT Graduate Admissions website. Please also see our Graduate Admissions Checklist. Admission Criteria | MIT AeroAstro MIT will take all of those people with 3.5s and higher and start looking at research experience, publications, and letters of recommendation to find the best of the best. That said, I'd suspect average GPA for incoming graduate students is ~3.9, average GRE for quantitative somewhere from 165 to 170. MIT Graduate Admissions? — College Confidential Admission is determined by GPA (Grade Point Average) although there is not an official cut-off, letters of recommendation (we need three of them) and a "Statement of Purpose" in which you write an essay detailing your research interests. A very strong background in

math, physics, engineering, or computer science is a necessity. Dear Prospective Applicant - READ THIS | MIT EECS All of these GPA expectations are higher than the general 3.0 minimum, which is likely due to the fact computer science is so popular (and thus competitive) these days. In 2016, computer science was named one of the best grad degrees for securing jobs. What Is a Good GPA for Grad School? • PrepScholar GRE Masters of Engineering is only available for qualified MIT EECS undergraduates.] The application website (see link below) is available on September 15, 2019, for students who wish to apply for graduate admission in September 2020.
