This work provides a fresh approach to the overall framework of the poems we find in Job 3-42,6, and offers a new theory on the demarcation and meaning of the three speech-cycles which give structure to this composition.

The final two volumes in the CWE contain an edition and translation of Erasmus's poetry. For Erasmus scholars this work affords the first opportunity to evaluate and analyse Erasmus' poems in English. And for those interested in Renaissance and Reformation poetry in general, these offer an intriguing look at the work of one of the towering figures of the period writing in a genre that was, for him, unusual. The annotations include a path-breaking commentary piece by Harry Vredeveld on Erasmus' most famous poem, 'Poem on the Trouble of Old Age.' Another important feature is the appearance of the original Latin of each poem alongside the English translation. Volumes 85 and 86 of the Collected Works of Erasmus series - Two-volume set.

The Forms of Hebrew Poetry Oxford University Press

PSALMS, Part 2, and LAMENTATIONS is Volume XV of The Forms of the Old Testament Literature, a series that aims to present a form-critical analysis of every book and each unit in the Hebrew Bible. Fundamentally exegetical, the FOTL volumes examine the structure, genre, setting, and intention of the biblical literature in question. They also study the history behind the form-critical discussion of the material, attempt to bring consistency to the terminology for the genres and formulas of the biblical literature, and expose the exegetical procedures so as to enable students and pastors to engage in their own analysis and interpretation of the Old Testament texts. This volume completes Erhard Gerstenberger's widely praised discussion of the psalms literature begun in Volume XIV, and includes as well an admirable study of the book of Lamentations. Gerstenberger interprets the different kinds of songs and prayers that comprise the book of Psalms in light of their sociohistorical settings and provides a concise formal and structural analysis of each biblical text based on an illuminating comparison with other ancient Near Eastern prayers and hymns. Seeing the biblical writings in relation to the social, cultic, religious, and theological conceptions of Israel's neighboring peoples allows contemporary readers to better grasp the purpose and spiritual meaning of the psalms and Lamentations to the Jewish community that composed them.

"... a significant contribution to the field... great insight, learning, and clarity." -- George Hart III, University of California, Berkeley "A master's hand is behind this volume." -- Religious Studies Review "... eminently readable... artfully explains the initial spirit and modern understanding of Tamil bhakti poetry..." -- Pacific Affairs "Norman Cutler's major achievement in Songs of Experience is the new critical perspective he provides on bhakti poetry." -- The Journal of Religion Cutler reveals the link between Tamil poetry and religion. His fluent translations make the poems -- songs of the experience of God -- live for us as they did for their first audience nearly fifteen centuries ago. Poems BRILL

The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch, the histories or the prophets. The divine voice does not peal from Sinai, there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet. Here Scripture often speaks in the words of human response to God and God's world. The hymns, laments and thanksgivings of Israel, the dirge of Lamentations, the questionings of Qohelet, the love poetry of the Song of Songs, the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature. Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives. This third Old Testament volume in IVP's celebrated "Black Dictionary" series offers nearly 150 articles covering all the important aspects of Job, Proverbs, Ecclesiastes, Psalms, Song of Songs, Lamentations, Ruth and Esther. Over 90 contributors, many of them experts in this literature, have contributed to the 'Dictionary of the Old Testament: Wisdom, Poetry and Writings'. This volume maintains the quality of scholarship that students, scholars and pastors have come to expect from this series. Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation. Additional articles amply explore the literary dimensions of Hebrew poetry and prose, including acrostic, ellipsis, inclusio, intertextuality, parallelism and rhyme. And there are well-rounded treatments of Israelite wisdom and wisdom literature, including wisdom poems, sources and theology. In addition, a wide range of interpretive approaches is canvassed in articles on hermeneutics, feminist interpretation, form criticism, historical criticism, rhetorical criticism and social-scientific approaches. The 'Dictionary of the Old Testament: Wisdom, Poetry and Writings' is sure to command shelf space within arm's reach of any student, teacher or preacher working in this portion of biblical literature.

Boethius (c.480-c.525/6), though a Christian, worked in the tradition of the Neoplatonic schools, with their strong interest in Aristotelian logic and Platonic metaphysics. He is best known for his *Consolation of Philosophy*, which he wrote in prison awaiting execution. His works also include a long series of logical translations, commentaries and monographs and some short but densely-argued theological treatises, all of which were enormously influential on medieval thought. But Boethius was more than a writer who passed on important ancient ideas to the Middle Ages. The essays here by leading specialists, which cover all the main aspects of his writing and its influence, show that he was a distinctive thinker, whose arguments repay careful analysis and who used his literary talents in conjunction with his philosophical abilities to present a complex view of the world.

Gray refined the classifications offered up by Lowth in his 'Lectures on the Sacred Poetry of the Hebrews'. Gray developed ingenious readings of texts which had been previously seen as corrupt and readable only with major emendations. Gray deduced principles of Semitic poetry which allowed these texts to be sensibly read without emendation.

This monograph studies how, across the Folio of 1681, Marvell's poems engage not merely with different kinds of loss and aspiration, but with experiences of both that were, in mid-seventeenth-century England, disturbingly new and unfamiliar. It particularly examines Marvell's preoccupation with the search for home, and with redefining the homeland, in times of civil upheaval. In doing so it traces his progression from being a poet who plays sophisticatedly with received myth to being one who is a national mythmaker in rivalry with his poetic contemporaries such as Waller and Davenant. Although focusing primarily on poems in the Folio of 1681, this book considers those poems in relation to others from the Marvell canon, including the Latin poems and the satires from the reign of Charles II. It closely considers them as well in relation to verse by poets from the classical past and the European, especially English, present.
