Little, Brown Books for Young Readers
In Spider-Man: Into the Spider-Verse, Miles Morales must confront a plot that could mean the end for New York City as he comes to terms with his destiny as the new Spider-Man. But he's not alone, as a tear in the fabric of the universe unleashes a slew of alternative Spider-Heroes...
Features stunning art and in-depth interviews

with the team behind the film as they discuss the processes of creating this unique and groundbreaking animated movie.

Marvel's Avengers

Marvel Entertainment From renowned artist Gregory Manchess comes a lavishly painted novel about the son of a famed polar explorer searching for his stranded father, and a lost city buried under snow in an alternate future. When it started to snow, it didn't stop for 1,500 years. The Pole Shift that ancient climatologists talked about finally came, the topography was ripped apart and the weather of the world was changed—forever. Now the Earth is covered in snow, and to unknown depths in some places. In this world, Wes

Singleton leaves the academy in search of his father, the famed explorer Galen Singleton, who was searching for a lost city until Galen's expedition was cut short after being sabotaged. But Wes believes his father is still alive somewhere above the timberline. Fully illustrated with over 120 pieces of full-page artwork throughout, *Above the Timberline* is a stunning and cinematic combination of art and novel.
