Chairman of Fools explores the plight of
Farai Chari, a supposedly successful
writer, professor and self-acclaimed
artist, living in an African culture in
which tradition weighs heavy and middle
class aspirations are crude. Farai yearns
for a world in which men and women can
freely associate with one another and
gratify their passions without moral
chastisement.

Zondervan Teaching English as a Foreign or Second Language, Second Edition, is designed for those new to ESL/EFL teaching and for self-motivated teachers who seek to maximize their potential and enhance the learning of their students. This guide provides basic information that ESL/EFL teachers should know before they start teaching and many ideas on how to guide students in the skills of listening, speaking, reading, and writing. It stresses the multifaceted nature of teaching the English language to non-native speakers and is based on the real experiences of teachers. The second edition of Teaching English as a Foreign or Second Language includes a wider range of examples to coincide with a variety of teaching contexts—from K-12 schools, to university intensive language programs and refugee programs. It is also updated with discussions of technology throughout, and it considers ways in which technology can be used in teaching language skills. Sources for further study are included in each chapter and in the appendixes.

Literacy intervention should be swift and powerful—and this approach by Jan Richardson and Ellen Lewis provides fast results! After only 6-8 weeks of intervention, students can gain the confidence, proficiency, and skills they need to excel as readers and exit intervention! Based on Jan's bestselling *The Next Step Forward in Guided Reading*, this companion volume is intended to be used together in order to best implement the RISE framework. *The Next Step Forward in Reading Intervention* offers intensive, short-term, targeted instruction in reading, writing,

word study, and comprehension. It's a step-by-step handbook for literacy teachers, literacy coaches, and reading specialists who are looking for a proven reading intervention program that really works. "RISE has truly changed the face of intervention at our school." -- Ranita Glenn, Reading Specialist and RISE instructor, Hardy Elementary School, Chattanooga, Tennessee

Personal answers to the difficult 'whys' of suffering. New 16-page photo section and illustrations by Joni. Originally published in 1978, *A Step Further* is Joni Eareckson Tada's response to thousands of letters she received from people puzzled about the 'whys' of suffering. Joni answers these questions by taking a personal look at how God has used circumstances, people, and events in her own life and the lives of others. *A Step Further* has been used by individuals, in hospitals and rehab centers, and in scores of countries overseas to bring comfort and peace to those who are suffering. It is available in over 30 different languages. New 16-page photo section.

Teachers make a difference. The success of any plan for improving educational outcomes depends on the teachers who carry it out and thus on the abilities of those attracted to the field and their preparation. Yet there are many questions about how teachers are being

prepared and how they ought to be prepared. Yet, teacher preparation is often treated as an afterthought in discussions of improving the public education system. *Preparing Teachers* addresses the issue of teacher preparation with specific attention to reading, mathematics, and science. The book evaluates the characteristics of the candidates who enter teacher preparation programs, the sorts of instruction and experiences teacher candidates receive in preparation programs, and the extent that the required instruction and experiences are consistent with converging scientific evidence. *Preparing Teachers* also identifies a need for a data collection model to provide valid and reliable information about the content knowledge, pedagogical competence, and effectiveness of graduates from the various kinds of teacher preparation programs. Federal and state policy makers need reliable, outcomes-based information to make sound decisions, and teacher educators need to know how best to contribute to the development of effective teachers. Clearer understanding of the content and character of effective teacher preparation is critical to improving it and to ensuring that the same critiques and questions are not being repeated 10 years from now.

PLANNING FOR TECHNOLOGY

Panpac Education Pte Ltd
The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other

components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

In this much needed resource, Maryellen Weimer—one of the nation's most highly regarded authorities on effective college teaching—offers a comprehensive work on the topic of learner-centered teaching

in the college and university classroom. As the author explains, learner-centered teaching focuses attention on what the student is learning, how the student is learning, the conditions under which the student is learning, whether the student is retaining and applying the learning, and how current learning positions the student for future learning. To help educators accomplish the goals of learner-centered teaching, this important book presents the meaning, practice, and ramifications of the learner-centered approach, and how this approach transforms the college classroom environment. *Learner-Centered Teaching* shows how to tie teaching and curriculum to the process and objectives of learning rather than to the content delivery alone.

Chairman of Fools Addison Wesley Publishing Company

The history of Zimbabwe has always been reflected in its oral and written literature. Much of the serious fiction written in the 1980s and early 1990s focused on the effects of Zimbabwe's war of liberation. Little has yet been written about post-independence Zimbabwe and the complex and challenging issues that have arisen in the last twenty years. This anthology of twenty-two short stories provides a representative sample of the range and quality of writing in Zimbabwe at the turn of the century, and an impressionistic reflection of the years since independence in 1980. Included are stories by established writers Shimmer Chinodya, Charles Mungoshi, Brian Chikwava; and some younger or less established writers, , Clement Chihota, Wonder Guchu, Chiedza Musengezi, Mary Ndlovu, Vivienne Ndlovu and Stanley Nyamfukudza. The collection also reflects a slightly broader

perspective with stories by Alexandra Fuller, Derek Huggins, Pat Brickhill and Chris Wilson, who engage with historical memory of the conflicts out of which Zimbabwe arose, and the lessons to be drawn from living within a culture other than one's own. Overall, the anthology reaffirms the persistent value attached to imaginative writing in Zimbabwe, and illustrates that the country's literary tradition is alive and well, and reshaping itself for new times.

"An important antidote to the dogmatic 'kale and vitamins' tone of most 'self-help' literature." —Alexa Tsoulis-Reay, senior writer, New York magazine
Popular blogger Ilana Jacqueline offers smart and savvy advice, humor, and practical tips for living with an invisible chronic illness. Do you live with a chronic, debilitating, yet invisible condition? You may feel isolated, out of step, judged, lonely, or misunderstood—and that's on top of dealing with the symptoms of your actual illness. Take heart. You are not alone, although sometimes it can feel that way. Written by a blogger who suffers from an invisible chronic illness, *Surviving and Thriving with an Invisible Chronic Illness* offers peer-to-peer support to help you stay sane, be your own advocate, and get back to living your life. This compelling guide is written for anyone suffering with an illness no one can see—such as postural orthostatic tachycardia syndrome (POTS), chronic fatigue syndrome (CFS), fibromyalgia, multiple chemical sensitivity (MCS), Lyme disease, lupus, dysautonomia, or even multiple sclerosis (MP). This book will tell you everything you need to know about living with a complicated, invisible condition—from how to balance sex, dating, and

relationships to handling work and school with unavoidable absences. You'll also learn to navigate judgmental or skeptical relatives and strangers and—most importantly—manage your medical care. Suffering from a chronic illness doesn't mean you can't live an active, engaged life. This book will show you how.

From Paycheck to Purpose John Wiley & Sons

In this book, John O'Regan examines the role of political economy in the worldwide spread of English and traces the origins and development of the dominance of English to the endless accumulation of capital in a capitalist world-system. O'Regan combines Marxist perspectives of capital accumulation with world-systems analysis, international political economy, and studies of imperialism and empire to present a historical account of the 'free riding' of English upon the global capital networks of the capitalist world-system. Relevant disciplinary perspectives on global English are examined in this light, including superdiversity, translanguaging, translingual practice, trans-spatiality, language commodification, World Englishes and English as a Lingua Franca. *Global English and Political Economy* presents an original historical and interdisciplinary interpretation of the global ascent of English, while also raising important theoretical and practical questions for perspectives which suggest that the time of the traditional models of English is past. Providing an introduction to key

theoretical perspectives in political economy, this book is essential reading for advanced students and researchers in applied linguistics, World Englishes and related fields of study.

What do the world's most successful enterprise sales teams have in common? They rely on MEDDICC to make their

sales process predictable and efficient. MEDDIC with one C was initially created by Dick Dunkel in 1996 when he was at PTC. Since then MEDDIC has evolved to be better known as MEDDICC or MEDDPICC and has proliferated across the world being the go-to choice for elite enterprise sales organizations. If you ever find yourself feeling any of the following symptoms with your deal, you could benefit from MEDDICC: Your buyer doesn't see the value of your solution? (aka they think you are expensive) You are unable to find, articulate and quantify Pain You don't have a Champion or at the very least a Coach helping you navigate and sell You find yourself unable to gain access to people with power and influence You don't know how the customer makes decisions You don't know who is involved in the decision-making process You find yourself surprised by things that come up in the sales process The decision criteria seem to move throughout the process, and you're constantly playing catch up Your Competition is landing strikes against you that you neither see coming nor are able to defend You lose track of where you stand in your deals Whether you are an individual contributor or a sales leader embracing MEDDICC will help you to beat those symptoms and take back control of your deal. Historically, learning MEDDICC has relied upon hands-on training, but now you can learn MEDDICC from an expert who uses it every day. The Book deconstructs MEDDICC into easy to understand and implement steps. Breaking down every letter of the acronym into actionable insights complemented by commentary on how MEDDICC can help sales organizations to revolutionize their sales execution and efficiency. In the words of the original

creator of MEDDIC, Dick Dunkel: Whether you are an individual contributor or sales leader, my advice is that you should start to implement MEDDICC into what you do straight away. Embrace MEDDICC, and you and your team will more clearly understand the WHY to your process, and you'll begin to execute your customer interactions with more purpose and achieve better results. And like so many others before, you will begin to reap the rewards of having a well-qualified pipeline of opportunities with clearer paths to success. - Dick Dunkel, MEDDIC Creator. Step Ahead 1 Textbook (Express/NA) Corwin Press

Strife is a rich and densely written novel that provides a dark exposé of the tension between modernity and tradition, and deep insights into culture in Zimbabwe in the 21st century. Chinodya explores the powerful draw that conflicting ideologies exercise over an emerging middle-class that at once yearns for autonomy and unconsciously desires the irresponsibility of an all-pervading destiny. Tracing the Gwanagara's roots back over a century, Chinodya interweaves past and the present, juxtaposing incidents never forgotten or resolved, revealing how memory becomes an actor in lived time. A large family grows up in Gweru. Their father aspires to be an enlightened Christian man; he sees his children through school and college where they do well. But as adults, they are struck by illness. Who is to blame? Who is to cure these ailments? What wrongs have they committed to offend the ancestors? How can atonement be made? Can education, science and medicine provide any solution? Their mother, the moon huntress, seeks out the answers and the cures in traditional beliefs and customs.
