Beyond the Universe - Volume 2 (Black  
and White) Kluwer Law International B.V.  
Human beings have always wanted to  
know what comes after death. Some

people, who can voluntarily get out of  
their body, went to ""the other side"".  
The testimonies of these explorers of the  
Beyond revealed that there are  
countless Worlds on other vibratory  
planes, in other Dimensions, where live  
the souls of the deceased living beings!  
But the author of this book went even

further and discovered that these countless Worlds are, in reality, countless planets belonging to other Cosmic Universes located in other Spaces and other Times, on other vibratory planes, in other Dimensions! The Beyond is not nebulous but Cosmic!!! The famous ""Gate of Heaven"" which allows the souls to pass into the Beyond is in reality a Vortex, a Tunnel of Light which crosses the Space and Time, a ""StarGate"" which leads the soul on another planet, in another world, in another Cosmic Universe, in another Space, in another Time, in another vibratory plane, in another Dimension...!

This important book, the fifth in the Civil Procedure in Europe series, provides a comparative overview, of 13 EU countries and Switzerland, on the law of evidence. Each country's practice in this

area is described and analysed by a national expert distinguished in the field of civil procedural law. The contributions are written in either English, French or German, and are followed by summaries in both remaining languages.

Bibliographies are included to enable the reader to locate material for further study. A comparative contribution by the editor, Professor Jose Lebre de Freitas, analyses the similarities and differences between the various European systems. Furthermore, the editor discusses attempts to harmonise the law of evidence in Europe and provides concrete suggestions for a future harmonisation or unification of this area of law. The countries covered are Austria, Belgium, Finland, France, Germany, Greece, Ireland, Italy,

Luxembourg, The Netherlands, Portugal, Spain, Sweden and Switzerland.

Overview of the Appeal Proceedings According to the EPC Third Edition Hugo Meinders, Philipp Lanz & Gérard Weiss  
About this book: Overview of the Appeal Proceedings According to the EPC helps in understanding the nature of the appeal proceedings before the Boards of Appeal. The previous editions of this book made an effort to explain in brief introductory terms how appeal proceedings work and how the Boards of Appeal function. This edition deals with the New Rules of Procedure adopted by the BoAC2 and approved by the

Administrative Council which entered into force on 1 January 2020. About one in a hundred European patent cases end up before a Board of Appeal. The appeal reviews the decision of a first instance department of the European Patent Office. The appeal proceedings are substantially different from the first instance proceedings; they are a judicial review and not necessarily a continuation of the administrative first instance proceedings. This first aspect is even more pronounced since 1 January 2020, with the changes in the Rules of Procedure of the Boards of Appeal. What's in this book: This book provides an easily readable overview of the appeal proceedings in the three official languages of the European Patent Office (EPO): English, German and French,

including the (New) Rules of Procedure of the Boards of Appeal and the Enlarged Board of Appeal. It covers amongst others the following: (new) requirements on filing an appeal; the possible actions of the Board; the stricter treatment of late filings of the parties; and the conduct of oral proceedings and the issue of the decision. This book gives an up-to-date account of the most important issues of the appeal proceedings at the Boards of Appeal of the EPO. How this will help you: This book is intended as a reference book for applicants in ex-parte (examination appeal) proceedings, or patent proprietors or opponents in inter-partes (opposition appeal) proceedings, as appellants or respondents, or party as of right. It facilitates in finding an answer to

issues that a party may encounter.

 Depuis ses débuts, l'Organisation des Nations Unies a publié une série de principes et recommandations internationaux concernant les

recensements de la population et des logements, afin d'aider les bureaux nationaux de statistique et les responsables du recensement dans le monde entier à planifier et effectuer des recensements de qualité et rentables. La première série de principes et recommandations concernant les recensements de la population et des logements a été publiée en 1958 à la demande de la Commission de statistique de l'Organisation des Nations Unies pour répondre à la nécessité d'élaborer des normes internationales et en tant que fondement du premier Programme mondial de recensements de la population et des logements. Bien que ces recommandations aient évolué avec le temps pour se conformer aux pratiques actuelles et aux besoins

nationaux, elles fournissent en général des orientations sur les principales caractéristiques des recensements de la population et des logements, des renseignements généraux sur les activités de recensement, des méthodes et des conseils plus précis sur le contenu des recensements. Cette présente révision a été conçue afin d'aider à effectuer la série de recensements de la population et des logements de 2020.

**L'Education** Beyond the Universe - Volume 1 (Black and White)

The European Federation for Medical Informatics has established itself as a regional body coordinating activity in medical informatics. The Congress in Toulouse, MIE-81, from 9 - 13 March 1981, is the third congress in the series following MIE-78 in Cambridge, and MIB-79 in Berlin with a gap during 1980 for the world congress MEDINFO-80 in Tokyo. The rationale behind all these congresses is the scientific need to share results and ideas and the educational need to train a wide variety of professional staff in the potential of health care and medical informatics. All the caring professions are involved, doctors, scientists, nurses, para-medical staff, administrators, health care

planners, community physicians, epidemiologists, statisticians, operations analysts together with specialists from the computing profession dealing with system analysis, hardware, software, languages, data-bases and the marketing of systems. Medical Informatics is a very wide subject with ramifications throughout the health care and preventive services; it offers a key to the monitoring and improvement of patient care and to the provision of a healthier environment. The collection and evaluation of relevant data improves our understanding of the ways in which health care is provided while the availability of cheaper computer hardware and more versatile software enables us to design and implement more revealing and intelligent medical

systems. Even though typical systems take a substantial amount of time to design, implement and evaluate, there is the continuing need for informaticians to assess the current state of development.

About the publication *The African Charter on the Rights and Welfare of the Child (African Children's Rights Charter)* is the continental instrument for protecting and promoting the rights and welfare of the Child. The Children's Charter, adopted in 1990, forms part of the salient features of the African human rights system, complementing the parent human rights instrument, the African Charter on Human and Peoples Rights (African Charter). To give meaning and effect to its provisions, the African Children's Rights Charter in

article 34 establishes an organ namely the African Committee of Experts on the Rights and Welfare of the Child (African Children's Rights Committee or Committee) to monitor implementation by member states, to advocate for children's rights and to hold state parties accountable to their obligations as state parties. Working collaboratively on the continent's human rights system, the organs comprising the African human rights, namely, the African Commission on Human and Peoples' Rights (Commission), the African Court on Human and Peoples' Rights (Court) and the African Children's Rights Committee, have undertaken to publish the African Human Rights Yearbook. This is an instrumental platform to highlight the mandate of the organs, to foster

collaboration and to illustrate Africa's commitment to uphold human rights. It is an important initiative that highlights various aspects of the norms and institutions relevant for human rights on the continent. This is the third volume of the Yearbook. It includes a focus on the 2019 theme of the African Union Refugees, Returnees and Internally Displaced Persons: Towards Durable Solutions to Forced Displacement in Africa. The African Children's Committee has at the same time undertaken and published a study on Children on the Move (2019), focusing not only on refugees, detainees and internally displaced persons, but also drawing inspiration from the protective mandate of the African Children's Rights Charter to draw the continent's attention to the

protection and promotion of the rights and welfare of children who are on the move. The focus on themes of the African Union enables a critical analysis of the extent of their implementation and relevance to the human rights discourse in the continent. Furthermore, the special focus of the Yearbook on various groups of people in vulnerable situation, such as children and women, signals the need to enhance their protection and prioritise their plight. The role of academic writing in advancement of human rights deserves due notice and appreciation by human rights implementing bodies. Peer reviewed academic research provides credible and independent knowledge about human rights in a specific country or region, as well as in various contexts and thematic

areas. Academia plays a major role in the development of a human rights resource base that enables sustainable enhancement of human rights protection and promotion. The African Human Rights Yearbook is an excellent example of the important role played by academia in strengthening human rights protection and promotion in Africa. The breadth of knowledge enveloped in the Yearbook is evidenced by the long list of highly established scholars that informed it. By questioning and analysing the institutional architecture and the work of the three human rights bodies, the Yearbook has an invaluable role of ameliorating their functioning as a collective system. For this reason, it is critical that the Committee, Commission and Court take note of the various

recommendations stemming from the research and apply them when relevant, for better protection and promotion of human rights in Africa. Mrs. Goitseone Nanikie Nkwe Chairperson of the African Committee of Experts on the Rights and Welfare of the Child. La Charte africaine des droits et du bien-être de l'enfant (Charte des droits de l'enfant) est l'instrument central en matière de protection et de promotion des droits et du bien-être de l'enfant en Afrique. Adoptée en 1990, elle fait partie intégrante des instruments clés du système africain des droits de l'homme et complète, à cet effet, la Charte africaine des droits de l'homme et des peuples, le traité fondateur du système africain des droits de l'homme. Pour mieux protéger les droits des enfants, le

Comité africain d'experts sur les droits et le bien-être de l'enfant (Comité) fut créé à travers l'article 34 de la Charte des droits de l'enfant. Cet organe a pour mission de surveiller et de contrôler l'application et la mise en oeuvre de la Charte. Il veille que les Etats respectent et rendent compte de la mise en oeuvre des obligations qui leur incombent en vertu de la Charte. Travaillant en étroite collaboration dans le cadre de la protection des droits de l'homme en Afrique, la Commission africaine des droits de l'homme et des peuples, la Cour africaine des droits de l'homme et des peuples et le Comité africain d'experts sur les droits et le bien-être de l'enfant ont mis en place l'Annuaire africain des droits de l'homme. Cette initiative sert d'opportunité pour

promouvoir les missions dévolues auxdits organes, raffermir les liens de collaboration entre eux et rappeler l'engagement pris par l'Afrique afin de protéger les droits humains. L'Annuaire est une initiative importante car elle met en exergue les différents aspects normatifs et institutionnels des droits de l'homme en Afrique. Ce troisième volume de l'Annuaire est dédié au thème que l'Union africaine a retenu pour l'année 2019; Année des réfugiés, des rapatriés et des personnes déplacées: Vers des solutions durables aux déplacements forcés en Afrique. En parallèle, le Comité a entrepris et publié une cartographie des enfants en mouvement en Afrique (2019) axée sur les réfugiés, les détenus et les déplacés internes. Tirant ses fondements du

mandat de protection que confère la Charte des droits de l'enfant, la cartographie attire l'attention du continent sur la protection et la promotion des droits et du bien-être des enfants en mouvement. L'emphase sur les thèmes de l'Union africaine dans l'Annuaire permet d'examiner le degré de leur mise en oeuvre et leur importance au débat sur la question des droits de l'homme en Afrique. Par ailleurs, l'accent mis sur les catégories et groupes en situations de vulnérabilité dont les enfants et les femmes, sert à réitérer la nécessité de renforcer leur protection et de prioriser leur infortune. Les organes de protection des droits de l'homme devraient reconnaître, à sa juste valeur, le rôle que jouent les travaux scientifiques dans la promotion

des droits de l'homme. Les travaux de recherche scientifique relus et examinés par les pairs fournissent des connaissances crédibles et indépendantes sur les droits de l'homme dans un pays ou une région spécifique, ainsi que dans divers contextes et domaines thématiques. Les universités jouent un rôle prépondérant dans la mise en place des ressources adéquates en matière des droits de l'homme en vue de renforcer durablement leur protection et promotion. L'Annuaire africain des droits de l'homme est un parfait exemple de l'important rôle joué par les universités dans le renforcement de la protection et de la promotion des droits de l'homme en Afrique. La profondeur des connaissances que regorge l'Annuaire peut être illustrée de par la

longue liste d'universitaires et des chercheurs qui le constituent. En interrogeant et en analysant l'architecture institutionnelle et le travail des trois organes de défense des droits de l'homme, l'Annuaire joue un rôle inestimable dans l'amélioration de leur fonctionnement en tant que système collectif. Pour cette raison, il est essentiel que le Comité, la Commission et la Cour prennent note des diverses recommandations découlant des recherches entreprises et les appliquent le cas échéant pour une meilleure protection et promotion des droits de l'homme en Afrique. Banque de Montréal s'est trouvée au cœur du développement économique et financier du Canada. Publié à l'occasion du bicentenaire de la première banque canadienne, *Un destin plus grand que soi* puise dans l'iconographie de cette institution financière pour raconter son histoire de ses origines jusqu'à nos jours. Retraçant le passé de la Banque de Montréal grâce à des images d'objets, de ses dirigeants, de documents essentiels et de publicités aujourd'hui tombées dans l'oubli, Laurence B. Mussio illustre son émergence progressive. En dévoilant petit à petit sa perception de sa direction, sa culture, la communauté, ses triomphes et ses difficultés, il offre un aperçu de la personnalité de cette banque, de ses innovations, de ses technologies, de ses projets d'édification

de la nation et de son héritage architectural. La mosaïque qui en résulte jette un éclairage unique sur l'expérience vécue par la Banque de Montréal au fil des ans. Si chacun des éléments visuels évoque un épisode particulier aussi divertissant qu'extraordinaire, collectivement, ces objets révèlent une histoire beaucoup plus complète. De la lecture de ce livre se dégage l'image d'une banque qui a façonné l'univers canadien et nord-américain tout en se laissant modeler par lui. À partir d'une gamme incroyablement vaste de documents, *Un destin plus grand que soi* célèbre l'évolution d'une banque et la manière dont elle a laissé sa marque.

Ce Liber Amicorum, qui rend hommage à Gilles de Kerchove, coordinateur de l'Union européenne pour la lutte contre le terrorisme de 2007 à 2021, dresse le bilan de ce qui a été mené dans ce secteur ces dernières années et se penche également sur les défis à venir.

Après une introduction retraçant le parcours du récipiendaire, la première partie se penche sur différents aspects de la coopération au sein de l'Union européenne, allant du mandat d'arrêt européen, à la protection des droits fondamentaux en passant par le rôle de certaines institutions ou agences de l'UE. La deuxième partie traite de la coopération entre l'UE et le reste du monde, qu'il s'agisse d'organisations mondiales ou de certains États en particulier, comme les États-Unis. La troisième partie, plus transversale, rassemble des contributions diverses touchant notamment à l'État islamique, au financement du terrorisme, aux victimes et aux nouvelles technologies. L'ouvrage se clôt par une quatrième partie relative à la prévention, à la lutte

contre la radicalisation, aux valeurs, à la liberté de la presse et à la littérature. Les auteurs, issus de diverses parties du monde, présentent des profils très divers, parmi lesquels d'éminentes figures politiques, des fonctionnaires européens, des académiques, des magistrats et des journalistes. L'ouvrage a été coordonné par Dr. Christiane Höhn, Conseillère principale de Gilles de Kerchove, Isabel Saavedra, son Assistante personnelle et Prof. Anne Weyembergh, Professeur ordinaire à l'Université libre de Bruxelles (ULB). \* \* \* This Liber Amicorum, which pays tribute to Gilles de Kerchove, EU counter-terrorism coordinator from 2007 to 2021, takes stock of what has been achieved in this field in recent years and looks at the challenges ahead. tracing the recipient's background, the first part looks at different aspects of cooperation within the European Union, ranging from the European arrest warrant, to the protection of fundamental rights and the role of certain EU institutions or agencies. The second part deals with cooperation between the EU and the rest of the world, both with global organisations and with specific States, such as the United States. The third, cross-cutting part brings together various contributions relating to the Islamic State, the financing of terrorism, victims and new technologies. The book concludes with a fourth part on prevention, the fight against radicalisation, values, freedom of the press and literature. The authors come from various parts of the world

and present a wide range of profiles, including prominent political figures, EU officials, academics, magistrates and journalists. The Collection of ICC Arbitral Awards

2012-2015 contains extracts of cases handled by the ICC Court of Arbitration, one of the world's most respected arbitral institutions. This most recent collection supplements six previous and successful volumes containing awards from the periods 1974-1985, 1986-1990, 1991-1995, 1996-2000, 2001-2007 and 2008-2011. This collection is a practical reference tool, containing three types of useful indexes incorporating information from all three volumes: - a consolidated analytical table, in both English and French, contains extensive cross-references based on the terminology used in awards and case notes; - a chronological index lists the awards; - a key word index, also provided in both languages, allows the reader to locate the material of interest quickly and

easily. In addition to providing a wealth of information in a highly accessible manner, this book includes case notes and expert commentaries on the awards. This publication is an indispensable reference work for anyone interested in international arbitration and in the reasoning of international arbitrators on the interpretation and application of contractual clauses, international conventions, and the law of international trade.
