A stark departure from

traditional philology, What is Authorial Philology? is the first comprehensive treatment of authorial philology as a discipline in its own right. It provides readers with an excellent introduction to the theory and practice of editing

'authorial texts' alongside an exploration of authorial philology in its cultural and conceptual architecture. The originality and distinction of this work lies in its clear systematization of a discipline whose autonomous status has only recently been recognised (at least in Italy), though its roots may extend back as far as Giorgio Pasquali. This pioneering volume offers both a methodical set of instructions on how to read critical editions, and a wide range of practical

examples, expanding upon the conceptual and methodological apparatus laid out in the first two chapters. By presenting a thorough account of the historical and theoretical framework through which authorial philology developed, Paola Italia and Giulia Raboni successfully reconceptualize the authorial text as an ever-changing organism, subject to alteration and modification. What is Authorial Philology? will be of great didactic value to students and

researchers alike, providing readers with a fuller understanding of the rationale behind different editing practices, and addressing both traditional and newer methods such as the use of the digital medium and its implications. Spanning the whole Italian tradition from Petrarch to Carlo Emilio Gadda, this groundbreaking volume provokes us to consider important questions concerning a text's dynamism, the extent to which an author is 'agentive', and, most crucially, about the very

nature of what we read. *What is Authorial Philology?* Open Book Publishers
 Material Ecocriticism offers new ways to analyze language and reality, human and nonhuman life, mind and matter, without falling into well-worn paths of thinking. Bringing ecocriticism closer to the material turn, the contributions to this landmark volume focus on material forces and substances, the agency of things, processes, narratives and stories,

and making meaning out of the world. This broad-ranging reflection on contemporary human experience and expression provokes new understandings of the planet to which we are intimately connected.

This groundbreaking study of Gadda's narrative form identifies Gadda's complex 'baroque' style as not merely an aesthetic conceit, but an expression of modern alienation and of loss, grief, and the need for solitude in the face of a fragmented reality.

The Experience of Pain
 Bloomsbury Publishing
 Offering inspiration to all, one man's philosophy of life and truth, considered one of the classics of our time.

giudiziosi
¿Dónde tiene su origen el
actuar violento? ¿Con qué
palabras se cuenta a sí
mismo, el autor, su propio
acto despiadado? Ni
siquiera las teorías más
elaboradas consiguen
siempre explicar la
comisión de estas
acciones crueles desde el
punto de vista de sus
autores, ni tampoco las
crudas palabras con las
que ellos las describen.
Partiendo de ello, el reto
de Ceretti y Natali será el
de construir unas «lentes»
nuevas con las que

observar y comprender el
proceso de desarrollo de
estas vidas criminales;
para ello se valdrán del
material proporcionado
por las novedosas
intuiciones del
criminólogo
estadounidense Lonnie
Athens, importante
exponente del
interaccionismo simbólico.
Con esa dirección, el
itinerario emprendido por
los autores a partir de las
entrevistas realizadas en
la cárcel y de algunos
diálogos extraídos de
guiones cinematográficos,
aporta al concepto teórico

de «cosmologías
violentas» las esferas
simbólicas construidas por
los «actores violentos»
durante sus interacciones
y sus experiencias en el
mundo en el que viven.
The Day of Judgment
Penguin UK
"Acquainted with Grief,
written between 1938 and
1941, begins as a charade
(what is the significance
of the strange mock-
Spanish dictatorship that
serves as the story's
locale: Mussolini's Italy in
harmless disguise?). It
proceeds sinuously while
various provincial

characters drift past and around the principal players--Gonzalo, the misanthropic bachelor and his poor fluttery mother caught in a web of social pretensions. By the close there is a terrible cry of death and despair not unworthy of the culmination of a Pirandello play. One can look at this bizarre novel as a symbolic attack on Fascism (later corroborated in Gadda's *That Awful Mess on Via Merulana*) but, as the introductory note makes clear, Gadda is really

working out a private obsession--the Oedipal situation of his own life. And the long sequence where the villagers enter the deserted villa and discover the bloody Senora perhaps "murdered" by her departed son has a hallucinatory poignancy shocking in its nakedness, moral and otherwise. Here Gadda strikes through his lordly mask and speaks with true power." (Kirkus Review, March 1, 1969)
Socrates, or on Human Knowledge New York Review of Books

The textual foundations of works of great cultural significance are often less stable than one would wish them to be. No work of Homer, Dante or Shakespeare survives in utterly reliable witnesses, be they papyri, manuscripts or printed editions. Notions of textual authority have varied considerably across the ages under the influence of different (and differently motivated) agents, such as scribes, annotators, editors, correctors, grammarians, printers and publishers,

over and above the authors themselves. The need for preserving the written legacy of peoples and nations as faithfully as possible has always been counterbalanced by a duty to ensure its accessibility to successive generations at different times and in different cultural contexts. The ten chapters collected in this volume offer critical approaches to such authors and texts as Homer, the Bible, The Thousand and One Nights, Dante, Montaigne, Shakespeare, Eliot, but

also Leonardo da Vinci's manuscripts uniquely combining word and image, as well as Beethoven's 'Tempest' sonata (Op. 31, No. 2) as seen from the angle of music as text. Together the contributors argue that an awareness of what the 'life of texts' entails is essential for a critical understanding of the transmission of culture. **Acquainted with Grief** Edizioni Gribaudo This short novel weaves together the lives of Maria Ripamonti, daughter of impoverished aristocrats

shivering in a castle, and Engineer Baronfo, a dyspeptic salesman stressed out by years of getting on and off trains, who has turned to collecting antiquarian tomes of philosophy. The Cloven Viscount University of Toronto Press I diciannove, temerari racconti radunati da Gadda nel 1963 attraversano l'intera sua attività di narratore eccentrico e sperimentale, offrendone la più autentica essenza. Tanto più che Gadda non ha

esitato a includervi frammenti di romanzi quali "La meccanica" e "La cognizione del dolore", quasi a segnalare che questo libro è anche una insostituibile "autoantologia". Un'ampia Nota al testo ricostruisce la storia del volume, e regala saporosi inediti di recente riaffiorati dai mitici bauli dell'Ingegnere.

La traduction de textes plurilingues italiens
 Marcial Pons
 Comment traduire le plurilinguisme ? C'est à cette question, centrale dans la réflexion sur la

traduction, que répond ce volume issu d'une journée d'étude organisée à la Sorbonne Nouvelle par le centre de recherches CIRCE (LECEMO). Le domaine littéraire italien est exemplaire : l'usage prégnant des langues locales y croise l'importance des langues étrangères, de Dante à nos jours. Véritable défi, le texte plurilingue confronte la traduction à la superposition des significations et au problème de la réception, en général monolingue. En étudiant les

traductions des textes classiques italiens, de la prose, mais aussi de la poésie et du théâtre contemporains, ce volume propose des méthodes et des stratégies pour traduire le plurilinguisme, dans la conviction que préserver la diversité des langues, c'est restituer l'unicité d'un texte, transmettre la poétique d'un auteur et défendre la richesse de chaque idiome.

Xenofoma Adelphi
 Edizioni spa
 "An original and significant contribution to

the field of modern Italian literary studies. . . . A comprehensive overview of Gadda's entire production, but also a thoughtful and well-argued general interpretation."--Robert S. Dombroski, CUNY Graduate School
 "Illuminating and compelling. . . . Highlights modernism's concern not so much for concrete or stark reality (as in the 19th-century novel) but for the motion or even the vortex that starts with reality but that re-creates itself in the language of

literary fiction."--Gregory L. Lucente, University of Michigan Carlo Emilio Gadda (1893-1973) is generally considered in his native Italy to be "the one novelist that the country has produced who deserves to be spoken of in the same breath as Musil, Joyce, and Proust." This study is the first full historical and thematic appreciation of him in English. It provides a precise, thorough biography, with particular emphasis on his involvement in World War I and Italian Fascism, and

is based on the most recent editions of his works, his unpublished manuscripts, and his correspondence. Gadda's prose is characterized by a linguistic expressionism and a grotesque and baroque fantasy emblematic of a longstanding polyphonic and plurilingual tradition in Italian literature called the macaronic. Because of this complexity, he has remained largely unknown in the English-speaking world. Sbragia situates him in an expressionistic tradition

that includes James Joyce and Louis-Ferdinand Céline--a tradition, Sbragia argues, with its immediate roots in the modernist crisis of realist and linguistic mimesis. He traces this tradition from the Renaissance authors Teofilo Folengo and François Rabelais to the Romantics and Flaubert, and, in the case of Gadda, to the plurilingualism of the Italian peninsula. Albert Sbragia is associate professor of Italian at the University of Washington, Seattle, and author of articles in MLN, Italiana,

Modern Fiction Studies, and Forum Italicum. [That Awful Mess on the Via Merulana](#) Princeton University Press
Prendere il controllo della realtà con la fisica quantistica? Un perfetto e potente effetto sulla così detta realtà e alterarla a piacimento in piena goduria. Questa avventura XENOMORFA è assolutamente e pianamente fuori controllo ed è una roulette russa vincente. È l'energia vitale della tua anima persa nella dannazione del mondo artificiale in cui sei

nato. È la tua parte anemica selvatica ed inafferrabile per la Matrix. L'unico spiraglio di luce che ti consente di liberarti dagli impiantati mentali e le distorsioni ottiche che illudono la tua ignoranza percettiva ottusa. È l'esperienza della tua vita. Le nuove razze artificiali create a tavolino, nel dopoguerra dalle multinazionali e brevettate come proprietà privata con copyright, che riveleranno in questo e-book, la loro nascita come cavie umane in forma saggistica e storica degli

ultimi 70 anni. Xenomorfa non è una lettura ma un vero e proprio emetico, per chi vorrebbe spurgare il proprio stomaco sensibile da effetti collaterali dell'anima. È vera storia dell'umanità, senza veli e senza mascherate da buffoni carnevaleschi. Una storia cruda di un pianeta che non è null'altro che il laboratorio personale di creature mostruose che ne abusano per la loro sete di potere, megalomani senza morale e senza pietà, divorando e nutrendosi dell'energia

vitale di tutti voi. Un e-book d'essenza fondamentale se vi interessano i pezzi di puzzle mancanti, nella vostra percezione vitale, di un quadro cosmico, astrale, universale e mutiversale, intrecciato nella più perfetta prigionia mentale che sia mai stata architettata, dai xenomorfi creatori della vostra razza, che in parte è puramente artificiale, se di vena di sangue biblico. Preparatevi ad un salto quantico di un viaggio nel tempo senza paragoni, da cui non esiste ritorno se lo

leggete. Un e-book che fa resuscitare i morti e nessuno dovrà mai più piangersi addosso. Di natura è tutto immortale, solo l'artificiale è mortale. Godetevi l'estasi xenomorfa di questa opera per essere l'esperienza processata e vissuta della vostra immortalità.

The Origin of the Red Cross Houghton Mifflin Harcourt

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this

collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from

the Introduction by Pasquale Verdicchio *Material Ecocriticism* Editions des archives contemporaines
Written by leading Gadda scholars, the essays capture the complexities that characterize Gadda's narrative. His plurilingualism, pastiches, and narrative entanglements are revealed both as a revolt against conventional literary style and as the expression of a chaotic, painful, and labyrinthine world inhabited by a fragmented subject.

Gadda emerges as a transgressive novelist, a humorist, and a mannerist who continuously deforms language through parodic and comic modes.

CARLO EMILIO GADDA AND THE MODERN MACARONIC

Walter de Gruyter GmbH & Co KG
Michael Cronin looks at how translation has played a crucial role in shaping debates about identity, language and cultural survival in the past and in the present. He explores how

everything from the impact of migration on the curricula for national literature courses, to the way in which nations wage war in the modern era is bound up with urgent questions of translation and identity. Examining translation practices and experiences across continents to show how translation is an integral part of how cultures are evolving, the volume presents new perspectives on how translation can be a powerful tool in enhancing difference and promoting

intercultural dialogue. Drawing on a wide range of materials from official government reports to Shakespearean drama and Hollywood films, Cronin demonstrates how translation is central to any proper understanding of how cultural identity has emerged in human history, and suggests an innovative and positive vision of how translation can be used to deal with one of the most salient issues in an increasingly borderless world. Jelena Novaković Introduces and analyses

stage performances of texts by Italian Modernist writer Carlo Emilio Gadda, Italy's own Joyce. Includes the Italian texts (with English translation) and the dvd of the Italian performance (with English subtitles).

THE PROPHET

Narr Francke Attempto Verlag

This essay collection by the revered public intellectual displays his “profound erudition, lively wit, and passion for ideas of all shapes and sizes” (Booklist). In these

fourteen essays, Umberto Eco examines many of the ideas that have inspired his provocative and illuminating fiction. From the title essay—a disquisition of the notion that every country needs an enemy—he takes readers on an exploration of lost islands, mythical realms, and the medieval world. His topics range from indignant reviews of James Joyce’s *Ulysses* by fascist journalists, to an examination of Saint Thomas Aquinas’s notions about the soul of an unborn child, to

censorship, violence and WikiLeaks. Here are essays full of passion, curiosity, and probing intellect by one of the world’s most esteemed scholars and critically acclaimed, best-selling novelists. “True wit and wisdom coexist with fierce scholarship inside Umberto Eco, a writer who actually knows a thing or two about being truly human.” — Buffalo News [Quarant'anni d'amicizia](#) Univ of California Press From Rabelais’s celebration of wine to Proust’s madeleine and

Virginia Woolf’s boeuf en daube in *To the Lighthouse*, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social

and economic relationships, food becomes a key to appreciating the textual richness of works such as Lampedusa's *The Leopard*, Manzoni's *The Betrothed*, Primo Levi's *Survival in Auschwitz*, and Calvino's *Under the Jaguar Sun*. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by

making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in *The Betrothed*, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in *The Leopard*. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from

anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphoric and symbolic meanings of food. Throughout he blends material culture with observations on thematics and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. Originally published in 1993. The Princeton Legacy Library uses the latest print-on-demand technology to again make available

previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Podcast narrativo Peter Owen Publishers
'The seething cauldron of life, the infinite stratification of reality, the inextricable tangle of knowledge are what Gadda wants to depict'
Italo Calvino At the height of Fascist rule in Italy and following the death of his mother, Carlo Emilio Gadda began work on his first novel, The Experience of Pain. This portrait of a highly educated young man whose anger and frustration frequently

erupt in ferocious outbursts directed towards his ageing mother is a powerful critique of the society of his time and the deep wounds inflicted on his generation. Set in a fictional South American country, The Experience of Pain is at once richly imaginative and intensely personal: the perfect introduction to Gadda's innovative style and literary virtuosity.
