White Fragility Grove Press

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an

obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

What Every Man Thinks about Apart from Sex Penguin

Look around your office. Turn on the TV. Incompetent leadership is everywhere, and there's no denying that most of these leaders are men. In this timely and provocative book, Tomas Chamorro-Premuzic asks two powerful questions: Why is it so easy for incompetent men to become leaders? And why is it so hard for competent people--especially competent women--to advance? Marshaling decades of rigorous research, Chamorro-Premuzic points out that although men make up a majority of leaders, they underperform when compared with female leaders. In fact, most organizations equate leadership potential with a handful of destructive personality traits, like overconfidence and narcissism. In other words, these traits may help someone get selected for a leadership role, but they backfire once the person has the job. When competent women--and men who don't fit the stereotype--are unfairly overlooked, we all suffer the consequences. The result is a deeply flawed system that rewards arrogance rather than humility, and loudness rather than wisdom. There is a better way. With clarity and verve, Chamorro-Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge.

Men Explain Things to Me HarperCollins

An updated edition of the Sunday Times Bestseller Britain's best-known classicist Mary Beard, is also a committed and vocal feminist. With wry wit, she revisits the gender agenda and shows how history has treated powerful women. Her examples range from the classical world to the modern day, from Medusa and Athena to Theresa May and Hillary Clinton. Beard explores the cultural underpinnings of misogyny, considering the public voice of women, our cultural assumptions about women's relationship with power, and how powerful women resist being packaged into a male template. A year on since the advent of #metoo, Beard looks at how the discussions have moved on during this time, and how that intersects with issues of rape and consent, and the stories men tell themselves to support their actions. In trademark Beardian style, using examples ancient and modern, Beard argues, 'it's time for change - and now!' From the author of international bestseller *SPQR: A History of Ancient Rome*.

Shark Tales Rodale Books

NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE "A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum." —Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. *Girl, Woman, Other* is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummi works as a cleaner and worries about her daughter's lack of rootedness despite her obvious

achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparkingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, *Girl, Woman, Other* is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

THE NEW YORK TIMES BESTSELLER "A mesmerizing new historical novel" (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village's all-female diving collective, led by Young-sook's mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. *The Island of Sea Women* takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother's position leading the divers in their village. Sex After 40 Andrews McMeel Pub

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial

inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Why Do So Many Incompetent Men Become Leaders? Crown

#1 International Bestseller Winner of the 2019 Financial Times and McKinsey Business Book of the Year Award Winner of the 2019 Royal Society Science Book Prize A landmark, prize-winning, international bestselling examination of how a gender gap in data perpetuates bias and disadvantages women, now in paperback Data is fundamental to the modern world. From economic development to health care to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this insidious bias, in time, in money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates this shocking root cause of gender inequality in the award-winning, #1 international bestseller Invisible Women. Examining the home, the workplace, the public square, the doctor's office, and more, Criado Perez unearths a dangerous pattern in data and its consequences on women's lives. Product designers use a "one-size-fits-all" approach to everything from pianos to cell phones to voice recognition software, when in fact this approach is designed to fit men. Cities prioritize men's needs when designing public transportation, roads, and even snow removal, neglecting to consider women's safety or unique responsibilities and travel patterns. And in medical research, women have largely been excluded from studies and textbooks, leaving them chronically misunderstood, mistreated, and misdiagnosed. Built on hundreds of studies in the United States, in the United Kingdom, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, highly readable exposé that will change the way you look at the world.

What Men Won't Tell You but Women Need to Know Penguin

Men often feel confused about how best to date when they re-enter the dating scene in their 30s - 60s. They may find themselves saying: "I just don't understand what women want..." What Women Really Want from Men: A Step-by-Step Dating Manual offers a road map for smart, straight men who'd like to find and establish ongoing, satisfying relationships with attractive women they enjoy and respect. Based on interviews with women around the U.S. and abroad, Melanie Rubin shares exactly what women want from men at each step in the dating process. Key points are presented in "Dos" and "Don'ts" boxes with bulleted lists. The range of what women want is illustrated in boxes of "Quotes" from interviewees. 13 "Mastery Topics" help readers fine-tune their dating skills and troubleshoot to reach their goals. A detailed Table of Contents makes it simple to jump directly to any subject of interest. Although the first audience for the book is men, the author believes many

women will find it helpful - to give to male friends or family members, boyfriends or partners - or to read themselves. She says: "Women sometimes don't know what to expect or do when they re-join the dating world after a break. I know I didn't. What Women Really Want from Men helps women learn from other women what they might anticipate at different stages in the dating process. Lots of women also have a hard time understanding where men are coming from - and how guys experience dating and relationships differently - just like men have a hard time understanding how women think and feel about dating and relationships. Much of this information can help people who are already in relationships, since the things that make men and women feel good during dating need to keep happening during a relationship in order for it to be successful. I hope this book will serve as a bridge between men and women, helping with the process of 'cross-cultural communication, ' so that everyone wins." Rubin began work on this book after several years of dating following the end of a long-term relationship. Her intention and hope was to cultivate a better understanding of dating for herself - and, in the process, to help others with dating success - both men and women. The idea for the book came out of a conversation with a guy friend when they were discussing the trials and tribulations of dating. He said: "I don't want to read another book written by a man about dating. Why don't you write one?" Rubin decided to do just that. Reviews of What Women Really Want from Men: A Step-by-Step Dating Manual by Melanie Rubin: "I had both big laughs and sad moments going through the first couple of chapters and getting 'ahas' about past dating and relationships. With this information, maybe it's not too late..." Tom, Albuquerque, New Mexico "Somewhere between rocket science and common sense, this book offers men a practical game plan for successful dating, relationships, and sex. I work with many men who struggle with relationships. Beyond the step-by-step information, Rubin clarifies important psychological concepts, making them accessible for men who are seeking positive results." Don Fineberg, M.D., Psychiatrist, Santa Barbara, California ..".a great resource for men who are getting back into the dating game. If I'd had this after my divorce it would have saved me time and bad decisions." Seth, San Francisco, California

The Story of Art Without Men Penguin

An instant New York Times Bestseller! A no-holds-barred guidebook aimed at white women who want to stop being nice and start dismantling white supremacy from the team behind Race2Dinner and the documentary film, Deconstructing Karen It's no secret that white women are conditioned to be "nice," but did you know that the desire to be perfect and to avoid conflict at all costs are characteristics of white supremacy culture? As the founders of Race2Dinner, an organization which facilitates conversations between white women about racism and white supremacy, Regina Jackson and Saira Rao have noticed white women's tendency to maintain a veneer of niceness, and strive for perfection, even at the expense of anti-racism work. In this book, Jackson and Rao pose these urgent questions: how has being "nice" helped Black women, Indigenous women and other women of color? How has being "nice" helped you in your quest to end sexism? Has being "nice" earned you economic parity with white men? Beginning with freeing white women from this oppressive need to be nice, they deconstruct and analyze nine aspects of traditional white woman behavior--from tone-policing to weaponizing tears--that uphold white supremacy society, and hurt all of us who are trying to live a freer, more equitable life. White Women is a call to action to those of you who are looking to

take the next steps in dismantling white supremacy. Your white supremacy. If you are in fact doing real anti-racism work, you will find few reasons to be nice, as other white people want to limit your membership in the club. If you are not ticking white people off on a regular basis, you are not doing it right.
