Beauty asks for little, finding joy in simple things and the company of her father. The Beast, shut away from the world in his great stone castle, knows only loneliness. Brought together by a stolen

rose, each finds that love may call for sacrifice, but true love can bloom in even the darkest places. Newbery medalist Cynthia Rylant tells a classic tale of bravery and transformation with stunning, lyrical prose, accompanied by Meg Park's soft yet vibrant illustration

## BECOMING BEAUTIFUL

Disney Electronic Content

This is the first published version of Beauty and the Beast, written by the French author Gabrielle-Suzanne Barbot de Villeneuve in the mid-18th century and translated by James Robinson Planch . It is a novel-length story intended for adult readers, addressing the issues of the marriage system of the day in which women had no right to choose their husband or to refuse to marry. There is also a wealth of rich back story as to how the Prince became cursed and revelations about Beauty's parentage, which fail to appear in subsequent versions of the now classic fairy tale.
