This volume provides an up-to-date and comprehensive coverage of second language learning. The focus throughout the book is primarily on language learning, but each chapter also discusses the implications for teaching and assessment, thus informing both understanding and practice. The book contains nine sections, which aim to organise and reflect different dimensions of the diverse and complex scope of learning English as a second or additional language. Four themes which permeate the chapters are: learning and learners; learning and language; learning and language development; learning and learning context. The 36 chapters are up-to-date and authoritative, written by experts in the field. The content is accessibly written, with questions for discussion and follow-up reading suggestions provided.

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

Investment arbitration has become the key forum to settle disputes between investors and the host state. It is not clear from the arbitration agreements which body of law the arbitrators should apply: national or international. This book examines how the legal framework which the arbitral panels operate in influences which body of law they apply.

Since the adoption of the EU Regulation on Insolvency Proceedings in 2000 and its recast in 2015, it has become clear that lawyers engaged in consumer insolvency proceedings are increasingly expected to have a basic understanding of foreign insolvency proceedings, as well as knowledge of the foreign country's court and legal system, legislation and judicial practice. Written by 50 highly qualified insolvency experts from 30 European countries, *A Guide to Consumer Insolvency Proceedings in Europe* provides the necessary information in the largest, most up-to-date and comprehensive book on this topic. Assisting the readers in their navigation through the differences, similarities, and peculiarities of insolvency proceedings in all Member States of the European Union, Switzerland and Russia, this book is a unique guide to insolvency proceedings across Europe. With contributions by both academics and practitioners, it provides truly multinational coverage of the economic, legal, social, political, and demographic issues in consumer insolvency. Illustrating the numerous practices across Europe, this book allows the reader to evaluate each aspect both on its own merits, as well as in comparison to the approaches applied in other European jurisdictions. This book will be an invaluable tool for insolvency practitioners, judges, lawyers, creditors and debtors throughout Europe, especially those participating in cross-border proceedings.
