Bluebird

Marie Kondo's first book, The Life-Changing Magic of Tidying, transformed the homes and lives of millions of people around the world. Spark Joy is her in-depth tidying masterclass, a line-illustrated, room-by-room guide to decluttering and organising your home. It covers every room in the house - from the bedroom and kitchen to the bathroom and living room - as well as all the items that occupy their spaces. Charming line drawings explain how to organise your house and apply Marie Kondo's unique folding method to all your clothes, including shirts, trousers, jackets, skirts, socks and bras. The secret to Marie Kondo's unique and simple KonMari tidying method is to tidy by category and to focus on what you want to keep, not what you want to get rid of. Ask yourself if something 'sparks joy' and suddenly it becomes so much easier to understand if you really need it in your home and your life. Except tidying up is not just about transforming your home: when you surround yourself with things you love, you will find that your whole life begins to change.

Dear Reader, When I got my breast cancer diagnosis, I was immediately inundated with books on Cancer. They terrified me. So, this book...is Not Your Usual Boob. A little informative, a little sarcastic, a little funny—I hope—and a lot real. This is the book I wish I could have read in my time of need. A little bit of what you can expect during your journey, and how to prepare yourself with a healthy mindset and coping skills before they're needed. The #NoFilter is exactly that...no filter on the front cover—me and all my wonkiness with no photoshop—and it's what you'll find inside these pages—including an F-bomb or five. Because more important than shielding myself is being real with you. You may laugh, you may cry, you may want to punch me in the face...but in the end, remember this. If you ever meet me, I'm hugging you. Because that's me. And more than anything, that is the big reason behind this book. I am still ME. And YOU are still YOU. XO ~ MK Meredith

In this prequel to #1 New York Times bestselling phenomenon *They Both Die at the End*, two new strangers spend a life-changing day together after Death-Cast first makes their fateful calls. It's the night before Death-Cast goes live, and there's one question on everyone's mind: Can Death-Cast actually predict when someone will die, or is it just an elaborate hoax? Orion Pagan has waited years for someone to tell him that he's going to die. He has a serious heart condition, and he signed up for Death-Cast so he could know what's coming. Valentino Prince is restarting his life in New York. He has a long and promising future ahead and he only registered for Death-Cast after his twin sister nearly died in a car accident. Orion and Valentino cross paths in Times Square and immediately feel a deep connection. But when the first round of End Day calls goes out, their lives are changed forever—one of them receives a call, and the other doesn't. Though neither boy is certain how the day will end, they know they want to spend it together...even if that means their goodbye will be heartbreaking. Told with acclaimed author Adam Silvera's signature bittersweet touch, this story celebrates the lasting impact that people have on each other and proves that life is always worth living to the fullest.

The only domestic bible you'll need. There is nothing more satisfying than a beautifully organised home! say the #homeinspo influencers. In an era of decluttering gurus, cleaning bloggers and aspirational pantries, Kerri Sackville has studied the evidence and declared, 'Nah, way too much trouble.' Instead, she has embraced domestic imperfection and discovered the life-changing magic of letting your standards slip. In this, her magnum opus, Kerri explains why cleanliness is not next to godliness, why decluttering is the enemy of joy and why no-one cares about your messy bedroom. With affirmations for the mess-challenged (#DisarrayIsOkay!), cleaning hacks that actually work (\*Don't Have Children), and recipes for people who hate washing up (Step One: download a meal delivery app), this book will inspire you to tear off those rubber gloves, put down the sponge and take a nap.
