---

HarperCollins

Miscast in the media for nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be

full of social pitfalls and peril.

*The Case of the Murderous Dr. Cream*  
Thomas & Mercer

Desert Lake is a book combining artistic, scientific and Indigenous views of a striking region of north-western Australia. Paruku is the place that white people call Lake Gregory. It is Walmajarri land, and its people live on their Country in the communities of Mulan and Billiluna. This is a story of water. When Sturt Creek flows

from the north, it creates a massive inland Lake among the sandy deserts. Not only is Paruku of national significance for waterbirds, but it has also helped uncover the past climatic and human history of Australia. Paruku's cultural and environmental values inspire Indigenous and other artists, they define the place as an enduring home, and have led to its declaration as an Indigenous Protected Area. The Walmajarri people of Paruku

understand themselves in relation to Country, a coherent whole linking the environment, the people and the Law that governs their lives. These understandings are encompassed by the Waljirri or Dreaming and expressed through the songs, imagery and narratives of enduring traditions. Desert Lake is embedded in this broader vision of Country and provides a rich visual and cross-cultural portrait of an extraordinary part of Australia.

*The Escape of Jack the Ripper* Chivers  
 Certain criminal cases have a life of their own. Despite the passage of years they continue their hold on the public imagination, either because of the personalities involved, the depravity of the crime, doubts over whether justice was done, or the tantalizing fact that no one was ever caught... Now John Douglas, the foremost investigative analyst and criminal profiler of our time, turns his attention to eight of the greatest mysteries in the history of crime, including those of Jack the Ripper, The Boston Strangler and JonBenet Ramsey. Taking a fresh look at the established facts, Douglas and Olshaker dismantle the conventional wisdom regarding these

most notorious of crimes and rebuild them - with astonishing results.

*Charlie the Choo-Choo* Penguin  
 "Agatha Christie must surely be the most imitated author in the entire canon of literature - what greater acclaim could there be?" -Peter James Paul Renault  
 sends for Hercule Poirot, who arrives to find his host dead in a newly dug grave. Can the master sleuth sort through a bewildering array of clues and outfox an unfriendly police officer to find the almost perfectly hidden identity of the murderer? Agatha Christie's legendary sleuth Hercule Poirot returns only to find his would-be employer slain, too many suspects, and his refined investigative technique dismissed by the detective leading the local police investigation. The two butt heads, competing to solve the crime until a second corpse turns up, slain in the exact same fashion as the first. It takes Poirot's razor-keen insight and deep knowledge of the history of crime to tie both killings to another as he brilliantly works toward an unexpected conclusion. Upon its original publication in 1923, the novel was greeted with great acclaim as a superbly structured mystery that was all

but certain to baffle readers. This, the second investigation of Hercule Poirot, follows *The Mysterious Affair at Styles*, which is also available from Mint Editions. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Murder on the Links* is both modern and readable.

### **100 PROVOCATIVE STATEMENTS ABOUT PORTRAIT OF A KILLER**

Pen and Sword True Crime

The solution is finally revealed to the most notorious crime story of all. The person identified in this book as the killer of five women in London's East End in 1888 has never before been named a suspect in more than 100 years of intense speculation—and yet clear evidence connects him to three of the five victims, and circumstantial evidence connects him to the other two. Tony Williams did not set out to find Jack the Ripper, but when researching his family history he uncovered incontrovertible evidence that his illustrious ancestor John Williams—still venerated today, and an eminent man in his field—is indeed Jack the Ripper. Together, the authors prove not only that

their suspect had links with the victims, but that he was in Whitechapel at the same time as the crimes were committed, and he had the knowledge and the skills which the nature of the murders required. At last, the legend and myths surrounding the identity of Jack the Ripper have been brought to an end.

### THE FORGOTTEN VICTIMS

Createspace Independent Publishing Platform

Patricia Cornwell turns her trademark skills in meticulous research and scientific expertise to the case of Jack the Ripper. Using modern forensic investigation to re-examine the evidence she is able to reveal the true identity of this elusive madman.

Paradise Theater John Wiley & Sons

An astonishing portrait of a murderer and his complex relationship with a crusading journalist Michael Ross was a serial killer who raped and murdered eight young women between 1981 and 1984. In 2005, the state of Connecticut put him to death by lethal injection. His crimes were horrific, and he paid the ultimate price for them. When journalist Martha Elliott first heard of Ross, she learned what the world

knew of him—that he had been a master at hiding in plain sight. Elliott, a staunch critic of the death penalty, was drawn to the case when the Connecticut Supreme Court overturned Ross’s six death sentences. Rather than fight for his life, Ross requested that he be executed because he didn’t want the families of his victims to suffer through a new trial. Elliott was intrigued and sought an interview. The two began a weekly conversation—and developed an odd form of friendship—that lasted over a decade, until Ross’s last moments of life. Over the course of his twenty years in prison, Ross had come to embrace faith for the first time in his life. He had also undergone extensive medical treatment. The Michael Ross whom Elliott knew seemed to be a different man from the monster who was capable of such heinous crimes. This Michael Ross made it his mission to share his story with Elliott in the hopes that it would save lives. He was her partner in unlocking the mystery of his own evil. In *The Man in the Monster*, Martha Elliott gives us a groundbreaking look into the life and motivation of a serial killer.

Drawing on a decade of conversations and

letters between Ross and the author, readers are given an in-depth view of a killer’s innermost thoughts and secrets, revealing the human face of a monster—without ignoring the horrors of his crimes. Elliott takes us deep into a world of court hearings, tomblike prisons, lawyers hell-bent to kill or to save—and families ravaged by love and hate. This is the personal story of a journalist who came to know herself in ways she could never have imagined when she opened the notebook for that first interview. Praise for *The Man in the Monster*: “Sturdily written and well researched . . . The book will appeal to those curious about why killers kill, and those who can stomach what they learn.” —The Boston Globe “A fascinating, in-depth analysis for true-crime buffs, sociologists, and others grappling with nearly impossible-to-comprehend actions and their consequences.” —Booklist

*The Five Lennex*

A portrait of the wife of the evangelist, Billy Graham, recounts Ruth Graham's impoverished childhood in China, her religious development, and her influence on her famous husband

**Jack The Ripper** Scholastic Inc.

Using the firsthand expertise she has gained through writing the bestselling Dr Kay Scarpetta novels, Patricia Cornwell has used the demanding methods of modern forensic investigation to re-examine the contemporaneous evidence in the Jack the Ripper murders. These include state-of-the-art DNA testing on various materials, computer enhancement of watermarks and expert examinations of hand-writing, paper, inks and other relics. She has also used her knowledge of profiling on the possible suspects, as well as consulting experts in the field. On presenting her conclusions to a very senior Metropolitan Police officer she learned that had the investigators of the time been presented with the facts she has unearthed her suspect would definitely have been arrested and would probably have faced trial. In the first edition of this book Patricia Cornwell named the killer as the artist, Walter Sickert. This paperback includes even more evidence for her compelling and credible conclusion. **THE SECRET LIFE OF WALTER SICKERT**

Chicago Review Press

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

*15 Famous Serial Killers True Crime Stories That Shocked the World* Random House

Now updated with new material that brings the killer's picture into clearer focus. In the fall of 1888, all of London was held in the grip of unspeakable terror. An elusive madman calling himself Jack the

Ripper was brutally butchering women in the slums of London's East End. Police seemed powerless to stop the killer, who delighted in taunting them and whose crimes were clearly escalating in violence from victim to victim. And then the Ripper's violent spree seemingly ended as abruptly as it had begun. He had struck out of nowhere and then vanished from the scene. Decades passed, then fifty years, then a hundred, and the Ripper's bloody sexual crimes became anemic and impotent fodder for puzzles, mystery weekends, crime conventions, and so-called "Ripper Walks" that end with pints of ale in the pubs of Whitechapel. But to number-one New York Times bestselling novelist Patricia Cornwell, the Ripper murders are not cute little mysteries to be transformed into parlor games or movies but rather a series of terrible crimes that no one should get away with, even after death. Now Cornwell applies her trademark skills for meticulous research and scientific expertise to dig deeper into the Ripper case than any detective before her—and reveal the true identity of this fabled Victorian killer. In *Portrait of a Killer: Jack the Ripper, Case Closed*, Cornwell

combines the rigorous discipline of twenty-first century police investigation with forensic techniques undreamed of during the late Victorian era to solve one of the most infamous and difficult serial murder cases in history. Drawing on unparalleled access to original Ripper evidence, documents, and records, as well as archival, academic, and law-enforcement resources, FBI profilers, and top forensic scientists, Cornwell reveals that Jack the Ripper was none other than a respected painter of his day, an artist now collected by some of the world's finest museums: Walter Richard Sickert. It has been said of Cornwell that no one depicts the human capability for evil better than she. Adding layer after layer of circumstantial evidence to the physical evidence discovered by modern forensic science and expert minds, Cornwell shows that Sickert, who died peacefully in his bed in 1942, at the age of 81, was not only one of Great Britain's greatest painters but also a serial killer, a damaged diabolical man driven by megalomania and hate. She exposes Sickert as the author of the infamous Ripper letters that were written to the Metropolitan Police and the press. Her

detailed analysis of his paintings shows that his art continually depicted his horrific mutilation of his victims, and her examination of this man's birth defects, the consequent genital surgical interventions, and their effects on his upbringing present a casebook example of how a psychopathic killer is created. New information and startling revelations detailed in *Portrait of a Killer* include: - How a year-long battery of more than 100 DNA tests—on samples drawn by Cornwell's forensics team in September 2001 from original Ripper letters and Sickert documents—yielded the first shadows of the 75- to 114 year-old genetic evid...

Lord of the Flies Bloomsbury Publishing  
He was young, handsome, highly educated in the best English schools, a respected professional and a first-class amateur athlete. He was also a serial killer, the Victorian equivalent of the modern-day Ted Bundy. His name was Montague Druiitt—also known as “Jack the Ripper.” His handiwork included the slaughter of at least five women of ill repute in the East End of London—an urban hell where women sold themselves for a stale crust of

bread. His likely motivation for the location of his murders was to call attention to the atrocious conditions in which East Enders lived, just blocks from upper-class London's wealth and opulence. This book, compiled from years of meticulous research, presents the thinking behind the murders, the man behind the moniker, and the circumstances behind his demise. In *The Escape of Jack the Ripper*, readers will learn: How a blood-stained Druiitt was arrested yet bluffed his way to freedom by pretending to be a medical student helping the poor How Druiitt confessed to his cousin, an Anglican priest How Druiitt's family placed him in a private, expensive asylum in France, only for him to flee when a nurse blew the whistle How Druiitt's identity was concealed by his well-connected friends and family, thus hatching the mystery of Jack the Ripper This fascinating story is revealed fully for the first time with many never-before-published photographs, including the newly discovered, last-known image of Druiitt. The serial killer of 1888 was not poor, not foreign, not unknown. He was M.J. Druiitt—the best of Britain. The Untold Lives of the Women Killed by

Jack the Ripper Waterbrook Press  
 Portrait Of A Killer: Jack The Ripper -- Case Closed Penguin  
*In His Own Words, The Confession of the World's Most Infamous Killer* Penguin  
 "A tense and beautiful tale about the monsters we make and the memories that haunt us." --Kate Alice Marshall, author of *I Am Still Alive* and *Rules for Vanishing* Rose Colter is almost home, but she can't go back there yet. When her car breaks down in the Nevada desert, the silence of the night is broken by a radio broadcast of a voicemail message from her best friend, Gaby. A message Rose has listened to countless times over the past year. The last one Gaby left before she died. So Rose follows the lights from the closest radio tower to Lotus Valley, a small town where prophets are a dime a dozen, secrets lurk in every shadow, and the diner pie is legendary. And according to Cassie Cyrene, the town's third most accurate prophet, they've been waiting for her. Because Rose's arrival is part of a looming prophecy, one that says a flood will destroy Lotus Valley in just three days' time. Rose believes if the prophecy comes true then it will confirm her worst fear--the

PTSD she was diagnosed with after Gaby's death has changed her in ways she can't face. So with help from new friends, Rose sets out to stop the flood, but her connection to it, and to this strange little town, runs deeper than she could've imagined. Debut author Rebecca Mahoney delivers an immersive and captivating novel about magical places, found family, the power of grief and memory, and the journey toward reconciling who you think you've become with the person you've been all along.

### PORTRAIT OF A KILLER

Penguin  
 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Portrait of a Killer: Jack the Ripper - Case Closed." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next

five minutes. 3. You've heard it all.

**The Suspects** Algonquin Books  
 Susie Salmon is just like any other young American girl. She wants to be beautiful, adores her charm bracelet and has a crush on a boy from school. There's one big difference though - Susie is dead. Add: Now she can only observe while her family manage their grief in their different ways. Susie is desperate to help them and there might be a way of reaching them... Alice Sebold's novel *The Lovely Bones* is a unique coming-of-age tale that captured the hearts of readers throughout the world. Award-winning playwright Bryony Lavery has adapted it for this unforgettable play about life after loss. Jack the Ripper - Case Closed Penguin  
 The definitive investigation, "full of colorful details and sensational speculations—for those who enjoy whodunits with a bit of real history" (Book News). For more than a hundred and twenty years, the identity of the Whitechapel murderer known to us as Jack the Ripper has both eluded us and spawned a veritable industry of speculation. This book names him. Mad doctors, Russian lunatics, bungling midwives, railway policemen, failed

barristers, weird artists, royal princes, and white-eyed men. All of these and more have been put in the frame for the Whitechapel murders. Where ingenious invention and conspiracy theories have failed, common sense has floated out of the window. M. J. Trow, in this gripping historical reinvestigation, cuts through the fog of speculation, fantasy, and obsession that has concealed the identity of the

most famous serial murderer of all time.

*Chaos* Simon and Schuster  
True crime anthology that takes a closer look at some of the worst of the worst serial killers.

**The Lovely Bones** Simon and Schuster  
After finding a tin can without a label on it, curious twelve-year-old Fergal Bamfield opens it to discover a desperate message for help that inspires Fergal and his friend, Charlotte, to venture out on a strange

adventure that ends up being zanier than either could have ever imagined.

**The Cases That Haunt Us** Simon and Schuster

Examines the century-old series of murders that terrorized London in the 1880s, drawing on research, state-of-the-art forensic science, and insights into the criminal mind to reveal the true identity of the infamous Jack the Ripper.
